Lost and Found Poetry D. M. Russ, 2016-06-30 I guess it was around two years ago that I found some poetry that was lost a gold mine of words original unseen poetry inside a yellow stained old diary that dates between 1860 and 1880 I started reading the diary and found myself getting excited with each and every word I was walking with them seeing what they saw and feeling what they felt I decided that since I am an avid lover of poetry and because of the way I felt after reading the diary I had to share the lost past with everyone So here we are two and a half years later *Lost and Found Poetry* This book has eighty lost poems that you have now found I want you to feel how they felt see what they saw hear what they said live where they lived So as soon as you open the book to the first page be ready You might cry you might laugh you will be sad and you will be happy very religious but together we'll share what we have found *Lost and Found Poetry* The words are kept in their original format from the diary and misspellings are the same as in the original I did not want to take anything away from the words or feeling they wanted us to hear by making corrections What you will be reading is the original diaries format
