Human Affairs Irving L. Lee,1941 **General Semantics and Contemporary Thomism** Margaret Gorman,R. S. C. J.

Margaret Gorman,1962-01-01 To one who has just begun to make his acquaintance with the literature of general semantics Mother Gorman s book will prove an invaluable guide From her first chapter giving a historical sketch of the main ideas to her final chapter surveying the ways in which they have influenced education in America the book is a mine of useful information Mother Gorman is not a general semanticist Her reservations about what she regards as the profound philosophical errors of general semantics naturally keep her from aligning herself with this school of thought But she is an unusually interested bystander and a diligent scholar Hence she has made an extremely thorough search of the literature with the result that in many ways she knows a lot more about general semantics than many who call themselves semanticists S I Hayakawa *Social Functions of Language in a Mexican-American Community* George Carpenter Barker,1972-08-01

Social Functions of Language in a Mexican American Community is an inquiry into how language functions in the life of a bilingual minority group in process of cultural change this study investigated the acculturation and assimilation of individuals of Mexican descent living in Tucson Arizona Specifically the language usage and interpersonal relations of individuals from representative families in the bilingual community of Tucson the usage of bilingual social groups in the community and the linguistic and cultural contacts between bilinguals and members of the larger Tucson community were examined Data were

drawn from observational studies of individuals and families observation of group activities and observation of supplemented by questionnaires on the cultural interests of Mexican children and their families Some conclusions of the study were that Spanish came to be identified in the Mexican community as the language of intimate and family relations while English came to be identified as the language of formal social relations and of all relations with Anglos It was also found that the younger American born group reject both Spanish and English in favor of their own language Pachuco Tables depicting the characteristics of 20 families the language usage of families and the language usage in personal relationships of English and Spanish are included Suggestions for further research are made *Resources in Education* ,1968-10 Research in Education ,1968-07 Ornamental Horticulture Technology United States.
