**Iran, Israel, and the Jews** Aaron Koller, Daniel Tsadik, 2019-03-28. Iran, Israel, and the Jews have a relationship that is in the news all the time. But it cannot be understood just in modern terms. Its roots are 2,500 years old. This volume surveys that history through case studies and broad overviews from the first intensive contacts under Cyrus the Great through Persian influence on Judaism evident in the Dead Sea Scrolls and the Babylonian Talmud into the Middle Ages and the flourishing of Judeo-Persian literature and culture and finally into modern times when the political, social, and cultural ties are multifaceted and profound. Written by experts in both Iranian and Jewish studies, these essays convey the richness and complexity of a long and tumultuous relationship between two ancient and great civilizations which continues to shape the world today.

**Iranian Cosmology, Mythology, and Ancient History** Iraj Bashiri, 2014-07-23. Ancient Iran: Cosmology, Mythology, History presents Iran's pre-Islamic history within the context of both its complex cosmology and rich mythology. The book uses the concept of *farr* to show how authority, finding guidance in the cosmic realm, organized the lives of Iran's hero-saints in the mythic realm. It also discusses how historical monarchs organized their hierarchical societies according to the dictates of Ahura Mazda. The book is divided into three parts. The first part examines cosmology, concentrating on Ahura Mazda and the Ahuric order that emanates from him. The next section addresses mythology and describes how the rulership of hero-saints promoted the *farr*, culminating in the unique creed of Zoroaster. The final section tells the history of pre-Islamic Iran. It begins with a study of life on the plateau, moves on to the stages of empire, and focuses on the interactions thus far neglected between the early Achaemenids and ancient Egypt. It concludes with the rule of the Parthians and Sassanids. Additionally, through a new interpretation of Firdowsi's *Shahname*, the volume shows how the prophet Zoroaster reorganized Mazdean cosmology to fit the ethical, philosophical, and sociological dynamics of Achaemenid and Sassanid Iran. The addition of a comprehensive account of the lives of the characters of the *Shahname* enhances the narrative. The text provides cutting-edge scholarship for graduate students and scholarly insight for researchers. It is also appropriate for upper-level undergraduate students.
