a debilitating defeat which instead led to the Europeans being encircled in the surrounding hills besieged by heavy artillery overrun and defeated Making expert use of recently unearthed or released information Morgan reveals the inner workings of the American effort to aid France with Eisenhower secretly disdainful of the French effort and prophetically worried that no military victory was possible in that type of theater Morgan paints indelible portraits of all the major players from Henri Navarre head of the French Union forces a rigid professional unprepared for an enemy fortified by rice carried on bicycles to his commander General Christian de Castries a privileged miscast cavalry officer and General Vo Nguyen Giap a master of guerrilla warfare working out of a one room hut on the side of a hill Most devastatingly Morgan sets the stage for the Vietnam quagmire that was to come Superbly researched and powerfully written Valley of Death is the crowning achievement of an author whose work has always been as compulsively readable as it is important International Law Reports E.
