Eighteenth-century French Drawings in New York Collections Perrin Stein, Mary Tavenor Holmes, Metropolitan Museum of Art (New York, N.Y.), 1999 **15th-18th Century French Drawings in the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.), Jacob Bean, 1986 **French Drawings from American Collections, Clouet to Matisse** Metropolitan Museum of Art (New York, N.Y.), 1959 **French drawings from American collections** Committee for the Exhibition of French Drawings from American Collections, 1959 *Mastery & elegance* Alvin L. Clark, 1998 *Mastery Elegance Two Centuries of French Drawings from the Collection of Jeffrey E Horvitz* is the catalogue of an exhibition that presents for the first time a selection from the most comprehensive private American collection of French old master drawings The catalogue features 115 drawings by seventy artists which range in date from the beginning of the seventeenth century to the early years of the nineteenth Eighteenth-century French Drawings in New York Collections Perrin Stein, Mary Tavenor Holmes, Metropolitan Museum of Art (New York, N.Y.), 1999-01-01 Drawings by acknowledged masters and lesser known artists and a broad range of subject matter characterize the one hundred sheets reproduced in this volume Twentieth Century French Drawings from the Robert Lehman Collection Metropolitan Museum of Art (New York, N.Y.), George Szabó, 1981 *French Master Drawings from the Collection of Muriel Butkin* Carter E. Foster, Sylvain Bellenger, Patrick Shaw Cable, Cleveland Museum of Art, 2001 Accompanying an exhibition at the Cleveland Museum of Art last fall and now at the Dahesh Museum in New York this catalog focuses upon the French drawings in Muriel Butkin's highly specialized collection which she has promised to the Cleveland Museum To assemble her diverse yet nicely integrated set of drawings Butkin started buying 18th century French drawings when they were affordable In the mid 1970s with the guidance of art historian Gabriel Weisberg she expanded her collection to include 19th century French drawings These drawings were counter to the mainstream impressionist and postimpressionist taste of the time and focused more on academic French subject matter such as life drawings portraits or compositional studies In the preface Butkin herself reinforces her taste by saying that drawings are much more personal and spontaneous than paintings often demonstrating the artistic process Foster curator of drawings at the Cleveland Museum and other scholars present a well researched volume that contributes new information to a very specialized field of art history It is greatly disappointing however that the bulk of the reproductions are in black and white often missing the subtly colored tones in many of the drawings Nonetheless this is recommended for museum and academic libraries that support graduate programs in art history 183 b w illustrations **Storied Past** Blanton Museum of Art, Cheryl K. Snay, Jonathan Bober, Kenneth Martin Grant, 2011 The Blanton Museum of Art's collection of French Drawings is less well known than its other collections This title is the first to publish the museum's over 75 works in a variety of media ranging in date from the sixteenth through the nineteenth centuries Preliminary sketches fully developed compositional studies figure studies and finished drawings show the breadth of the medium The collection has a strong series

Contemporary French Art 2 Michael Bishop, 2011-05 G rard Garouste Colette Debl Georges Rousse Genevi ve Asse Martial Raysse Christian Jaccard Jo l Kermarrec Dani le Perronne Daniel Dezeuze Philippe Favier Daniel Nadaud after the eleven essays of Contemporary French Art 1 devoted to major artists from Ben Vautier and Niki de Saint Phalle to Annette Messager and G rard Titus Carmel the present volume pursues its interrogations of the what the how and the why of contemporary plastic production of some of France s finest practitioners If as ever such production can reveal elements of an interweaving of individualized preoccupations and modes endless specificities demarcate and affirm originalities that pure theory and its leveling anonymity may obscure Thus is it that G rard Garouste is alone in that obsession with indianness and classicalness that Colette Debl s gesture is drawn implacably to the unseenness of female representation that Georges Rousse plunges photography into the realm of matter s poetic sacredness that Genevi ve Asse traverses a pure seemingness of abstraction to attain to an intimacy of silence that Martial Raysse s hygiene of vision may endlessly renew and hybridize itself Christian Jaccard too will explore with uniqueness an art of materiality at the frontier of metaphysics Jo l Kermarrec will offer us the inimitable exquisite traces of surging desire and deception Dani le Perronne s boxes and stringings her paintings and her sheetings will unfold a psychic infinity at the heart of form And if Daniel Dezeuze seeks namelessness and pure structuration the latter yet surge forth via works that relentlessly identify a gesture so distant we may feel from the at once sobering and ceremonial microproliferations of a Philippe Favier or the tense but genial articulations of Daniel Nadaud s sculptural imagination
