

FREDERICK FERRÉ

LANGUAGE, LOGIC AND GOD

A brilliant analysis of the
significance of logical positivism
and linguistic philosophy for
modern Christian theology.

Language Logic And God By Ferre Frederick

George H. Smith

Language Logic And God By Ferre Frederick:

Language, Logic And God Frederick Ferré, 2016-03-28 THIS BOOK is an attempt to fill the present striking need for an introduction to contemporary linguistic philosophy as it bears on theological discourse. Wherever I have gone recently among educated Christians in Britain and America I have encountered profound curiosity and a good deal of anxiety concerning modern methods in philosophy as they relate to the logical nature and validity of theological affirmations. Similarly I have found many of my students in contemporary philosophy and in the philosophy of religion becoming deeply absorbed in the issues raised by a critical examination of theological speech. From both groups the intellectually alert Christians and the thoughtful graduate and undergraduate students of philosophy and religion I have been heavily bombarded with appeals for direction to some book which would 1 set forth the central issues and arguments concerning theological discourse for readers who have familiarity with traditional philosophy but who are relatively untrained in contemporary philosophical practices and 2 place into perspective the present state of philosophical and theological discussion in this area of burgeoning interest. To my frustration I have had to answer such requests with the admission that no such book exists and with the promise that I would try some day to provide that book myself. In preparing this volume therefore I have done my best to keep those promises in mind.

Who's Tampering with the Trinity? Millard J. Erickson, There are few beliefs more essential to Christianity than that of the Trinity. Millard Erickson seeks to provide a lucid and judicious answer to the question: Is Jesus eternally subordinate to the Father or is Jesus equal with the Father? In addition to providing rigorous theological analysis of that question, Erickson exposes flaws in familial implications derived from the Trinity. This increasingly debated topic has finally received a thorough, careful and objective treatment.

Embracing Vulnerability Roberto Sirvent, 2017-04-27 Arguments in favour of divine impassibility take many forms, one of which is moral. This argument views emotional risk, vulnerability, suffering and self-love as obstacles to moral perfection. In *Embracing Vulnerability: Human and Divine*, the author challenges these mistaken assumptions about moral judgment. Through an analysis of Hebrew thought and modern philosophical accounts of love, justice and emotion, Roberto Sirvent reveals a fundamental incompatibility between divine impassibility and the Imitation of God, *ethic imitatio Dei*. This book shows that a God who is not emotionally vulnerable is a God unworthy of our imitation. But in what sense can we call divine impassibility immoral? To be sure, God's moral nature teaches humans what it means to live virtuously. But can human understandings of morality teach us something about God's moral character? If true, how should we go about judging God's moral character? Isn't it presumptuous to do so? After all, if we are going to challenge divine impassibility on moral grounds, what reason do we have to assume that God is bound by our standards of morality? *Embracing Vulnerability: Human and Divine* addresses these questions and many others. In the process, Sirvent argues for the importance of thinking morally about theology, inviting scholars in the fields of philosophical theology and Christian ethics to place their theological commitments under close moral scrutiny and to consider how these

commitments reflect and shape our understanding of the good life Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1972 *Challenging the New Atheism* Aaron Shepherd,2020-08-31 This book presents a pragmatic response to arguments against religion made by the New Atheism movement The author argues that analytic and empirical philosophies of religion the mainstream approaches in contemporary philosophy of religion are methodologically unequipped to address the Threefold Challenge made by popular New Atheist thinkers such as Richard Dawkins Sam Harris Christopher Hitchens and Daniel Dennett The book has three primary motivations First it provides an interpretation of the New Atheist movement that treats their claims as philosophical arguments and not just rhetorical exercises or demagoguery Second it assesses and responds to these claims by elaborating four distinct contemporary philosophical perspectives analytic philosophy empirical philosophy continental philosophy and pragmatism as well as contextualizing these perspectives in the history of the philosophy of religion Finally the book offers a metaphilosophical critique returning again and again to the question of method In the end the author settles upon a modified version of pragmatism that he concludes is best suited for articulating the terms and stakes of the God Debate *Challenging the New Atheism* will be of interest to scholars and students of American philosophy and philosophy of religion The Debaters of This Age Steven H Propp,2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks *The Debaters of this Age* is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time **Personal Catholicism** Martin X. Moleski,Avery Dulles,2020-10-01 Both Newman and Polanyi rank high among the pioneers in the history of the post critical movement in epistemology They pointed out the limitations of the methods that had become current since the time of Descartes and Spinoza The systems of these two authors are exceptionally useful for dealing with the major issues that trouble the theological climate today From the Foreword by Avery Dulles S J This engaging and lucid study brings into dialogue two thinkers whose methods share much in common despite their different purposes A principal contribution of Moleski s study is its cultivation of the common ground that religion shares with science Theological Studies An important and utterly engaging study Those familiar with Newman s *Grammar of Assent* and Polanyi s *Personal*

