## **Ireland Liberation And Theology:**

Liberation Theology Dermot A. Lane, 1977      *Ireland, Liberation, and Theology* Dermot A. Lane, 1978      Renewing the Irish Church Joseph McVeigh, 1993      *Religion, Identity and Politics in Northern Ireland* Claire Mitchell, 2017-03-02

Has conflict in Northern Ireland kept political dimensions of religion alive and has religion played a role in fuelling conflict? Conflict in Northern Ireland is not and never will be a holy war. Yet religion is more socially and politically significant than many commentators presume. In fact, religion has remained a central feature of social identity and politics throughout conflict as well as recent change. There has been an acceleration of interest in the relationship between religion, identity and politics in modern societies. Building on this debate, Claire Mitchell presents a challenging analysis of religion in contemporary Northern Ireland, arguing that religion is not merely a marker of ethnicity and that it continues to provide many of the meanings of identity, community and politics. In light of the multifaceted nature of the conflict in Northern Ireland, Mitchell explains that for Catholics, religion is primarily important in its social and institutional forms, whereas for many Protestants, its theological and ideological dimensions are more pressing. Even those who no longer go to church tend to reproduce religious stereotypes of them and us. Drawing on a range of unique interview material, this book traces how individuals and groups in Northern Ireland have absorbed religious types of cultural knowledge, belonging and morality, and how they reproduce these as they go about their daily lives. Despite recent religious and political changes, the author concludes that perceptions of religious difference help keep communities in Northern Ireland socially separate and often in conflict with one another.

The Catholic Church and the Northern Ireland Troubles, 1968-1998 Margaret M. Scull, 2019. Until surprisingly recently, the history of the Irish Catholic Church during the Northern Irish Troubles was written by Irish priests and bishops and was commemorative rather than analytical. This study uses the Troubles as a case study to evaluate the role of the Catholic Church in mediating conflict. During the Troubles, these priests and bishops often worked behind the scenes, acting as go-betweens for the British government and republican paramilitaries to bring about a peaceful solution. However, this study also looks more broadly at the actions of the American Irish and English Catholic Churches, as well as that of the Vatican, to uncover the full impact of the Church on the conflict. This critical analysis of previously neglected state Irish and English Catholic Church archival material changes our perspective on the role of a religious institution in a modern conflict.      *The Oxford Handbook of Religion in Modern Ireland* Gladys Ganiel, Andrew R. Holmes, 2024. This volume offers a range of sociological, political and historical perspectives on religion in Ireland from 1800 to the present. Going beyond the usual Catholicism-Protestantism dichotomy and adopting an all-island approach, the book's contributors address religion's interaction with several contemporary themes and debates in modern Ireland.

**Religion, Civil Society, and Peace in Northern Ireland** John D. Brewer, Gareth I. Higgins, Francis Teeney, 2011-12-16 Religion was thought to be part of the problem in Ireland and incapable of turning itself into part of the solution Many commentators deny the churches a role in Northern Ireland's peace process or belittle it focusing on the few well known events of church involvement and the small number of high profile religious peacebuilders This new study seeks to correct various misapprehensions about the role of the churches by pointing to their major achievements in both the social and political dimensions of the peace process by small scale lesser known religious peacebuilders as well as major players The churches are not treated lightly or sentimentally and major weaknesses in their contribution are highlighted The study challenges the view that ecumenism was the main religious driver of the peace process focusing instead on the role of evangelicals it warns against romanticising civil society pointing to its regressive aspects and counter productive activities and queries the relevance of the idea of spiritual capital to understanding the role of the churches in post conflict reconstruction which the churches largely ignore This book is written by three insiders to church peacebuilding in Northern Ireland who bring their insight and expertise as sociologists to bear in their analysis of four years in depth interviewing with a wide cross section of people involved in the peace process including church leaders and rank and file members of political parties prime ministers paramilitary organisations community development and civil

society groups as well as government politicians and advisors Many of these are speaking for the first time about the role of religious peacebuilding in Northern Ireland and doing so with remarkable candour The volume allows the Northern Irish case study to speak to other conflicts where religion is thought to be problematic by developing a conceptual framework to understand religious peacebuilding *Ex-Combatants, Religion, and Peace in Northern Ireland* J. Brewer,D. Mitchell,G. Leavey,2013-02-04

Studies of Northern Ireland s ex combatants ignore religion while advocates of religious interventions in transitional justice exaggerate its influence Using interview data with ex combatants this book explores religious influences upon violence and peace and develops a model for evaluating the role of religion in transitional justice **A Wounded**

**The Atlantic in Global History** Jorge Canizares-Esguerra,Erik R Seeman,2017-09-05 The Atlantic in Global History is a collection of original essays by leading authors that both introduce the main themes of Atlantic history and expand the category of the Atlantic chronologically spatially and methodologically Moving away from the nation state focused model of Atlantic history this book emphasizes the comparisons among national experiences of the Atlantic Meanwhile by extending beyond the early modern period and into the nineteenth and twentieth centuries it presents the continued analytical value of the Atlantic paradigm Each chapter explores the events that formed the nations and cultures of the Atlantic region and examines the Atlantic s relationship with non Atlantic communities This second edition is updated with a new introduction which includes a section dedicated to developments in the field since the publication of the previous edition and a new guide for instructors with suggestions for classroom use The volume s broad global and chronological coverage makes it an ideal book for students and lecturers of Atlantic History **Reagan's Gun-Toting Nuns** Theresa Keeley,2020-09-15

