### **Language Across Boundaries Continuum Collection:**

**Languages Across Boundaries** Dik Bakker, Martin Haspelmath, 2013-09-03 This book is dedicated to Anna Siewierska who died far too young in 2011. It contains 15 contributions by 20 linguists who may be counted among the foremost scholars in the field of linguistic typology. All of these articles discuss a topic that is prominent in Anna's work whose journal articles and monographs on the passive, on word order and on the category of person are standard literature in these respective fields. Mindful of Anna's last monograph *Person*, the majority of the contributions in this volume discuss free and bound person forms, argument indexing, reference tracking systems, impersonals and related issues such as suppletion and incompleteness in person paradigms, the origin of referential systems, dependent versus independent marking and referential hierarchies. Other topics are grammatical alignment, grammatical voice, ditransitives and word order. Most of the contributions take a broad typological perspective. Others give a more in-depth treatment based on data from a specific language, notably Spanish, Russian, Mandarin and Mohawk. The book contains a complete bibliography of Anna Siewierska's linguistic production.

**Transcultural Teens** Chantal Tetreault, 2015-05-04 *Transcultural Teens* provides readers with a window onto the cultural and linguistic creativity of the housing projects or *cités* that ring Paris, showing how young people of Algerian Arab origins play with language in fascinating ways that subvert commonly held notions of intercultural animosity. Provides solid real world evidence in the often abstracted theoretical debate on globalization and transnationalism. Offers detailed data on linguistic practices that is more focused than generalized anthropological studies. Includes the experiences of French Algerian adolescent girls who remain largely absent from academic and popular discourse. Reveals the cultural richness and diversity of a population that is stigmatized and marginalized in a national context.

**The Routledge Handbook of World Englishes** Andy Kirkpatrick, 2020-12-31 The Routledge Handbook of World Englishes constitutes a comprehensive introduction to the study of World Englishes. Split into six sections with 40 contributions, this Handbook discusses how English is operating in a wide range of fields from business to popular culture and from education to new literatures in English and its increasing role as an international lingua franca. Bringing together more than 40 of the world's leading scholars in World Englishes, the sections cover historical perspectives, regional varieties of English from across the world, recent and emerging trends and the pedagogical implications and the future of Englishes. The Handbook provides a thorough and updated overview of the field, taking into account the new directions in which the discipline is heading. This second edition includes up-to-date descriptions of a wide range of varieties of English and how these reflect the cultures of their new users, including new chapters on varieties in Bangladesh, Uganda, the Maldives and South Africa, as well as covering hot topics such as translanguaging and English after Brexit. With a new substantial introduction from the editor, the Handbook is an ideal resource for students of applied linguistics as well as those in related degrees such as applied English language and TESOL/TEFL.

**The Palgrave Handbook of Slavic Languages, Identities and Borders** Tomasz Kamusella, Motoki

Nomachi, Catherine Gibson, 2016-04-29 This book analyzes the creation of languages across the Slavophone areas of the world and their deployment for political projects and identity building mainly after 1989 It offers perspectives from a number of disciplines such as sociolinguistics socio political history and language policy Languages are artefacts of culture meaning they are created by people They are often used for identity building and maintenance but in Central and Eastern Europe they became the basis of nation building and national statehood maintenance The recent split of the Serbo Croatian language in the wake of the break up of Yugoslavia amply illustrates the highly politicized role of languages in this region which is also home to most of the world's Slavic speakers This volume presents and analyzes the creation of languages across the Slavophone areas of the world and their deployment for political projects and identity building mainly after 1989 The overview concludes with a reflection on the recent rise of Slavophone speech communities in Western Europe and Israel The book brings together renowned international scholars who offer a variety of perspectives from a number of disciplines and sub fields such as sociolinguistics socio political history and language policy making this book of great interest to historians sociologists political scientists and anthropologists interested in Central and Eastern Europe and Slavic Studies *Gender and Power in Contemporary Spirituality* Anna Fedele, Kim E. Knibbe, 2013 Contemporary distinctions between religion and spirituality can often be traced to rebellion against hierarchical institutions with biases towards women and minorities that constrain individual freedom This opposition is carefully addressed in this volume with greater attention paid to gender and power in the context of contemporary spirituality and how these relate to the distinction between religion and spirituality

**Exploring Linguistic Science** Allison Burkette, William A.
