Greenfield, 1990 celebrated storyteller Keith Lee Johnson three brothers find their professional and romantic lives veering out of control and heading toward a shattering conclusion Brothers Jericho Sterling and William Wise may be bonded by blood but life has dealt them very different hands Jericho is a drug and munitions dealer the leader of an elite group of former military personnel Sterling is an attorney who finds himself fired from his prestigious San Francisco law firm on the same day he s expecting a verdict on a nationally televised case that was supposed to make his career And William a widowed psychologist and the youngest Wise brother has spent the past five years alone but is finally imagining what it might be like to love again Only trouble is Terry Moretti the woman he's dating is white and she can t seem to understand the societal and familial taboos that keep William from getting too closely involved Jericho has a whole other dilemma to deal with one that could see him ending up in jail for a very long time Meanwhile Sterling's luck seems to turn around when he meets a mysterious woman who offers him the world but in return he would need to comply with her racial prejudices is he willing to pay her price Keith Lee Johnson's twisting riveting plot and crackling dialogue will captivate the reader from page one and the extraordinary Wise Brothers choices will lead them inexorably toward a stunning and unforgettable climax The Teotihuacan Trinity Annabeth Headrick, 2013-03-15 Northeast of modern day Mexico City stand the remnants of one of the world's largest preindustrial cities Teotihuacan Monumental in scale Teotihuacan is organized along a three mile long thoroughfare the Avenue of the Dead that leads up to the massive Pyramid of the Moon Lining the avenue are numerous plazas and temples which indicate that the city once housed a large population that engaged in complex rituals and ceremonies Although scholars have studied Teotihuacan for over a century the precise nature of its religious and political life has remained unclear in part because no one has yet deciphered the glyphs that may explain much about the city's organization and belief systems

In this groundbreaking book Annabeth Headrick analyzes Teotihuacan's art and architecture in the light of archaeological data and Mesoamerican ethnography to propose a new model for the city's social and political organization Challenging the view that Teotihuacan was a peaceful city in which disparate groups united in an ideology of solidarity Headrick instead identifies three social groups that competed for political power rulers kin based groups led by influential lineage heads and military orders that each had their own animal insignia Her findings provide the most complete evidence to date that Teotihuacan had powerful rulers who allied with the military to maintain their authority in the face of challenges by the lineage heads Headrick's analysis also underscores the importance of warfare in Teotihuacan society and clarifies significant aspects of its ritual life including shamanism and an annual tree raising ceremony that commemorated the Mesoamerican creation story
