Lessons Learned On My Way Home:

Lessons Learned on My Way Home Gloria Lewis-Vaughn, 2003-02-28 *Lessons Learned on My Way Home* is the autobiography of Gloria Lewis Vaughn. *Lessons* allows the reader to visit some of the rooms of Gloria's life to experience through her story the joys of childhood once again to cheer as like the Phoenix she rises from the snare of addiction to the heights of redemption while sharing universal lessons learned along the way. *Lessons* gives the glory to God and to the reader valuable glimpses of practical application. From forgiveness to deliverance to gratitude and beyond, *Lessons* holds the mirror and gives not only a look at the author but a glimpse of oneself as well. Gloria Lewis Vaughn reflects her rich experience growing up in a large family with strong parents. She captivates the reader with her passionate account of a wavering soul who initially resisted God's special calling. Her work is beautiful. James Patterson, Editorial Writer, Indianapolis Star. Vaughn's first work is a sparkling account of one woman's attempt to find her life in the modern urban wilderness. Her memory of family sustains her through great peril and she engagingly recollects scenes of her home during childhood. With verve and wholehearted enthusiasm she sets out on the ancient path taken by Augustine, Francis of Assisi, and St. John of the Cross. Vaughn's street-wise savvy gets tangled up with her burning quest for God in ways that are both hilarious and awe-inspiring. Robert Coalson, Editor, Broad Ripple Laser Type.

and paradoxes inherent in the lives of women who as artists and academics seek to connect their personal and professional lives in their work. It explores how creativity and the pursuit of self knowledge relate to their lives and arises from the author's own experience as a woman writer and academic. Inquiries into creativity and feminist critical and cultural theory provide the framework for examining how the identity of the female artist is shaped within the patriarchal institution of academia. These inquiries allow a deeper understanding of the impact of this institution on the life and work of the female artist both within and beyond academia. As an auto ethnographic study, Kamanos' distinctive voice is developed through narratives, journals, letters, and a development of personal metaphors as well as with a dialogue with others. As performative text, the narratives map a process of transformation that traces the artist's path from silence to voice. This book has important implications for women in higher education as self study is revealed to be an essential methodological instrument for the articulation of alternative authentic perspectives of marginalized and under represented women. Moreover, the acknowledgement of the academic artist paradigm in teacher education opens the path for a re viewing of the metaphors of self denial, impersonation, and masks that are part of the landscape of teacher knowledge. *The Way Home* Henry Dunow, 2002-05-14. Presents the story of the author's journey of discovery as he coaches his son's Little League team on Manhattan's Upper West Side and shares his observations about parenthood, Jewishness, urban life, and the culture of competition among men and boys.