Knowledge will appreciate the ways in which Moleski makes sometimes unexpected connections between the two thinkers despite Polanyi's critical disposition toward Catholicism. Personal Catholicism is a most welcome contribution to today's rethinking of the relationship between faith and reason. First Things There is a wealth of material here that could be applied to issues of faith and reason, science and faith, faith and the nature of reality as they are raised in contemporary society. The Gospel and Our Culture *Interpretive Theories of Religion* Donald A. Crosby, 2019-07-22 No detailed description available for Interpretive Theories of Religion **What Is Truth?** James Emery White, 2006-09-01 SEARCHING FOR ABSOLUTES IN A POSTMODERN WORLD In this postmodern age, truth, especially religious or moral truth, is widely criticized and constantly challenged, yet perhaps more important than ever. It was this realization that led James Emery White to examine the concepts of truth as held by five twentieth-century theologians: Cornelius Van Til, Millard J. Erickson, Francis A. Schaeffer, Donald G. Bloesch, and Carl F. H. Henry. **Theology as Hermeneutics** John Painter, 2015-01-29 Rudolf Bultmann was the most significant New Testament scholar we have known in the twentieth century. This study approaches his work, arguing that his theology can only be understood correctly as an interpretation of the New Testament. Naturally, it is a twentieth-century interpretation involving complex hermeneutical questions. But it is the New Testament which provides the subject matter to be interpreted. Bultmann's theology, stemming from the conviction that the New Testament addresses the present age, offers important solutions to many problems for Christian theology in our materialistic, relativist, pluralistic age. The book introduces the reader to Bultmann's theology, the problem of contemporary New Testament hermeneutics, the problems of New Testament theology, the question of the relation of New Testament theology to theology as such. It makes a necessary critique of simplistic modes of interpreting Bultmann and shows a masterly hand in assessing his continuing significance. **Creation, Evolution and Meaning** Robin Attfield, 2018-07-17 This book presents the case for belief in both creation and evolution at the same time, as rejecting creationism. Issues of meaning supply the context of inquiry; the book defends the meaningfulness of language about God and also relates belief in both creation and evolution to the meaning of life. Meaning, it claims, can be found in consciously adopting the role of stewards of the planetary biosphere and thus of the fruits of creation. Distinctive features include a sustained case for a realist understanding of language about God, a contemporary defence of some of the arguments for belief in God and in creation, a sifting of different versions of Darwinism and their implications for religious belief, a Darwinian account of the relation of predation and other apparent evils to creation, a new presentation of the argument from the world's value to the purposiveness of evolution, and discussions of whether or not meaning itself evolves and of religious and secular bases for belief in stewardship. **R.S. Thomas** William Virgil Davis, 2007 The theology and the poetry of Welsh poet R. S. Thomas. **Speaking the Incomprehensible God** Gregory P. Rocca, 2004 Aimed at specialists in Aquinas and others interested in the God-talk dialogue, this book finds that Aquinas' analogy is more a matter of judgement and truth than of concept and meaning, despite his own presuppositions. Aquinas bases his theological analogy more on the

