The Position of the German Language in the World Ulrich Ammon,2019-08-08

The Position of the German Language in the World focuses on the global position of German and the factors which work towards sustaining its use and utility for international communication From the perspective of the global language constellation the detailed data analysis of this substantial research project depicts German as an example of a second rank language The book also provides a model for analysis and description of international languages other than English It offers a framework for strengthening the position of languages such as Arabic Chinese French Portuguese Spanish and others and for countering exaggerated claims about the global monopoly position of English This comprehensive handbook of the state of the German language in the world was originally published in 2015 by Walter de Gruyter in German and has been critically acclaimed Suitable for scholars and researchers of the German language the handbook shows in detail how intricately and thoroughly German and other second rank languages are tied up with a great number of societies and how these statistics support or weaken the languages functions and maintenance

Linguistics Anna L. DeMiller,2000-01-15

Thoroughly revised and updated with some 500 new entries including the addition of pertinent Internet sites this is the only bibliographic guide to information sources for linguistics Coverage spans from 1957 the publication date of Chomsky s seminal work to the present with emphasis on English language resources DeMiller s detailed citations describe and evaluate each work often offering comparisons to similar titles Its broad coverage and in depth reviews make this work essential to the research and study of general or theoretical linguistics The book is also indispensable in the related areas of anthropological linguistics applied linguistics mathematical and computation linguistics psycholinguistics semiotics and sociolinguistics which are all treated in separate chapters as well as the study of language and languages from a linguistic perspective A must for any library supporting the study of linguistics or its related fields this is a valuable reference and research tool It i

Encyclopedia of Bilingualism and Bilingual Education Colin Baker,Sylvia Prys Jones,1998 This encyclopedia is divided into three sections individual bilingualism bilingualism in society and bilingual education It includes many pictures graphs maps and diagrams The book concludes with a comprehensive bibliography on bilingualism
