the mutant Gonzo gene In each chapter Gonzo emerges as a powerful but unstable signifier read and practiced with different accents and emphases in the various national cultural political and journalistic contexts in which it has erupted Whether immersed in the Dutch crack scene exploring the Polish version of Route 66 following the trail of the 2014 South African General Election or committing unspeakable acts on the bus to Turku the writers described in this volume are driven by the same fearless disdain for convention and profound commitment to rattling received opinion with which the outlaw journalist Thompson scorched his way into the American consciousness in the 1960s 70s and beyond Hunter S. Thompson, 2017-12-25 We were somewhere around Barstow on the edge of the desert when the drugs began to take hold I remember saying something like I feel a bit lightheaded maybe you should drive And suddenly there was a terrible roar all around us and the sky was full of what looked like huge bats all swooping and screeching and diving around the car which was going about a hundred miles an hour with the top down to Las Vegas And a voice was screaming Holy Jesus What are these goddamn animals Then it was quiet again My attorney had taken his shirt off and was pouring beer on his chest to facilitate the tanning process What the hell are you yelling about he muttered staring up at the sun with his eyes closed and covered with wraparound Spanish sunglasses Never mind I said It s your turn to drive I hit the brakes and aimed the Great Red Shark toward the shoulder of the highway No point mentioning those bats I thought The poor bastard will see them soon enough It was almost noon and we still had more than a hundred miles to go They would be tough miles Very soon I knew we would both be completely twisted But there was no going back and no time to rest We would have to ride it out Press registration for the fabulous Mint 400 was already underway and we had to get there by four to claim our sound proof suite A fashionable sporting magazine in New York had taken care of the reservations along with this huge red Chevy convertible we d just rented off a lot on the Sunset Strip and I was after all a professional journalist so I had an obligation to cover the story for good or ill The sporting editors had also given me 300 in cash most of which was already spent on extremely dangerous drugs The trunk of the car looked like a mobile police narcotics lab We had two bags of grass seventy five pellets of mescaline five sheets of high powered blotter acid a salt shaker half full of cocaine and a whole galaxy of multi colored uppers downers screamers laughers and also a quart of tequila a quart of rum a case of Budweiser a pint of raw ether and two dozen amyls All this had been rounded up the night before in a frenzy of high speed driving all over Los Angeles County from Topanga to Watts we picked up everything we could get our hands on Not that we needed all that for the trip but once you get locked into a serious drug collection the tendency is to push it as far as you can The only thing that really worried me was the ether There is nothing in the world more helpless and irresponsible and depraved than a man in the depths of an ether binge And I knew we d get into that rotten stuff pretty soon Probably at the

next gas station We had sampled almost everything else and now yes it was time for a long snort of ether And then do the next hundred miles in a horrible slobbering sort of spastic stupor The only way to keep alert on ether is to do up a lot of amyls not all at once but steadily just enough to maintain the focus at ninety miles an hour through Barstow *The Public Realm* Lyn H. Lofland, 2017-07-12 This book is about the public realm defined as a particular kind of social territory that is found almost exclusively in large settlements This particular form of social psychological space comes into being whenever a piece of actual physical space is dominated by relationships between and among persons who are strangers to one another as often occurs in urban bars buses plazas parks coffee houses streets and so forth More specifically the book is about the social life that occurs in such social psychological spaces the normative patterns and principles that shape it the relationships that characterize it the aesthetic and interactional pleasures that enliven it and the forces anti urbanism privatism post war planning and architecture that threaten it The data upon which the book's analysis is based are diverse direct observation interviews contemporary photographs historic etchings prints and photographs and historical maps histories of specific urban public spaces or spatial types and the relevant scholarly literature from sociology environmental psychology geography history anthropology and architecture and urban planning and design Its central argument is that while the existing body of accomplished work in the social sciences can be reinterpreted to make it relevant to an understanding of the public realm this quintessential feature of city life deserves much more and it deserves to be the object of direct scholarly interest in its own right Choice noted that The author's writing style is unusually accessible and the often fascinating narrative is generously supported by well chosen photos *Puppies and Napalm* Jason Malott, 2022-08-30 Long ago prophets spoke the word of God to the people These prophets were full of zeal and sometimes madness God got as creative as he could with this eccentric bunch He had some of them lay on their side in the mud for days some of them he showed visions of alien spacecrafts and creatures with eyes all over their body Their words crossed other dimensions and predicted future events He spoke through them to a nation that had lost its way Just a little like us today Can I get an amen This book is written to the church of America the lost shining beacon of hope the great imperialist empire once called a Christian nation that never was This book is to everyone who feels like something is wrong Something is very very wrong with us This book is for those who are tired of a group of people trying to scare us into believing in a god that wants to burn us What else should I call it Puppies and Napalm **Fear and Loathing in Las Vegas** Hunter S, 2017-09-24 We were somewhere around Barstow on the edge of the desert when the drugs began to take hold I remember saying something like I feel a bit lightheaded maybe you should drive And suddenly there was a terrible roar all around us and the sky was full of what looked like huge bats all swooping and screeching and diving around the car which was going about a hundred miles an hour with the top down to Las Vegas And a voice was screaming Holy Jesus What are these goddamn animals Then it was quiet again My attorney had taken his shirt off and was pouring beer on his chest to facilitate the tanning process What the hell are you yelling about he muttered staring

up at the sun with his eyes closed and covered with wraparound Spanish sunglasses Never mind I said It s your turn to drive I hit the brakes and aimed the Great Red Shark toward the shoulder of the highway No point mentioning those bats I thought The poor bastard will see them soon enough It was almost noon and we still had more than a hundred miles to go They would be tough miles Very soon I knew we would both be completely twisted But there was no going back and no time to rest We would have to ride it out Press registration for the fabulous Mint 400 was already underway and we had to get there by four to claim our sound proof suite A fashionable sporting magazine in New York had taken care of the reservations along with this huge red Chevy convertible we d just rented off a lot on the Sunset Strip and I was after all a professional journalist so I had an obligation to cover the story for good or ill The sporting editors had also given me 300 in cash most of which was already spent on extremely dangerous drugs The trunk of the car looked like a mobile police narcotics lab We had two bags of grass seventy five pellets of mescaline five sheets of high powered blotter acid a salt shaker half full of cocaine and a whole galaxy of multi colored uppers downers screamers laughers and also a quart of tequila a quart of rum a case of Budweiser a pint of raw ether and two dozen amyls All this had been rounded up the night before in a frenzy of high speed driving all over Los Angeles County from Topanga to Watts we picked up everything we could get our hands on Not that we needed all that for the trip but once you get locked into a serious drug collection the tendency is to push it as far as you can
