Lebon Commentary:

Hosea: A Textual Commentary Mayer I. Gruber, 2017-07-27 Mayer I Gruber provides a new commentary on and translation of Hosea Building upon his work that debunked the myth of sacred prostitution Gruber now goes on to show that the book of Hosea repeatedly advocates a single standard of marital fidelity for men and women and teaches cheated women to fight back Gruber employs the latest and most precise findings of lexicography and poetics to solve the difficulties of the text and to determine both how Hosea can be read and what this means The translation differs from classical and recent renderings in eliminating forms and expressions which are neither modern English nor ancient Hebrew Referring to places events and material reality of the 9th and 8th centuries BCE Gruber uncovers the abiding messages of the heretofore obscure book of Hosea As in previous studies Gruber employs the insights of behavioral sciences to uncover forgotten meanings of numerous allusions idioms similes and metaphors Judicious use is made also of textual history reception history and personal voice criticism One of the least biblical books now speaks more clearly to present and future audiences than it did to many previous audiences *The Way of Lovers: The Oxford Anonymous Commentary on the Song of Songs (Bodleian Library, MS Opp. 625)* Sara Japhet, Barry Dov Walfish, 2017-06-12 This extraordinary commentary by a late twelfth century anonymous northern French exegete interprets the Song of Songs solely according to its plain meaning as a story of two young lovers and their developing relationship The exegete pays attention to every detail of the text offering many enlightening insights into its meaning all the while expanding upon the way of lovers the ways that young people in love go about their lovemaking The French background of the exegete is made clear by numerous references to knights coats of arms weapons chivalry and of course wine drinking The edition is accompanied by an English translation and extensive introduction which analyzes the various linguistic literary and exegetical features of the text *Commentary on Psalms 1-81* Theodore (Bishop of Mopsuestia), 2006 Brian Evans blends memoir and history to draw a vivid picture of China and its cultural outreach over the past three decades His historical and sociological insights as student scholar and administrator form an authentic commentary as he discusses China and the Cold War the Cultural Revolution the post Mao transformation of China Canada's relations with China the cultural impact of the overseas Chinese community on the Canadian Prairies development of China studies in Canada and elsewhere the current impact of China on Canadian higher education and recent Chinese history seen within a broader context With this book Evans seeks to make a contribution to the understanding of the nature and wide range of Canada China relations an area in which he himself has played a role *Global Forum on Transparency and Exchange of Information for Tax Purposes: Lebanon 2019 (Second Round) Peer Review Report on the Exchange of Information on Request* OECD, 2019-07-30 This report contains the 2019 Peer Review Report on the Exchange of Information on Request of Lebanon **An Old Testament Commentary for English Readers: Jeremiah, Lamentations, Ezekiel, Daniel, Hosea, Joel, Amos, Obadiah, Jonah, Micah, Nahum, Habakkuk, Zephaniah, Haggai, Zechariah, Malachi**

Charles John Ellicott, 1897 *The Special Tribunal for Lebanon* Amal Alamuddin, Nidal Nabil Jurdi, David Tolbert, 2014-03-27
This book provides a full analytical overview of the establishment and functioning of the Special Tribunal for Lebanon the newest and most controversial of the UN sponsored international criminal courts In 2005 Lebanese Prime Minister Rafic Hariri was assassinated in a huge blast that reverberated across Lebanon and the region The Tribunal was established with a mandate to try the perpetrators of the Hariri killing as well as those responsible for other killings that are connected to this core crime Individuals associated with the Hezbollah group have been indicted to be tried in the court in The Hague but in their absence as their locations are unknown The Tribunal is the UN's first attempt at addressing terrorism in an international criminal court and the first attempt to set up international trials following crimes committed in the Middle East region The court's narrow mandate and unique procedures have led many to question what kind of precedent it will set in a volatile region This book looks at how the court was established its foundational principles based on the Statute of the International Criminal Court and Lebanese domestic law and the possible further development of its case law It provides an authoritative guide to the procedure of the Tribunal the status of the Registry the rights of suspects and accused trials in absentia and the regulation of the conduct of counsel drawing on comparisons to other international courts The authors include those involved in setting up the court prosecutors defence counsel for the suspects as well as judges and academic commentators who are experts on the issues covered in the book They provide a probing insight into how the Tribunal came into being its challenges controversies and its achievements to date Emanuel Shalom M. Committee on International Relations, 1998 *UN Peacekeeping in Lebanon, Somalia and Kosovo* Ray Murphy, 2007-05-10
The concept of UN peacekeeping has had to evolve and change to meet the challenges of contemporary sources of conflict consequently peacekeeping operations have grown rapidly in number and complexity This book examines a number of issues associated with contemporary multinational peace operations and seeks to provide insights into the problems that arise in establishing and deploying such forces to meet the challenges of current conflicts The focus of the book is three case studies Lebanon Somalia and Kosovo involving a comparative analysis of the traditional peacekeeping in Lebanon the more robust

peace enforcement mission in Somalia and the international administration undertaken on behalf of the international community in Kosovo The book analyses the lessons that may be learned from these operations in terms of mandates command and control use of force and the relevance of international humanitarian and human rights law to such operations

