**Lab Manual to accompany Essentials of Biology** Sylvia Mader, 2006-05-22 The Laboratory Manual to accompany Sylvia Mader's Essentials of Biology reflects all of the exceptional features of the Essentials of Biology text. Instructors appreciate the refined exercises that are so numerous you won't need to look anywhere else for student activities. Author Sylvia Mader's writing in the laboratory manual just as in the text emphasizes clarity with carefully worded study questions that are direct in their intent and purpose. The lab manual's accessible writing accompanies unparalleled illustrations to provide students with clear exercises and questions. The visuals have been updated to be even easier for students both majors and non majors to comprehend. The dramatic illustrations and photographs not only help students understand concepts and process but also give them an appreciation for the beauty of organisms and biological structure. McGraw Hill's Biology Digitized Video Clips on the accompanying DVD will capture students interest while illustrating key biological concepts and processes.
