Language Decline And Death In Africa Causes Consequences And Challenges:

Language Decline and Death in Africa Herman Batibo, 2005-01-01 The aim of this book is to inform both scholars and the public about the nature and extent of the problem of language decline and death in Africa It resourcefully traces the main causes and circumstances of language endangerment the processes and extent of language shift and death and the consequences of language loss to the continent's rich linguistic and cultural heritage The book outlines some of the challenges that have emerged out of the situation The Palgrave Handbook of Language Policies in Africa Esther Mukewa

Lisanza, Leonard Muaka, 2024-07-08 This handbook explores language policies and their impacts in Africa examining the different language policies in each country from pre colonial to post colonial times Most African countries are multilingual apart from a handful which are said to be quasi monolingual The authors in this handbook investigate language policy in education media legal courts government documents and other public domains and show how these policies shape learning and delivery of services to the citizens The volume also pays special attention to the roles assigned to minority languages in Africa most of which are endangered The contributions also investigate how these language policies are influenced by the history of colonialism and language attitudes emanating from colonial rule This handbook will be of interest to a diverse audience of readers including those interested in African languages language planning and policy and African history and education **The Palgrave Handbook of Minority Languages and Communities** Gabrielle Hogan-Brun, Bernadette O'Rourke, 2018-12-11 This Handbook is an in depth appraisal of the field of minority languages and communities today It presents a wide ranging coherent picture of the main topics with key contributions from international specialists in sociolinguistics policy studies sociology anthropology and law Individual chapters are grouped together in themes covering regional non territorial and migratory language settings across the world It is the essential reference work for specialist researchers scholars in ancillary disciplines research and coursework students public agencies and anyone interested in language diversity multilingualism and migration *The Languages and Linguistics of Africa* Tom Güldemann, 2018-09-10

This innovative handbook takes a fresh look at the currently underestimated linguistic diversity of Africa the continent with the largest number of languages in the world It covers the major domains of linguistics offering both a representative picture of Africa's linguistic landscape as well as new and at times unconventional perspectives The focus is not so much on exhaustiveness as on the fruitful relationship between African and general linguistics and the contributions the two domains can make to each other This volume is thus intended for readers with a specific interest in African languages and also for students and scholars within the greater discipline of linguistics Africa's Endangered Languages Jason Kandybowicz, Harold Torrence, 2017 This book examines the endangered languages of Africa from both documentary and theoretical perspectives highlighting the threats of extinction many of them face and the challenges and implications each bring to bear on linguistic theory It focuses on the symbiosis between documentary and theoretical methodologies and its

consequences for the preservation of endangered languages both in the African context and more broadly **One Thousand Languages** Peter Austin, 2008 Presents an overview of the living endangered and extinct languages of the world providing the total number of speakers of the language its history and maps of the geographic areas where it is presently spoken or where it was spoken in the past **African Language Digital Media and Communication** Abiodun Salawu, 2018-10-03 While some academic attention has been paid to the impact of new digital technologies on African media in the colonial languages of English French and Portuguese there is a dearth of research into African language digital communication This book analyses the online presence of African language media The chapters in the book focus on the speed structure content navigation and interactivity operations and performance and audience of the online media They also pay particular attention to how social media such as Facebook Twitter and WhatsApp have been appropriated by African language media Using a wide range of case studies the contributors assess the challenges of adopting digital technologies by the media and how the technologies have impacted journalistic practice and media operations Examining the ability of the African language press to adopt new technologies this book will be of interest to scholars of media journalism communication social media and culture in Africa **Language and Poverty** Wayne Harbert, Sally McConnell-Ginet, 2009 This volume explores the complex interactions of language with economic resources How does poverty affect language survival How is the economic status of individuals affected by the languages they do or do not speak The authors address these questions from multiple perspectives drawing on linguistics language policy and planning economics anthropology and sociology *English Language and Literature* Modupe Moyosore Alimi, Mompoloki Mmangaka Bagwasi, Patrick James Ebewo, 2020-11-09 English Language and Literature Cross Cultural Currents is a collection of essays that interrogate the precarious positions of English and African languages in an era in which English is increasingly becoming the dominant language in Africa while at the same time there is a growing resistance against it Though many Africans take pride in their own cultural heritage that is expressed by their African languages they require the economic and social benefits of English The book presents a language dilemma in which both African languages and English enhance inhibit and influence each other The data used by the authors spans a broad spectrum of sources including fiction courts parliamentary Hansards House of Chiefs classrooms internet roads and bus ranks Thus it is reflective of the most and least educated the most and least influential Africans The presentations provide broad insights about African symbols metaphors imagery and folklores representing undocumented literature that challenge scientific imperialism and deficit theories The diversity and freshness of the ideas in the book stem from the unique blend of the background of the contributors English language and literature teachers teachers of African languages educationalists sociologists historians and politicians Thus the book is a valuable asset to scholars in linguistics anthropology and language policy makers *English as a Local Language* Christina Higgins, 2009-07-08 When analyzed in multilingual contexts English is often treated as an entity that is separable from its