In Reagan s Gun Toting Nuns Theresa Keeley analyzes the role of intra Catholic conflict within the framework of U S foreign policy formulation and execution during the Reagan administration She challenges the preponderance of scholarship on the administration that stresses the influence of evangelical Protestants on foreign policy toward Latin America Especially in the case of U S engagement in El Salvador and Nicaragua Keeley argues the bitter debate between U S and Central American Catholics over the direction of the Catholic Church shaped President Reagan s foreign policy The flash point for these intra Catholic disputes was the December 1980 political murder of four American Catholic missionaries in El Salvador Liberal Catholics described nuns and priests in Central America who worked to combat structural inequality as human rights advocates living out the Gospel s spirit Conservative Catholics saw them as agents of class conflict who furthered the so called Gospel according to Karl Marx The debate was an old one among Catholics but as Reagan s Gun Toting Nuns contends it intensified as conservative anticommunist Catholics played instrumental roles in crafting U S policy to fund the Salvadoran government and the Nicaraguan Contras Reagan s Gun Toting Nuns describes the religious actors as human rights advocates and against prevailing understandings of the fundamentally secular activism related to human rights highlights religion

inspired activism during the Cold War In charting the rightward development of American Catholicism Keeley provides a new chapter in the history of U S diplomacy and shows how domestic issues such as contraception and abortion joined with foreign policy matters to shift Catholic laity toward Republican principles at home and abroad **The Journal of Religion**, 1979 Includes section Book reviews

**Christian Perspectives on Transforming Interreligious Encounter** Peter C. Phan, Anh Q. Tran, 2024-05-15 Christian Perspectives on Transforming Interreligious Encounter underscores the urgency of interreligious dialogue for contemporary society aiming to foster interfaith understanding justice and peace The initial section focuses on novel approaches to engaging with the religious Other through non Christian sacred texts Contributors explore the Jewish Christian relationship offer Christian interpretations of Hindu Buddhist and Confucian scriptures and discuss the Qur an s potential to refine Christian theology The dangers of comparative theology are warned against and alternative perspectives such as Asian liberation theology are proposed for situating religion critically as well as share the insights on Christian engagement with Zen practice The second part explores the transformation of key Christian doctrines through interreligious encounters Contributors delve into topics such as the conditions for faith and divine revelation formulating a Christology in dialogue with Asian traditions and understanding the Spirit as a source of questioning They investigate the communitarian dimension of religious faith discuss the Catholic Church s stance on interreligious dialogue examine the role of biblical hermeneutics in decolonizing theology and reflect on the existential threat of ecological destruction The third part pays tribute to Leo Lefebure emphasizing his impact on Catholic theology and comparative theology and concludes with Lefebure s epilogue providing him with the last word **Irish Identities in Victorian Britain** Roger Swift, Sheridan Gilley, 2013-10-31 Recent studies of the experiences of Irish migrants in Victorian Britain have emphasized the significance of the themes of change continuity resistance and accommodation in the creation of a rich and diverse migrant culture within which a variety of Irish identities co existed and sometimes competed In contributing to this burgeoning historiography this book explores and analyses the complexities surrounding the self identity of the Irish in Victorian Britain which differed not only from place to place and from one generation to another but which were also variously shaped by issues of class and gender and politics and religion Moreover and given the tendency for Irish ethnicity to mutate through a comparative study of the Irish in Britain and the United States the book suggests that in order to preserve their Irishness the Irish often had to change it Written by some of the foremost scholars in the field these original essays not only shed new light on the history of the Irish in Britain but are also integral to the broader study of the Irish Diaspora and of immigrants and minorities in multicultural societies This book was previously published as a special issue of *Immigrants and Minorities*

**Faith in the Millennium** Stanley E. Porter, Michael A. Hayes, David Tombs, 2001-02-01 At the close of one millennium and the beginning of a new one this conference volume reflects on the past and looks forward to a new era in terms of the development of faith Although most of the papers in the volume address issues concerning Christian

faith the volume is not confined to such a perspective since the concept of faith is treated here in an encompassing and broad manner The historical perspective reaches back several millennia addresses contemporary issues of economics and justice as they have a bearing on faith and looks to the future as a new millennium presents its own problems and potential opportunities

**Ireland** Richard B Finnegan, Edward T. Mccarron, 2018-02-20 This book examines a number of different interpretations and explanations in the context of historical change as the Irish grappled with the questions of political independence economic autonomy the decline of provincialism the rise of pluralism and the unsolved conundrum of Irish nationhood

**Ireland in Writing** Jacqueline Hurtley, Rosa González, Esther Aliaga, 2022-06-08 As the twentieth century draws to a close Ireland in Writing Interviews with Writers and Academics focuses on the textual mapping of the country over the century through the creative energies and intellectual reflections of a selection of writers and educators at the tertiary level The volume is a collection of eleven interviews held by three university teachers and a research assistant all resident in Spain The interviews with both male and female writers and academics who hail from Northern Ireland and the Republic have been conducted over the 1990s The writers were quizzed about their own writing how it came into being who or what they have looked to as inspirational and how their novels short stories poetry and plays relate to Ireland past and present The academics express views on their critical theories and practices on particular areas of interest on English and Irish in Ireland on contemporary writing and cultural dynamics from Friel to Telef s ireann passing through Field Day the Abbey and the question of a hybrid Irish identity
