Guide to Viet Cong Boobytraps & Explosive Devices United States. Department of the Army,1978 **The Guide to Viet Cong Booby Traps and Explosive Devices** United States. Department of the Army,1966 *Vietnam War Booby Traps* Gordon L. Rottman,2020-10-29 During the Vietnam War the Viet Cong were frequently unable to hold their own in stand up fights against US and allied forces who were superior in strength firepower mobility and logistics They relied instead on traditional guerrilla warfare tactics including small scale hit and run attacks ambushes terrorist actions and precision attacks against bases These included one of the oldest of guerrilla weapons the boobytrap Booby traps could be made in large numbers in village workshops and jungle camps using locally available materials as well as modern munitions The VC were adept at making booby traps invisible in the varied terrain of Vietnam often emplacing them in locations and surroundings totally unexpected by their enemies Booby traps could be incredibly simple or startlingly complex and ingenious ranging from pointed sticks to command detonated submerged floating river mines Besides a wide variety of booby traps they also used land and water mines both contact pressure detonated and command detonated Between January 1965 and June 1970 11 percent of US troop deaths in action and 17 percent of injuries were by caused booby traps and mines This fascinating title explores not only the wide variety of booby traps employed by the Viet Cong but also their various uses in halting stalling or locating an enemy and the many evolutions these traps underwent in order to retain the element of surprise Written by a Vietnam veteran with first hand experience of such traps this is an engaging look at one of the most frightening aspects of guerrilla warfare **Rookie Cop** Richard Rosenthal,2000 The Jewish Donnie Brasco An untrained New York City cop infiltrates Meir Kahane s Jewish Defense League *Vietnam Studies, Tactical and Material Innovations, 1974* United States. Army Department,1974 *Vietnam: Naval and Riverine Weapons* Philip Gutzman,2010-01-22 This book contains descriptions of all of the naval and riverine weapons used by both sides during the Vietnam War It also includes the dates that most major weapons were involved *Malice Aforethought* Ian Jones,2021-06-02 War has always provided a stimulus to technological development and throughout the twentieth century this new technology was harnessed to produce increasingly deadly and malicious types of explosives in the form of booby traps mines delayed action devices and mobile charges Designed constructed or adopted to kill or injure these lethal mechanisms function when a person disturbs or approaches a seemingly harmless object or performs an apparently safe act In other instances they are set off by remote control or automatically after a lapse of time Fully illustrated with diagrams and photographs *Malice Aforethought* traces the design deployment and effectiveness of these deadly devices throughout both world wars to the Vietnam War Expertly and compellingly written this unique study is a tribute to the brave men who risked their lives daily to neutralise the booby traps laid in the dimly lit dugouts of the Western Front on the beaches of Normandy or in the dark and dangerous tunnels of Chu Chi **Congressional Record** United States.