linguistic environment It is often the case however that multilinguals use English in hybrid and transcultural ways This book explores how multilingual East Africans make use of English as a local resource in their everyday practices by examining a range of domains including workplace conversation beauty pageants hip hop and advertising Drawing on the Bakhtinian concept of multivocality the author uses discourse analysis and ethnographic approaches to demonstrate the range of linguistic and cultural hybridity found across these domains and to consider the constraints on hybridity in each context By focusing on the cultural and linguistic bricolage in which English is often found the book illustrates how multilinguals respond to the tension between local identification and dominant conceptualizations of English as a language for global communication Bloomsbury World Englishes Volume 3: Pedagogies Yasemin Bayyurt, Mario Saraceni, 2021-05-20

Bloomsbury World Englishes offers a comprehensive and rigorous description of the facts implications and contentious issues regarding the forms and functions of English in the world International experts cover a diverse range of varieties and topics offering a more accurate understanding of English across the globe and the various social contexts in which it plays a significant role With volumes dedicated to research paradigms language ideologies and pedagogies the collection pushes the boundaries of the field to go beyond traditional descriptive paradigms and contribute to moving research agendas forward Volume 3 Pedagogies addresses the teaching of English as a world language Chapters in this volume consider the teaching and learning of English es from a range of perspectives and on the basis of experiences and research from many parts of the world **Language and National Identity in Africa** Andrew Simpson, 2008-02-07 This book focuses on language culture and identity in nineteen countries in Africa Leading specialists mainly from Africa describe national linguistic and political histories assess the status of majority and minority languages and consider the role of language in ethnic conflict The Routledge Handbook of Sociolinguistics Around the World Martin J Ball, 2009-12-16 Drawing on examples from a wide range of languages and social setting The Routledge Handbook of Sociolinguistics Around the World is the first single volume collection surveying current and recent research trends in international sociolinguistics With over 30 chapters written by leading authorities in the region concerned all continents and their respective regions are covered The book will serve as an important tool to help widen the perspective on sociolinguistics to readers of English Divided into sections covering The Americas Asia Australasia Africa and the Middle East and Europe the book provides readers with a solid up to date appreciation of the interdisciplinary nature of the field of sociolinguistics in each area It clearly explains the patterns and systematicity that underlie language variation in use as well as the ways in which alternations between different language varieties mark personal style social power and national identity The Routledge Handbook of Sociolinguistics around the World is the ideal resource for all students on undergraduate sociolinguistics courses and researchers involved in the study of language society and power English Language and Linguistics Sociolinguistics *The Social and Political History of Southern Africa's Languages* Tomasz Kamusella, Finex Ndhlovu, 2017-11-21 This book is the first to offer an interdisciplinary

and comprehensive reference work on the often marginalised languages of southern Africa The authors analyse a range of different concepts and questions including language and sociality social and political history multilingual government and educational policies In doing so they present significant original research ensuring that the work will remain a key reference point for the subject This ambitious and wide ranging edited collection will appeal to students and scholars of southern African languages sociolinguistics history and politics

The Languages of Africa and the Diaspora Jo Anne Kleifgen, George C. Bond, 2009 This book takes a fresh look at subordinated vernacular languages in the context of African Caribbean and US educational landscapes highlighting the social cost of linguistic exceptionalism for speakers of these languages Chapters describe contravening movements toward various forms of linguistic diversity and offer a comprehensive approach to language awareness in educative settings

