**On Spoken French** William J. Ashby, 2023-03-15 This scholarly edition invites us to reconsider our assumptions about the French language by showcasing the oeuvre of one of the pioneers of diachronic Spoken French corpus linguistics William J Ashby and the ground breaking findings to come out of his influential Tours corpora 1976 1995 including two real time studies appearing for the first time in English translation To help readers visualize just how radically different the morphosyntax morphophonology and semantics of Spoken French are from French on the page the editor has developed a glossing framework designed to capture the
