Is There an Islamic Problem ? Mohammad Shahid Alam,2004 **Why Islamic Society is Not Compatible With American Society** Albert Cooper,2022-08-15

Currently the fanatics rule Islam Their Islam is not a religion of peace Just as reading Hitler s Mein Kampf would have provided a forewarning on what he intended so the reading of Islamic ideologues unmasks the intentions of the radical Islamic leadership By its very nature the ideology of the Salafist movements does not allow for the prospect of negotiation compromise or coexistence Once the traditionalists made their way through the six hadith manuals they declared the judgment process finished Forever As a result the book that is the foundation of the faith and the interpretation of the teachings of the Prophet were both determined by the tenth century to be immutable All nonaEURMuslim societies are ignorant societies Muslim societies are the only civilized societies Only through the total destruction of secular societies can the Islamic system be secure An Islamic system means the abolition of manaEURmade laws in a theocracy based on Shari ah The Project represents a flexible multiaEURphased longaEURterm approach to the cultural invasion of the West Calling for the utilization of various tactics ranging from immigration infiltration surveillance propaganda protest deception political legitimacy and terrorism The Project has served for more than three decades as the Muslim Brotherhood master plan

How Sharia-Islm Hijacked Islam Hasan Mahmud,2017-09

Written by the Muslim man that has helped lead the successful effort to create Radical Free Villages in Muslim communities How Sharia ism Hijacked Islam is a life changing book for Muslims everywhere that accounts the greatest threat most of us Muslim and non Muslim alike face today radicalization and extremism based on flawed principles and dangerous theologies Specifically addressing the millions of peaceful Muslim men and women this excellent book sets out to answer what so many Muslim and non Muslims are thinking Is this REALLY what Islam commands From the Author Every day we hear the stories of another violent attack where the perpetrator shouted Allahu Akhbar and claimed to carry out such violence in the name of Islam As a Muslim man I have been angry perplexed confused and driven to find the answers and resolve why this religion I was brought up in has been used as an excuse for oppression against women and children and minorities I set out to become a scholar in Islam many years ago and this book is the product of my life s work understanding exactly what Islamic teachings have perpetuated radicalization and motivated extremists It all came down to one thing The forced implementation of Sharia law and its eventual transformation into framing societies and national governments The problem was never Islam itself or my own faith It was much deeper than that but also not impossible to resolve I have been blessed and honored to be among the founders of the Muslim Reform Movement that seeks to reform some of the most radical elements of extremist thought and Sharia oppression and in this book you will learn exactly which portions of texts have been used to fool us Muslims into believing we had a violent calling that has never been there I encourage you Muslim or non Muslim to flip the pages of this book and journey with me into the most contentious and oppressive facets of the radicals The Problem Sharia principles drafted from

flawed men with no basis in Quranic truth The Prognosis Forced Sharia implementation has led to oppressive governments but also to the self serving rules that state radicals can kill apostates or women can be mutilated or divorced without recourse etc etc Such deep seated beliefs based on Sharia ism have led to radicals believing they were allowed and mandated to carry out a violent form of acceptable vigilante justice as they see fit against those they consider non believers This then leads to the rise of groups like ISIS Al Qaeda Taliban and so many others The Prescription Study the texts for yourselves Learn to distinguish between the contradictory rhetoric and the truth in acceptance love freedom and most importantly human rights for ALL people
