Language And Literacy In Workplace Education Learning At Work:

Language and Literacy in Workplace Education Giselle Mawer, 2014-09-25 Just as workers are confronting the rapidly changing practices of the restructured technological workplace and the increasing convergence of working and learning so those involved in any form of workplace education or training are also restructuring their focus teaching methods and approaches This book examines the conceptual and practical challenges facing education and training professionals in redefining their contribution to improving communication and learning at work Interweaving theory and commentary with actual case studies the book explores a multifaceted approach to workplace education which aims to develop individual workers skills as well as integrating learning language and cross cultural issues into work communication and management practices It is a strategic practical approach which draws on a range of applied linguistic and educational traditions and is informed by related disciplines such as cognitive and social psychology and organisational behaviour The book does not present formulae for success rather it illustrates the complexities and challenges faced by educators as they learn to balance different and often conflicting priorities Language and Literacy in Workplace Education Learning at Work has been written with a wide audience in mind from language and literacy professionals Human Resources staff vocational trainers managers as well as students of education and linguistics The book is clearly presented and takes care to explain specific educational or organisational terminology making the study accessible to newcomers to the field *Reading Work* Mary Ellen

Belfiore, Tracy A. Defoe, Sue Folinsbee, Judy Hunter, Nancy S. Jackson, 2004-02-04 This text explores changing understanding of literacy and its place in contemporary workplace settings It highlights questions and dilemmas to consider when planning and teaching workplace education and challenges traditional thinking about workplace literacy as functional skills

Resources in Education , 1999-04 Changing Work, Changing Workers Glynda A. Hull, 1997-01-01 This glimpse into factories hospitals other work settings and work related literacy programs shows the massive changes in expectations for workers skills in the twenty first century especially regarding language and literacy Training for a Smart Workforce Rod Gerber, Colin Lankshear, 2002-09-26 In the hypercompetitive context of the new global economy building a smart workforce is widely regarded as a key strategy for enterprises But is this any more than another fast capitalist slogan What substance can be given to the idea What are its associated values and practices This book explores these issues from an international perspective in fresh and challenging ways Key themes include competence and being competent in the world of work experience common sense and expertise in workplace learning social practices and literacies in the workplace developing smart self directed workers taking responsibility for learning in workplaces empowering workers as learners in the workplaces These essays are written by leading edge workplace analysts and practitioners from Australia New Zealand Sweden and the USA Their wide ranging multi disciplinary approach will be of interest to all forward thinking academics students and leaders in management organizational development and workplace learning *Resources in Education* , 1997
