Lincos Lev D. Beklemishev, 2000-04-01 Lincos **The Politics of Gay Rights** Craig A. Rimmerman, Kenneth D. Wald, Clyde Wilcox, 2000-07 The contributors to this volume thoroughly investigate the politics of the gay and lesbian movement beginning with its political organizations and tactics The essays also address the strategies and ideology of conservative opposition groups **The God Dagan in Bronze Age Syria** Lluís Feliu, 2021-11-22 Subject of this book is the god Dagan biblical Dagon the principal deity of the Middle Euphrates region Lluís Feliu carefully analysing the sources from Ebla and Mari for the third millennium from Mari for the Old Babylonian period and from Emar and Ugarit for the Middle Babylonian period here gives a meticulous diachronic survey of the divine subject A final chapter summarizes the results in describing the character of Dagan his origin and his area of influence Of particular interest to Assyriologists to biblical scholars and to comparative religionists **Concise Lexicon to the Biblical Languages** Jay P. Green, Robinson Maurice, Dr Maurice Robinson, 2007-01-25 Now for the first time the Bible students will have a lexicon dictionary with every one of the original 8 674 Hebrew words and also every one of the 5 624 Greek words of the Scriptures included in it For ninety five out of the hundred times the Bible student preacher Bible class teacher or the host of God's saints who study to show themselves workmen unashamed 2 Tim 2 15 this quick reference easy to use lexicon is a jewel You will literally wear it out using it weekly if not daily The words are alphabetical in order This is important with the Hebrew words in particular For the most used Hebrew lexicon is the Brown Driver Briggs Hebrew Aramaic Lexicon And one must know the root word to look up Hebrew entries in that lexicon or else they must have a multi paged index to it This brief lexicon can even be used instead of the Brown Driver Briggs Lexicon in most cases when anyone desires a quick reference to the grammatical construction and the meaning of a word For the fact is this lexicon is an abbreviated edition of the Brown Driver Briggs Lexicon most of the information coming from that great work Yet this little lexicon contains more information than can be found in B D B Proper names appear in alphabetical order often with their meanings Derivation of words is given More grammatical information is given than is in the larger lexicon The Greek section also provides coding to Strong's Exhaustive Concordance and it gives page references to Thayer's Greek English Lexicon Arndt Gingrich Greek English Lexicon and Kittel's Theological Dictionary The reader will learn to appreciate these quick and easy references by use of the Arabic numbers in

numerical order coupled with the original language This handy quick study tool will revolutionize study of the Bible saving a multitude of hours of study yet providing comprehensive information not available in any other existing volume The savings in time alone is enough to recommend this handy little lexicon The fact that it contains both the Hebrew Aramaic words and the Greek words in a single easy to access volume is a time saver not to be found in any other book it appears that no previous book has contained both the 8 674 Hebrew words and the 5 624 Greek words with their meanings and other items of information which the student of either language can use with ease Maurice A Robinson PhD is Associate Professor of Greek at Southeastern Baptist Theological Seminary in Wake Forest South Carolina Jay P Green Sr 1918 is Translator and Editor of The Interlinear Hebrew Greek English Bible and the translator of the Modern King James Version of the Holy Bible the Teenage Version of the Holy Bible the Literal translation of the Holy Bible and the KJ3 Literal Translation Bible He has written numerous books on textual criticism *Language Quarterly*, 1976 *Current List of Medical Literature*, 1958 Includes section Recent book acquisitions varies Recent United States publications formerly published separately by the U S Army Medical Library

Gog of Magog William A. Tooman, 2011 The Gog Oracles Ezek 38 39 reuse of antecedent scripture is crucial to their purpose and

meaning The pattern of continuous allusion in the Gog Oracles reflects something more than a writer saturated with scriptural idiom It is a practice of disciplined and deliberate reference to select texts on select themes William A Tooman shows that recognizing the volume and density of scriptural reuse within the Gog Oracles is indispensable for understanding these chapters role within the book its composition and its place within Second Temple literature A close examination of the methods effects and motives of scriptural reuse that are evident within the Gog oracles reveals that these chapters are a unified composition that was crafted as a supplement to a book of Ezekiel in order to fill gaps in the book s message and to harmonize the book with other traditions of prophetic revelation