In and Out of Africa Joanna Boampong, 2012-11-30 New areas of intellectual endeavours including postcolonial transatlantic global and cultural studies have facilitated conversations that cut across traditional academic boundaries Indeed aside from precipitating more stimulating intellectual dialogues the advent of multi disciplinarity has also enabled literary and cultural theorists critics students and teachers to connect and to integrate diverse academic disciplines and schools of thought in the pursuit of a common task Of the many areas that have benefited from this trend it is perhaps in the realm of Afro Hispanic Luso Brazilian and Latin American studies that one notices a vibrant conversation that deals with the deep historical social economic and political bonds that have connected and still connect Africa to the Hispanic and Luso Brazilian worlds As these bonds acquire profound meanings in the late 20th and early 21st centuries scholars from diverse academic backgrounds find new ways to explore these connections It is in the spirit of this endeavour that the creative artists scholars of cultural and literary theory and critics whose works are presented in this anthology attempt to examine wide ranging themes from colonization slavery imperialism religion music and literature Most of the essays in this collection address long standing issues related to identity construction linguistic legacies religious and cultural beliefs and practices Others confront questions of migration and immigration configurations of female agency and Hispanic pedagogy in Africa and elsewhere What makes this volume unique and interesting is not only the idea of exploring examining and thinking the old in new ways and the new in old ways but also advancing the conversation of the relationship between Africa and the Afro Hispanic Luso Brazilian and Latin American worlds through different intellectual and artistic prisms

Multilingualism and Education in Africa Ruth W. Ndung'u, Martin C. Njoroge, Daniel O. Orwenjo, 2014-10-16 This book is a must read for every language teaching professional and researcher working in a multilingual context

Multilingualism and Education in Africa The State of the State of the Art is an up to date exploration and wide ranging review of the symbiotic relationship between multilingualism and education in Africa The African continent is rich in languages Most of her inhabitants are multilingual and many of the nations have embraced multilingual education This book examines multilingualism in education from three broad perspectives multilingualism and language in education policy in Africa

multilingualism as an educational resource in Africa and attitudes and challenges of multilingualism and education in Africa The book s nineteen chapters discuss these three perspectives from East West Central and South Africa All the contributors are leading authorities in multilingualism and education The chapters combine a wide range of viewpoints based on theoretical empirical and personal experiences The reader is left with a deeper understanding of the unique features of multilingualism and education in Africa that have seldom been addressed by those who experience them first hand The book demonstrates successful practices in multilingualism and education showing how African nations have determined what works for them without ignoring challenges such as policies on paper attitudes towards African languages and limited resources The benefits of multilingual education override the challenges The book s extensive coverage makes it an important resource for scholars and policy makers in the field of multilingualism and education Overall this book represents an important contribution to an important subject in education globally The editors have provided an introductory overview to the book and commentaries on the three sections

Foundations of Bilingual Education and Bilingualism Colin Baker,2006-01-01 Written as an introductory text from a crossdisciplinary perspective this book covers individual and societal concepts in minority and majority languages

African Radio and Minority Languages Limukani Mathe,2025-04-03 Within Africa radio provides an important platform for accommodating diverse linguistic groups and enabling speakers to express themselves in their own local languages This book investigates how radio broadcasting across the continent provides a platform for cultural participation and the representation of minority language speakers in a contested public sphere In African media a fierce contest wages for representation and participation in which majority languages often emerge at the exclusion of minority ethnolinguistic groups This book considers the important role that radio can play in broadcasting in minority languages Drawing on in depth original analysis ethnographic observation and interviews with minority language radio hosts and guests from across South Africa Zimbabwe Nigeria Malawi Namibia Mozambique Lesotho and Kenya this book considers to what extent African radio is accommodative of minority languages and what the challenges and prospects are for this Ultimately the book argues that radio s three tier system of broadcasting through analogue and digital radio leaves the medium of radio particularly well placed to provide equal access for ethnolinguistic groups in Africa This ambitious and broad ranging study will be an essential read for scholars and students of media studies and sociolinguistics in Africa
