Slavin, 2013-03-18 The Lost Feather is a tome of transitions and of what happens in transit between the plateaus of definitive expressions that took place elsewhere Underneath the painting of the bluebird that left its traces of blue in the sky beneath the artist's hand is the painting of what culminated in that moment of certain artistry The underpainting adds a context for the sure strokes of the finished art and the back ends of a process reveal the makings of the meaning that is final as a gesture In between the moment of the bird's passing and the recognition of the color in the air a feather that is lost in that transitory beauty is found in these pages something which the polished work could not have given by its very nature as an edition of a work of literature that is said to be complete **Toad in Town** Linda Talley, 2001 Toad can't imagine a better place to live than his home in the English countryside but when he is suddenly uprooted a new friend helps him adjust to the city **Following Isabella (Responsibility Children's Book)** Linda Talley, 2001 Isabella the sheep sets out to become a leader and ultimately saves the flock from a deadly wildfire Includes nonfiction information about Spain *Bailey's Birthday* Elizabeth Happy, Elizabeth Cook, 1994 Bailey the dalmatian hopes to receive wonderful presents on his birthday until he learns that spending time with people who love him is the greatest gift of all Includes information on the history and sights of New York City The Romantic Southland of California Marshall Breeden, 1928 **School Library Journal** , 2003 **Library of Congress Subject Headings** Library of Congress, 2012 *NOTES ON SHOSHONEAN DIALECTS OF SOUTHERN CALIFORNIA* A. L. KROEBER, 1909 **Feather girl** Tonya Hurley, 2021-04-15 El nuevo libro de Tonya Hurley autora de la serie superventas Ghostgirl Wren Grayson odia los pajaros Los odia porque la despiertan cada mañana Los odia porque su padre ornitólogo está obsesionado con ellos Los odia porque se llevaron a su madre Y porque suega con ellos y le hablan Y porque cuando lo hacen ella los entiende Pero solo los pajaros podrán coser las heridas que han roto su familia y devolverle a su madre perdida en las marismas de Luisiana que ocultan un mundo lleno de magia y leyenda *A Mission Record of the California Indians* Alfred Louis Kroeber, José Francisco de Paula Señán, Vicente Francisco de Sarriá, 1910 **California's Fading Wildflowers** Richard A. Minnich, 2008-06-18 Early Spanish explorers in the late eighteenth century found springtime California covered with spectacular carpets of wildflowers from San Francisco to San Diego Yet today invading plant species have devastated this nearly forgotten botanical heritage In this lively vividly detailed work Richard A Minnich synthesizes a unique and wide

ranging array of sources from the historic accounts of those early explorers to the writings of early American botanists in the nineteenth century newspaper accounts in the twentieth century and modern ecological theory to give the most comprehensive historical analysis available of the dramatic transformation of California's wildflower prairies. At the same time his groundbreaking book challenges much current thinking on the subject critically evaluating the hypothesis that perennial bunchgrasses were once a dominant feature of California's landscape and instead arguing that wildflowers filled this role. As he examines the changes in the state's landscape over the past three centuries Minnich brings new perspectives to topics including restoration ecology conservation and fire management in a book that will change our view of native California. *University of California Publications in American Archaeology and Ethnology*, 1910 **Azarian** Harriet Elizabeth Prescott Spofford, 1864 **Alta California** Nick Neely, 2020-06-09 National Bestseller This fascinating account of one man's 650 mile trek from San Diego to San Francisco captures the many layers of California's fiendishly complex history. Makes you fall or refall in love with California wildfires and insane housing prices and all. What a journey you think. What a state. San Francisco Chronicle In 1769 an expedition led by Gaspar de Portola sketched a route that would become in part the famous El Camino Real. It laid the foundation for the Golden State we know today a place that remains as mythical and captivating as any in the world. Despite having grown up in California Nick Neely realized how little he knew about its history. So he set off to learn it bodily with just a backpack and a tent trekking through stretches of California both lonely and urban. For twelve weeks following the journal of expedition missionary Father Juan Crespi Neely kept pace with the ghosts of the Portola expedition nearly 250 years later. Weaving natural and human history *Alta California* relives Neely's adventure while telling a story of Native cultures and the Spanish missions that soon devastated them and exploring the evolution of California and its landscape. The result is a collage of historical and contemporary California of lyricism and pedestrian serendipity and of the biggest issues facing California today water agriculture oil and gas immigration and development all of it one step at a time. **Geological Survey Circular**, 1968 *Del Otro Lado de la Noche*, 2002 The Chicano poet offers a collection of poems from the last fifteen years including fourteen new works that discuss love sex and AIDS.
