The Selected Writings of Marc Bloch Iona Singh, 2025-02-20 This book brings a selection of the influential writings of Marc Bloch into the English language largely for the very first time Chronologically arranged to trace the developmental arc of Bloch's historical philosophy the translations in *The Selected Writings of Marc Bloch* offer an illuminating insight into the theories of a pioneer historian and original founder of the renowned Annales school of French social history The carefully curated translations in this volume reveal Bloch's thoughts on questions that historical studies has grappled with since the birth of the discipline Why should history exist at all What value does it have What exactly is a science of history What is the actual role of the historian in historical studies This collection presents Bloch's precise understanding of the contours of the discipline of history defined by the abuttal and transgression of its borders by other subjects Consequently it provides a theoretical underpinning for multidisciplinary and interdisciplinary concepts via historical studies pulling into its fold diverse themes such as customs agriculture economics nutrition technology manners art fashion and countless other topics explored by Bloch himself in the process **Current Catalog** National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70

Selected Writings of A.R. Luria Michael Cole, 2017-10-03 First Published in 2017 Routledge is an

imprint of Taylor Francis an Informa company **Selected Writings of A.R. Luria** Aleksandr Romanovich Luria, 2024-11-01 This volume contains various articles that are a sample of the ideas constructed and facts collected by Alexander Romanovich Luria during more than half a century of psychological research **Psychoanalytic Accounts of Consuming Desire** John Desmond, 2012-11-28 Provides an accessible introduction to psychoanalytic explanations of consumer desire Topics are drawn widely to reflect the scope of Freud's vision and include dreams sexuality and hysteria Discussion is widened to selectively include authors such as Melanie Klein and Jacques Lacan and to include evaluation of current research **The Emperor's New Nudity** Yuval Kremitzer, 2024-12-10 An analysis of contemporary authoritarianism and the medium in which it flourishes the internet as well as what lies at the complex intersection of authority and technology In recent decades a new style of authoritarian politics has taken hold throughout the liberal democratic world The new authority figures are characterized by obscene transgressive behavior reminiscent of the crowd leader as theorized by Freud only far less transient In *The Emperor's New Nudity* Yuval Kremitzer considers the fraught intersection of authority and technology the internet being the medium that has allowed contemporary authoritarianism to thrive asking foundational questions such as How can we think of the network as a social phenomenon What can social and political phenomena teach us about the nature of the new technology And how does technology reshape the very fabric of social and political life Technology Kremitzer writes leads us toward an impersonal and hyper-rational world to such an extent that it renders human subjectivity outmoded Authority on the other hand anchors our subjective identifications to certain figures and seems to be hopelessly primitive and irrational What is required then is a dialectics of the primal a study of the way in which what strikes us as essential enters into the dynamics of historical change From this perspective authority and technology can be said to be divided by a common object the unwritten law and the special knowledge that pertains to it a knowledge without knowers **Selected Writings** Keith Leopold, 1985 A selection of studies in German literature published by Keith Leopold over the last 40 years Topics include the novel the novella and narrative forms in general Authors under discussion range from Wieland to Hans Hellmut Kirst **Selected Writings** Sándor Ferenczi, 1999 A selection from the adventurous fascinating and sometimes disconcerting writings of Sandor Ferenczi Although over half a century has passed since his death there is not much in the way of recent ideas about psychotherapy technique that he did not anticipate For years Ferenczi remained one of Freud's most intimate collaborators despite their difficulties toward the end of both their lives **The Ability to Mourn** Peter Homans, 1989-07-19 Index Bibliography p 369 377 **The Great Perhaps** Burton F. Porter, 2015-04-16 God created man in his own image but did man perhaps return the compliment The question of God's existence has been a pivotal issue for every civilization Those with faith in God want assurance that their belief is justified and atheists want confirmation that God is nowhere to be found When we reflect on religion we want to know the reasons for belief in God or whether belief is only a comforting delusion In an age of science will religion persist or will it be edged out of

our consciousness and become a historical curiosity Burton Porter approaches the notion of God in an open yet critical way examining the argumentation used by centuries of human society to support or reject the existence of God With minimum assumptions and maximum objectivity Porter debates whether the religious view does in fact diagram reality He examines the roles that God and religion have played in the ethics art and actions of many diverse cultures to conclude that at the very least the consideration of the existence of a higher power is fundamental to us all *Introduction to Social Psychology* Radhakamal Mukerjee, Narendranath Sengupta, 1928 *Routledge Handbook of Psychoanalytic Political Theory* Yannis Stavrakakis, 2019-09-05 The emerging field of psychoanalytic political theory has now reached a stage in its development and rapid evolution that deserves to be registered systematically defined and critically evaluated This Handbook provides the first reference volume which showcases the current state of psychoanalytic political theory maps the genealogy of its development identifies its conceptual and methodological resources and highlights its analytical innovations as well as its critical promise The Handbook consists of 35 chapters offering original comprehensive and critical reviews of this field of study The chapters are divided into five thematic sections Figures discusses the work of major psychoanalytic theorists who have influenced considerably the development of psychoanalytic political theory Traditions genealogically recounts and critically reassesses the many attempts throughout the 20th century of experimenting with the articulation between psychoanalysis and political theory in a consistent way Concepts asks what are the concepts that psychoanalysis offers for appropriation by political theory Themes presents concrete examples of the ways in which psychoanalytic political theory can be productively applied in the analysis of racism gender nationalism consumerism etc Challenges Controversies captures the ways in which psychoanalytic political theory can lead the way towards theoretical and analytical innovation in many disciplinary fields dealing with cutting edge issues The Routledge Handbook of Psychoanalytic Political Theory will serve as scholarly reference volume for all students and researchers studying political theory psychoanalysis and the history of ideas
