Father Under Fire:

Handbook of Father Involvement Natasha J. Cabrera, Catherine S. Tamis-LeMonda, 2012-12-06 This book brings together experts from diverse scientific disciplines who share an interest in the topic of father involvement Unlike most books in the field which tend to solely draw from a psychological perspective this Handbook merges theories and research from the unique fields of psychology economics demography sociology anthropology and social policy For the most part research on fathering is motivated by concern for children's well being Social scientists share a core set of questions including Who are fathers What is father involvement and how does it affect children and families What are the determinants of father involvement How do cultural contexts shape fathers roles in families This Handbook sheds light on how a cross disciplinary approach to the study of fathering can advance knowledge about these fundamental questions This integrative approach is fundamental to a comprehensive understanding of human development generally and to fathering more specifically At the core of this book are the goals of describing and understanding the nature antecedents and consequences of father involvement across biological status family structure culture and stages in children's development both within and across scientific boundaries Each of the scientific disciplines represented offers unique methodological and theoretical approaches to the study of fathering and to the interpretation of behavioral patterns that characterize ecological systems that include as well as extend beyond family units Together the chapters offer provocative and challenging insight into the nature and meaning of fatherhood and father involvement by questioning longstanding assumptions about fathers roles in the lives of families and children in current history

Cinderland Amy Jo Burns, 2015-09-08 A riveting literary debut about the cost of keeping quiet Amy Jo Burns grew up in Mercury Pennsylvania an industrial town humbled by the steel collapse of the

1980s Instead of the construction booms and twelve hour shifts her parents generation had known the Mercury Amy Jo knew was marred by empty houses old strip mines and vacant lots It wasn't quite a ghost town only because many people had no choice but to stay The year Burns turned ten this sleepy town suddenly woke up Howard Lotte its beloved piano teacher was accused of sexually assaulting his female students Among the countless girls questioned only seven came forward For telling the truth the town ostracized these girls and accused them of trying to smear a good man's reputation As for the remaining girls well they were smarter They lied Burns was one of them But such a lie has its own consequences Against a backdrop of fire and steel shame and redemption Burns tells of the boys she ran from and toward the friends she abandoned and the endless performances she gave to please a town that never trusted girls in the first place This is the story of growing up in a town that both worshipped and sacrificed its youth a town that believed being a good girl meant being a quiet one and the long road Burns took toward forgiving her ten year old self Cinderella is an elegy to that young girl's innocence as well as a praise song to the curative powers of breaking a long silence

Nicene and Post-Nicene Fathers First Series, St. Augustine Philip Schaff, 2007-05-01 The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity For the first time doctrines were organized into a single creed The Nicene and Post Nicene Fathers did most of their writing during and after this important event in Church history Unlike the previous era of Christian writing the Nicene and Post Nicene era is dominated by a few very important and prolific writers In Volume VI of the 14 volume collected writings of the Nicenes and Post Nicenes first published between 1886 and 1889 readers will find Saint Augustine's exegesis on the Gospels and the Sermon on the Mount which strove to interpret and draw meaning out of the text without incorporating the author's personal agenda or bias Also included in this volume are a selection of Augustine's sermons Judges 13-21 Jack M. authoritative commentary on the book of Judges The second half of Judges is set when there was no king in Israel anyone could do whatever felt right It narrates the tale of Samson the would be liberator of Israel who comes to a violent end the conquest of the land of Laish and a vicious rape that when followed by a shocking dismemberment ignites a war among the tribes In the second installment of his authoritative two volume commentary Jack M Sasson invites his readers to ponder the many levels of meaning in the Hebrew text through a careful survey of its contents evolution and reception By situating the text alongside its earliest translations into Greek Aramaic and Latin Sasson offers compelling observations on the characters action pacing and style of the narrative focusing on the characterization of Samson as a resourceful avenger of Philistine cruelties and as an instrument of God intended to humiliate false divinities Sasson draws widely on comparative literature from Egypt Greece and Mesopotamia to enrich our understanding of how biblical writers adapted older regional sagas and he derives insights from Hellenistic and rabbinic sources to re create how Judges was understood by its earliest readers

Comprehensive and engagingly written Judges 13 21 is an invitation to readers to rediscover these ancient stories and in so doing gain a greater appreciation for the art of Hebrew storytelling
