Language And Ethnicity In Minority Sociolinguistic Perspective:

Language and Ethnicity in Minority Sociolinguistic Perspective Joshua A. Fishman, 1989 This is a selection of Professor Fishman's writings during the past two decades on language and ethnicity in minority perspective concentrating on six major topics each of which is prefaced by a specially written introduction

Handbook of Language & Ethnic Identity Joshua A. Fishman, Ofelia García, Oxford University Press, 2010 This volume presents a comprehensive introduction to the connection between language and ethnicity

Language and Minority Rights Stephen May, 2013-06-17 The second edition addresses new theoretical and empirical developments since its initial publication including the burgeoning influence of globalization and the relentless rise of English as the current world language May's broad position however remains largely unchanged He argues that the causes of many of the language based conflicts in the world today still lie with the nation state and its preoccupation with establishing a common language and culture via mass education The solution he suggests is to rethink nation states in more culturally and linguistically plural ways while avoiding at the same time essentializing the language identity link This edition like the first adopts a wide interdisciplinary framework drawing on sociolinguistics applied linguistics sociology political theory education and law It also includes new discussions of cosmopolitanism globalization the role of English and language and mobility highlighting the ongoing difficulties faced by minority language speakers in the world today

Language Loyalty, Continuity and Change Rakhmiel Peltz, Harold F. Schiffman, 2006-01-01 This short volume provides a comprehensive and synoptic view of Joshua A. Fishman's contributions to international sociolinguistics The two integrative essays provide readers with the essential understandings of Fishmanian sociolinguistics and his contributions to Yiddish scholarship An up to date comprehensive bibliography prepared by Gella Schweid Fishman as well as Fishman's own concluding sentiments complement the integrative essays

Minority Languages and Cultural Diversity in Europe Konstanze Glaser, 2007-01-01 This book engages critically with debates about linguistic continuity and cultural survival in relation to Europe's autochthonous minorities Focusing on Scotland's Gaels and Lusatia's Sorbs/Wends it analyses and evaluates competing assumptions rationales and ideologies which have shaped previous and present language revitalisation initiatives and that continue to pose dilemmas to language planners and politicians in the UK Germany and beyond

Sociolinguistic Perspectives : Papers on Language in Society, 1959-1994 Charles A. Ferguson Professor of Linguistics Stanford University (Emeritus), 1996-01-18 The work of the linguist Charles A. Ferguson spans more than three decades and is remarkable for having been consistently at the forefront of scholarship on the relationship between language and society This volume collects his most influential and seminal papers each having expanded the parameters of sociolinguistics and the sociology of language Taken together they cover a wide range of topics and issues and more importantly reflect the intellectual progress of a founder of the sociolinguistic field The volume is divided thematically into four sections and an introduction by Thom Huebner outlines the evolution of Ferguson's ideas and the impact they have had on other scholars

