La lumere as lais: Introduction, notes and glossary Pierre (de Peckham),1996 *La lumere as lais: Text (1-7052)* Pierre (de Peckham),2000 **The Dynamics of the Medieval Manuscript** Karen Pratt,Bart Besamusca,Matthias Meyer,Ad Putter,2017-07-17 This collection of essays examines the various dynamic processes by which texts are preserved transmitted and modified in medieval multi text codices focusing on the meanings generated by new contexts and the possible reader experiences provoked by novel configurations and material presentation Containing essays on text collections from many different European countries and in a wide range of medieval languages this volume sheds new light on common trends and regional differences in the history of book production and reading practices **La lumere as lais: Text (1-7052). 2. Text (7053-end). 3. Introduction, notes and glossary** Pierre (de Peckham),1996 **La lumere as lais** Pierre (de Peckham),1996 Manuals for Penitents in Medieval England Krista A. Murchison,2021 First comprehensive survey of a major genre of medieval English texts its purpose characteristics and reception The bestseller list of medieval England would have included many manuals for penitents works that could teach the public about the process of confession and explain the abstract concept of sin through familiar situations Among these bestselling works were the Manuel des p ch s commonly known through its English translation Handlyng Synne The Speculum Vitae and Chaucer s Parson s Tale This book is the first full length overview of this body of writing and its material and social contexts It shows that while manuals for penitents developed under the Church s control they also became a site of the Church s concern Manuals such as the Compileison which was addressed to a much broader audience than its English analogue Ancrene Wisse brought learning that had been controlled by the Church into the hands of layfolk and in so doing raised significant concerns over who should have access to knowledge Clerics worried that these manuals might accidentally teach people new sins remind them of old ones or become sites of prurient interest This finding and others explored in this book call for a new awareness of the complications and contradictions inherent in late medieval orthodoxy and reveal plainly that even writing that happened firmly within the Church s control could promote new and complex ways of thinking about religion and the self **Current Contents. Identità linguistiche e letterarie nell'Europa romanza Alberto V rvaro,2004 Nel corso della sua intensa attivit di docente e di studioso Alberto V rvaro ha indagato con un rigore metodologico e un originalit critica fuori dal comune le tradizioni linguistiche e letterarie del mondo romanzo soprattutto di et medievale una selezione dei suoi scritti rappresentativa per quanto possibile della pluralit d interessi dell autore viene ora riproposta in un unico volume completo di Indici analitici e di Bibliografia Questa iniziativa nata come omaggio all autore in occasione dei suoi settant anni offre la possibilit di accedere a testi dispersi e talora scarsamente reperibili e di ripercorrere alcuni momenti significativi nell

itinerario intellettuale di uno dei maggiori filologi contemporanei Un itinerario di grande ricchezza e vivacità che spazia dalla genesi delle lingue romanze alla storia linguistica della Sicilia e dell'Italia meridionale alle vicende del maltese e del giudeo spagnolo dall'elaborazione e fruizione di testi epici lirici e narrativi di area iberica francese e italiana ai temi folclorici che in essi saltuariamente affiorano fino ai problemi cruciali nella critica del testo il lavoro del copista il concetto stesso di autore di un testo medievale Il tutto condito da una continua attenzione al contesto cioè alla storia sociale e culturale del tempo e dell'ambiente in cui i testi vengono prodotti e utilizzati e da un'istintiva diffidenza per le idee e le usanze per i luoghi comuni del sapere linguistico letterario e filologico che spesso ottendono la nostra capacità di comprensione del reale
