Iran's Secret Pogrom Geoffrey Nash,1982 The Baha'is of Iran Dominic Parviz Brookshaw,Seena B. Fazel,2012-10-02 The Baha i community of Iran is the country s largest non Muslim religious minority This collection of essays presents a comprehensive study of the social and historical development of the Baha i community and its role in shaping modern Iran Central to this study is the pioneering character of the Baha i community in the late 19th and early 20th century with chapters examining the role of women in the Baha i community the impact of Baha i run schools on Iranian society Baha i contributions to public health initiatives and the influence of Baha i thought and the actions of individual Baha is on the Constitutional Revolution of 1906 1911 Conversion to the Baha i Faith is another important theme as contributors investigate the phenomenon of large scale conversion to the Baha i Faith from the Jewish and Zoroastrian communities Finally although persecution of the Baha is has drawn the attention of the Western media until now few scholars working in the field of Iranian studies have chosen to write on the history or details of this persecution Here five prominent figures in the field redress this balance and look at different aspects of this persecution including its historical background the attitude of secular Iranians persecution before and after the Islamic Revolution of 1979 and human rights perspectives This book will be of interest to students and scholars of Iranian studies Middle Eastern studies and comparative religion and with many chapters authored by leading academics in Iranian studies The Baha is of Iran addresses both a gap in academic literature on the Baha i Faith and in the study of modern Iran in general The Baha'is of Iran , *Stalin's Secret Pogrom* Joshua Rubenstein,Vladimir Pavlovich Naumov,2001-01-01 In 1952 15 Soviet Jews were secretly tried and convicted many executions followed in the basement of Moscow s Lubyanka prison This book presents an abridged version of the transcript of the trial revealing the Kremlin s machinery of destruction Human Rights, the UN and the Bahá'ís in Iran Nazila Ghanea-Hercock,2021-10-25 This book provides the first comprehensive assessment of the contribution of the United Nations to the human rights situation of the Bah s in Iran It does this by examining the theoretical legal institutional and political dimensions of this issue in detail The situation of the Bah community in Iran between 1979 and 2002 provides a particularly good test case for the international community due to its clarity By giving attention to a singular case within a discrete time frame this book is able to effectively examine the impact of UN human rights protection Attention is given in this study to the clash between religion and human rights the protection of freedom of religion or belief in international law the workings of UN human rights charter based and treaty bodies and their various mechanisms and recommendations for the resolution of the Bah human rights situation in Iran **Tortured Confessions** Ervand Abrahamian,2023-04-28 The role of torture in recent Iranian politics is the subject of Ervand Abrahamian s important and disturbing book Although Iran officially banned torture in the early twentieth century Abrahamian provides documentation of its use under the Shahs and of the widespread utilization of torture and public confession under the Islamic Republican governments His study is based on an extensive

body of material including Amnesty International reports prison literature and victims accounts that together give the book a chilling immediacy According to human rights organizations Iran has been at the forefront of countries using systematic physical torture in recent years especially for political prisoners Is the government's goal to ensure social discipline To obtain information Neither seem likely because torture is kept secret and victims are brutalized until something other than information is obtained a public confession and ideological recantation For the victim whose honor reputation and self respect are destroyed the act is a form of suicide In Iran a subject's voluntary confession reaches a huge audience via television The accessibility of television and use of videotape have made such confessions a primary propaganda tool says Abrahamian and because torture is hidden from the public the victim's confession appears to be self motivated increasing its value to the authorities Abrahamian compares Iran's public recantations to campaigns in Maoist China Stalinist Russia and the religious inquisitions of early modern Europe citing the eerie resemblance in format language and imagery Designed to win the hearts and minds of the masses such public confessions now enhanced by technology continue as a means to legitimize those in power and to demonize the enemy The role of torture in recent Iranian politics is the subject of Ervand Abrahamian's important and disturbing book Although Iran officially banned torture in the early twentieth century

Abrahamian provides documentation of its use under the Shahs and of **The State, Religion, and Ethnic Politics** Ali Banuazizi, Myron Weiner, 1988-08-01 Contributors to the volume are established scholars in their fields and successfully focus on the pertinent issues with a good mix of facts analysis and theoretical orientation The contributions are pertinent and valuable to students of comparative politics generally as well as to specialists on the selected countries Choice **Bahā'ī**
