Chain Store Progress ,1929 **Chain Store Age** ,1925 *Chain Store Inquiry: Character and extent of chain and cooperative chain store business* United States. Federal Trade Commission,1932 **Big-Box Swindle** Stacy Mitchell,2007-10-01 A Book Sense Pick and Annual Highlight With a New Afterword In less than two decades large retail chains have become the most powerful corporations in America In this deft and revealing book Stacy Mitchell illustrates how mega retailers are fueling many of our most pressing problems from the shrinking middle class to rising pollution and diminished civic engagement and she shows how a growing number of communities and independent businesses are effectively fighting back Mitchell traces the dramatic growth of mega retailers from big boxes like Wal Mart Home Depot Costco and Staples to chains like Starbucks Olive Garden Blockbuster and Old Navy and the precipitous decline of independent businesses Drawing on examples from virtually every state in the country she unearths the extraordinary impact of these companies and the big box mentality on everything from soaring gasoline consumption to rising poverty rates failing family farms and declining voting levels Along the way Mitchell exposes the shocking role government policy has played in the expansion of mega retailers and builds a compelling case that communities composed of many small locally owned businesses are healthier and more prosperous than those dominated by a few large chains More than a critique Big Box Swindle provides an invigorating account of how some communities have successfully countered the spread of big boxes and rebuilt their local economies Since 2000 more than two hundred big box development projects have been halted by groups of ordinary citizens and scores of towns and cities have adopted laws that favor small scale local business development and limit the proliferation of chains From cutting edge land use policies to innovative cooperative small business initiatives Mitchell offers communities concrete strategies that can stave off mega retailers and create a more prosperous and sustainable future The Journal of the National Association of Retail Druggists ,1914 *Public Affairs Information Service Bulletin* ,1927 **The Modern Chain Store** Creston Wilson Barnes,1923 **Journal of the American Pharmaceutical Association** American Pharmaceutical Association,1927 **N.A.R.D. Notes** National Association of Retail Druggists (U.S.),1914 *To Investigate the Causes of the Decline of Cotton Prices* United States. Congress. Senate. Committee on Agriculture and Forestry,1936 *Preaching on Wax* Lerone A. Martin,2014-11-14 The overlooked African American religious history of the phonograph industry Winner of the 2015 Frank S and Elizabeth D Brewer Prize for outstanding scholarship in church history by a first time author presented by the American Society of Church History Certificate of Merit 2015 Award for Excellence in Historical Recorded Sound Research presented by the Association for Recorded Sound Collections From 1925 to 1941 approximately one hundred African American clergymen teamed up with leading record labels such as Columbia Paramount Victor RCA to record and sell their sermons on wax While white clerics of the era such as Aimee Semple McPherson and Charles Fuller became religious entrepreneurs and celebrities through their pioneering use of

radio black clergy were largely marginalized from radio. Instead they relied on other means to get their message out teaming up with corporate titans of the phonograph industry to package and distribute their old time gospel messages across the country. Their nationally marketed folk sermons received an enthusiastic welcome by consumers at times even outselling top billing jazz and blues artists such as Bessie Smith and Ma Rainey. These phonograph preachers significantly shaped the development of black religion during the interwar period playing a crucial role in establishing the contemporary religious practices of commodification, broadcasting and celebrity. Yet the fame and reach of these nationwide media ministries came at a price as phonograph preachers became subject to the principles of corporate America. In *Preaching on Wax* Lerone A. Martin offers the first full length account of the oft overlooked religious history of the phonograph industry. He explains why a critical mass of African American ministers teamed up with the major phonograph labels of the day, how and why black consumers eagerly purchased their religious records and how this phonograph religion significantly contributed to the shaping of modern African American Christianity. **Minutes**, 1927 **Retailing Tomorrow** John Guernsey, 1929 *The Hughes Court: Volume 11* Mark V. Tushnet, 2022-02-03. The Hughes Court From Progressivism to Pluralism 1930 to 1941 describes the closing of one era in constitutional jurisprudence and the opening of another. This comprehensive study of the Supreme Court from 1930 to 1941 when Charles Evans Hughes was Chief Justice shows how nearly all justices even the most conservative accepted the broad premises of a Progressive theory of government and the Constitution. The Progressive view gradually increased its hold throughout the decade but at its end interest group pluralism began to influence the law. By 1941 constitutional and public law was discernibly different from what it had been in 1930 but there was no sharp or instantaneous Constitutional Revolution in 1937 despite claims to the contrary. This study supports its conclusions by examining the Court's work in constitutional law, administrative law, the law of justiciability, civil rights and civil liberties and statutory interpretation. **Marketing Executives' Series** American Management Association, 1929 *Sales Executives' Series* American Management Association, 1928 Chain Stores Walter Sumner Hayward, Percival White, 1925 **Hardware Trade Journal**, 1929 Printers' Ink, 1921 Michigan Manufacturer and Financial Record, 1927
