Fatal Women:

Fatal Women of Romanticism Adriana Craciun, 2002-12-12 Incarnations of fatal women or femmes fatales recur throughout the works of women writers in the Romantic period Adriana Craciun demonstrates how portrayals of femmes fatales or fatal women played an important role in the development of Romantic women's poetic identities and informed their exploration of issues surrounding the body, sexuality and politics Craciun covers a wide range of writers and genres from the 1790s through the 1830s She discusses the work of well known figures including Mary Wollstonecraft as well as lesser known writers like Anne Bannerman By examining women writers fatal women in historical, political and medical contexts Craciun uncovers a far ranging debate on sexual difference She also engages with current research on the history of the body and sexuality providing an important historical precedent for modern feminist theory's ongoing dilemma regarding the status of woman as a sex

The Violent Woman Hilary Neroni, 2012-02-16 In *The Violent Woman* Hilary Neroni brings psychoanalytically informed film theory to bear on issues of femininity, violence and narrative in contemporary American cinema Examining such films as *Thelma and Louise*, *Fargo*, *Natural Born Killers* and *The Long Kiss Goodnight* Neroni explores why American audiences are so fascinated even excited by cinematic representations of violent women and what these representations reveal about violence in our society and our cinema Neroni argues that violent women characters disrupt cinematic narrative and challenge cultural ideals suggesting how difficult it is for Hollywood the greatest of ideology machines to integrate the violent woman into its typical narrative structure

In the Company of Women Karen Hollinger, The locus of Jim Dale Huot Vickery's life is a remote cabin in the northern wilderness of Minnesota's Boundary Waters region More often than not it is winter here a fierce beautiful season that dominates all living things with its relentless cold grip This is the inspiration for *Winter Sign* the profound story of fifteen years of surviving the seven month long odyssey of winter in the far north We know parkas mukluks mittens snowshoes skis and sled dogs Huot Vickery writes Snow sparkles gold on cloudless winter mornings There are shell pink sunsets Stars glimmer among northern lights For those of us who know this land however beauty is only part of the winter story There are those long nights those we rarely speak about that surely and irrevocably shift the soul Against this backdrop Huot Vickery writes authoritatively on the ecology of the area and philosophically about winter's probing of the human spirit He explores the world of nature and the constant struggle for survival including his own interactions with white tailed deer and wolves Huot Vickery circles around paradoxes and themes that invade the land and his life nature's beauty and bounty pitted against danger and death the challenge of self reliance and the depths of isolation loss and restoration And always there is the unrelenting winter filled with wonder and terror At turns poignant and harrowing *Winter Sign* explores the solitude of the dark night of the soul and the sustenance and inspiration winter's wild

Claire Knowles,2013-04-28 Arguing that the end of the eighteenth century witnessed the emergence of an important female poetic tradition Claire Knowles analyzes the poetry of several key women writing between 1780 and 1860 Knowles provides important context by demonstrating the influence of the Della Cruscan in exposing the constructed and performative nature of the trope of sensibility a revelation that was met with critical hostility by a literary culture that valorised sincerity This sets the stage for Charlotte Smith who pioneers an autobiographical approach to poetic production that places increased emphasis on the connection between the poet's physical body and her body of work Knowles shows the poets Susan Evance Letitia Elizabeth Landon and Elizabeth Barrett Browning advancing Smith's poetic strategy as they seek to elicit a powerful sympathetic response from readers by highlighting a connection between their actual suffering and the production of poetry From this environment a specific tradition in female poetry arises that is identifiable in the work of twentieth century writers like Sylvia Plath and continues to pertain today Alongside this new understanding of poetic tradition Knowles provides an innovative account of the central role of women writers to an emergent late eighteenth century mass literary culture and traces a crucial discursive shift that takes place in poetic production during this period She argues that the movement away from the passionate discourse of sensibility in the late eighteenth century to the more contained rhetoric of sentimentality in the early nineteenth had an enormous effect not only on female poets but also on British literary culture as a whole

Fellow Romantics Beth Lau,2009-01-01 Beginning with the premise that men and women of the Romantic period were lively interlocutors who participated in many of the same literary traditions and experiments *Fellow Romantics* offers an inspired counterpoint to studies that emphasize differences between male and female Romantic era writers Linking among others Charlotte Smith and William Wordsworth Felicia Hemans and Percy Bysshe Shelley the contributors defamiliarize the work of both male and female writers by drawing our attention to frequently neglected aspects of each writer's art