insights of faith than reason The Ground of Certainty Donald G. Bloesch, 2002-01-29 In this book Dr Donald Bloesch sharply diverges from much traditional thinking on the relationship between theology and philosophy and suggests an alternative that is solidly anchored in biblical faith Instead of seeing this relationship in terms of synthesis or correlation or even simple subordination he calls for the conversion and transformation of philosophical meanings in the light of the biblical revelation Philosophy can be of considerable aid to theologians but they must take care not to let philosophical concepts determine the meaning of faith Reason can be enlisted in the service of revelation but it cannot establish the truth of revelation Against the irrationalism of contemporary existentialist theology and the rationalism that has pervaded both scholastic orthodoxy Catholic and Protestant and liberal philosophical theology Bloesch proposes an evangelical theology of revelation that seeks to employ reason in the task of understanding the faith The author upholds not an autonomous reason but an obedient reason and he shows that this ideal has support in the history of theology as well as in the Bible **Not a Chance** R. C. Sproul, Keith Mathison, 2014-08-12 Despite claiming unbelief in God or any higher power that may have designed or created the world and all that is in it modern scientists often write and speak of chance as some kind of being or force that can cause things to happen In one breath they push the evolution agenda and in the next they say that creatures were designed with specific traits In this classic book R C Sproul and Keith Mathison call the scientific world to employ logic and clarity in their discourse to leave the word chance as an abstract concept to describe mathematical possibilities rather than an ontological being that can actually cause change This expanded edition includes a new chapter dealing with the most recent attempts to defend irrational scientific statements Two new appendices answer critics and review other literature on scientific discoveries that support belief in a Creator God **Atheism** George H. Smith, 2010-11-02 Does a god exist This question has undoubtedly been asked in one form or another since man has had the ability to communicate Thousands of volumes have been written on the subject of a god and the vast majority have answered the questions with a resounding Yes You are about to read a minority viewpoint With this intriguing introduction George H Smith sets out to demolish what he considers the most widespread and destructive of all the myths devised by man the concept of a supreme being With painstaking scholarship and rigorous arguments Mr Smith examines dissects and refutes the myriad proofs offered by theists the defenses of sophisticated professional theologians as well as the average religious layman He explores the historical and psychological havoc wrought by religion in general and concludes that religious belief cannot have any place in the life of modern rational man It is not my purpose to convert people to atheism but to demonstrate that the belief in God is irrational to the point of absurdity If a person wishes to continue believing in a god that is his prerogative but he can no longer excuse his belief in the name of reason and moral necessity **Phenomenology and The Ghost in The Machine: An Investigation into Wilfrid Sellars, Jean--Paul Sartre, Gilbert Ryle and The Concept of Mind** Timb Hoswell, 2016-12-12 Take a journey through Jean Paul Sartre s trans phenomena of consciousness into Gilbert Ryle s Linguistic Behaviourism and

on to the outer reaches of Wilfrid Sellars Rylean ancestors and their Messianic Behaviourist Jones Phenomenology and the Ghost in the Machine begins by investigating a historical connection between Jean Paul Sartre and Gilbert Ryle The book exploits this connection to explore an attractive relationship between ordinary language and consciousness thus providing plenty of chances for readers to learn Sartre s phenomenology and Ryle s linguistic analysis of the mind along the way This work is a one way ticket to the outer reaches of the mind arguing that language is insufficient to ground a theory of mind because it fails to capture sublinguistic layers of thought Only a first person science exploring the nature of mind and heralded by a return to a Pre Fregeian Psychologism can penetrate these mysteries of thought Content and Method in Christian Theology Alan PF Sell,2014-11-27 For three decades he flashed like a meteor across the theological horizon and then vanished *Modern Jewish Identity* Esther Reisel,Rudi Reisel,2000 The authors explore the philosophical spiritual and ideological uniqueness of Jewish thinking its ability to meet the social and scientific challenges of the present and future and argue for unity within Judaism based on the Bible as Evidence for Faith John Warwick Montgomery,2018-01-27 Twenty essays that argue for the truth of what C S Lewis called mere Christianity The contributors all distinguished scholars present their evidence from a variety of disciplines including philosophy archaeology biology history law and cosmology Step by step the writers construct a convincing argument for the accuracy of the Bible and the credibility of the Christian faith

Thank you for reading **Language Logic And God By Ferre Frederick**. As you may know, people have search numerous times for their chosen readings like this Language Logic And God By Ferre Frederick, but end up in harmful downloads. Rather than enjoying a good book with a cup of tea in the afternoon, instead they cope with some harmful virus inside their desktop computer.

Language Logic And God By Ferre Frederick is available in our book collection an online access to it is set as public so you can get it instantly.

Our books collection saves in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the Language Logic And God By Ferre Frederick is universally compatible with any devices to read

Language Logic And God By Ferre Frederick Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Language Logic And God By Ferre Frederick PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to

focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Language Logic And God By Ferre Frederick PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Language Logic And God By Ferre Frederick free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Language Logic And God By Ferre Frederick Books

1. Where can I buy Language Logic And God By Ferre Frederick books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