Flooding South Lebanon Israel's Use of Cluster Munitions in Lebanon in July and August 2006 Bonnie Lynn Docherty, 2008 In this 131 page report Human Rights Watch found that Israel violated international humanitarian law in its indiscriminate and disproportionate cluster munition attacks on Lebanon The report provides the most comprehensive and detailed account yet of the nature and impact of Israel's use of cluster munitions Publisher's website [A Commentary on the Holy Scriptures](#) Johann Peter Lange, Philip Schaff, 1870 [A Commentary on the Holy Scriptures: Critical, Doctrinal, and Homiletical](#) Johann Peter Lange, Philip Schaff, 1870 *An Old Testament commentary for English readers, by various writers, ed. by C.J. Ellicott* Charles John Ellicott (bp. of Gloucester), 1884 **Martyr Cults and Political Identities in Lebanon** Sabrina Bensen, 2019-10-24 Sabrina Bensen sheds light on political cults of martyrs in Lebanon and reconsiders the context of their emergence development and distinct characteristics since 1920 She examines how the honouring of martyrs became an established practice in Lebanese politics and is crucial to grasp the logic of violence and conflict Drawing on the case of the Amal movement the author analyses central narratives to the group's discourse and practices concerning martyrdom to show how identity construction and strategies of legitimizing power are intertwined Moreover the book provides insides into political competition strategies especially in regards to the two major Shi'ite political actors Amal and Hizbullah and takes a new look on martyrdom by going beyond cultural religious explanations [The Counts of Tripoli and Lebanon in the Twelfth Century](#) Kevin James Lewis, 2017-04-21 The county of Tripoli in what is now North Lebanon is arguably the most neglected of the so called crusader states established in the Middle East at the beginning of the twelfth century The present work is the first monograph on the county to be published in English and the first in any western language since 1945 What little has been written on the subject previously has focused upon the European ancestry of the counts of Tripoli a specifically Southern French heritage inherited from the famous crusader Raymond IV of Saint Gilles Kevin Lewis argues that past historians have at once exaggerated the political importance of the counts French descent and ignored the more compelling signs of its cultural impact highlighting poetry composed by troubadours in Occitan at Tripoli's court For Lewis however even this belies a deeper understanding of the processes that shaped the county What emerges is an intriguing portrait of the county in which its rulers struggled to exert their power over Lebanon in the face of this region's insurmountable geographical forces and its sometimes bewildering always beguiling diversity of religions languages and cultures The counts of Tripoli and contemporary Muslim onlookers certainly viewed the dynasty as sons of Saint Gilles but the county's administration relied upon Arabic its stability upon the mixed loyalties of its local inhabitants and its very existence upon the rugged mountains that cradled it This book challenges prevailing knowledge of this little known crusader

state and by extension the medieval Middle East as a whole **Isaiah 1-39** Steven A. McKinion, Thomas C. Oden, 2014-02-19

For the early church fathers the prophecy of Isaiah was not a compendium of Jewish history or theology but an announcement of the coming Messiah fulfilled in the life and ministry of Jesus of Nazareth In this ACCS volume readers will find commentary on Isaiah 1-39 ranging from East to West and from the first through the eighth centuries **Lebanon** Eyal Zisser, 2000-02-28

The first decade of independence 1943-1952 was crucial to the political history of Lebanon following the creation of the state in 1920 and the subsequent years of French tutelage This period is defined by the presidency of Bishara al Khuri the first elected president a founding father who played a vital part in forming the distinctive character of the Lebanese state and in Lebanon's later history both rich and successful and troubled and tragic During this period the old order in Lebanon shaped over centuries clashed with a new order transforming Lebanese politics and society Khuri's task was to protect Lebanon's fragile independence and to try to ensure political stability among warring factions strife which in 1975 erupted in civil war causing immense disruption and suffering in Lebanon and with deep and widespread national and international effect This study draws on a wide range of primary and secondary sources including official state papers and private collections from Britain France the USA Lebanon and Israel

The Middle East is a key geopolitical strategic region in the international system but its distinctive cultural and political divisions present a mosaic of states that do not lend themselves to simplistic interpretations A thoughtful analysis of the Middle East requires an understanding of the synergism between tradition and modernity in the region as it adapts to a globalizing world Religious education and activism continue to remain a significant factor in the modernization process and the development of modern governance in the states of the Middle East This interdisciplinary book explores the historical and contemporary role of religious tradition and education on political elites and governing agencies in several major states as well as generally in the region The relationship between democracy and authority is examined to provide a better understanding of the complexity underlying the emergence of new power configurations As the region continues to respond to the forces of change in the international system it remains an important and intriguing area for analysts