This book is essential reading for everyone interested in the field of sociolinguistics **Handbook of Language and Ethnic Identity** Joshua Fishman, Ofelia Garcia, 2011-04-21 Like the first volume The Handbook of Language and Ethnic Identity Volume 2 is a reference work on the interconnection between language and ethnic identity In this volume 37 new essays provide a systematic look at different language and ethnic identity efforts assess their relative successes and failures and place the cases on a success failure continuum The reasons for these failures and successes and the linguistic social and political contexts involved are subtle and highly complex Some of these factors have to do with whether the language is considered a dialect as in the cases of Bavarian Ebonics and Scots considered to be dialects of German American English and British English respectively Other factors have to do with government policy as in the cases of Basque and Navajo Still other factors are historical such as the way Canaanite was supplanted in present day Israel by another classical language Hebrew Although the volume offers considerable sophistication in the treatment of language ethnicity and identity it has been written for the non specialized reader whether student or layperson The contributors are an international group of well known scholars in a range of fields Fishman and Garc a provide a detailed introduction that addresses the difficulty of assessing the success or failure of a language They also present a conclusion that integrates the data presented in the volume **The SAGE Handbook of Sociolinguistics** Ruth Wodak, Barbara Johnstone, Paul E Kerswill, 2011 This Handbook answers a long standing need for an up to date comprehensive international in depth critical survey of the history trajectory data results and key figures involved in sociolinguistics The result is a work of unprecedented coverage and insight It is all here from the foundational contributions to the field to the impact of new media new technologies of communication globalization trans border fluidities and agendas of research *Language Policy in the People's Republic of China* Minglang Zhou, Hongkai Sun, 2006-04-11 Language matters in China It is about power identity opportunities and above all passion and nationalism During the past five decades China s language engineering projects transformed its linguistic landscape affecting over one billion people s lives including both the majority and minority populations The Han majority have been juggling between their home vernaculars and the official speech Putonghua a speech of no native speakers and reading their way through a labyrinth of the traditional simplified and Pinyin Roman scripts Moreover the various minority groups have been struggling between their native languages and Chinese maintaining the former for their heritages and identities and learning the latter for quality education and socioeconomic advancement The contributors of this volume provide the first comprehensive scrutiny of this sweeping linguistic revolution from three unique perspectives First outside scholars critically question the parities between constitutional rights and actual practices and between policies and outcomes Second inside policy practitioners review their own project involvements and inside politics pondering over missteps undergoing soul searching and theorizing their personal experiences Third scholars of minority origin give inside views of policy implementations and challenges in their home communities The volume sheds light on the complexity of language policy making and implementing

as well as on the politics and ideology of language in contemporary China

Latinx Poetics Ruben Quesada,2022-11-15
 Latinx Poetics Essays on the Art of Poetry collects personal and academic writing from Latino Latin American Latinx and Luso poets about the nature of poetry and its practice At the heart of this anthology lies the intersection of history language and the human experience The collection explores the ways in which a people s history and language are vital to the development of a poet s imagination and insists that the meaning and value of poetry are necessary to understand the history and future of a people The Latinx community is not a monolith and accordingly the poets assembled here vary in style language and nationality The pieces selected expose the depth of existing verse and scholarship by poets and scholars including Brenda C rdenas Daniel Borzutzky Orlando Menes and over a dozen more The essays not only expand the poetic landscape but extend Latinx and Latin American linguistic and geographical boundaries Writers educators and students will find awareness purpose and inspiration in this one of a kind anthology

Methods in Dialectology Alan R. Thomas,1988 This book reflects the current concerns of dialectologists as they exploit methodological tools in the twin contexts of insights which derive from sociology via sociolinguistics and their awareness of the interplay between synchronic variation and linguistic change

English in Wales Nikolas Coupland,Alan Richard Thomas,1990 This sociolinguistic perspective on Wales takes account of both principal languages in contemporary life and in history It traces the conflicts and mutual influences of the two languages in shaping the sociolinguistic character of Wales and traces the way in which it has simultaneously come to function for many Welsh people as a vehicle for cultural continuity the means to an Anglo Welsh identity

Regional Nationalism in Spain Jaine Beswick,2007 This book is about linguistic diversity and language revitalisation in Galicia one of the autochthonous regions of Spain By means of historical linguistic and sociolinguistic perspectives it examines societal language use and institutional support in order to determine the role of the Galician language and loyalty and prestige factors in expressions of Galician ethnic identity

Language Policy and Pedagogy Richard D. Lambert,Elana Shohamy,2000-05-15 In this memorial volume for A Ronald Walton cutting edge scholars interrelate two normally separate domains the formation of language policy and the improvement of language teaching Bernard Spolsky Elana Shohamy Joshua Fishman and Kees de Bot address theoretical aspects of national language policy John Trim relates the historical development of the Council of Europe s international language policy Richard Lambert Ronald Walton Richard Brecht and Xueying Wang deal with structural issues in language instruction in the United States Eleanor Jorden Galal Walker Myriam Met and Gilbert Merckx discuss the special problems of providing instruction in the non Western languages And Michael Long Ross Steele Ralph Ginsberg and Laura Miller are concerned with specific pedagogical issues task based language teaching the role of culture in language instruction and what is learned during study abroad These articles stand both as definitive statements on their individual topics and taken together as a fresh amalgamation of policy and pedagogy
