Hulatt,2016-09-27 In Adorno s Theory of Philosophical and Aesthetic Truth Owen Hulatt undertakes an original reading of Theodor W Adorno s epistemology and its material underpinnings deepening our understanding of his theories of truth art and the nonidentical Hulatt s novel interpretation casts Adorno s theory of philosophical and aesthetic truth as substantially unified supporting the thinker s claim that both philosophy and art are capable of being true For Adorno truth is produced when rhetorical texture combines with cognitive performance leading to the breakdown of concepts that mediate the experience of the consciousness Both philosophy and art manifest these features although philosophy enacts these conceptual issues directly while art does so obliquely Hulatt builds a robust argument for Adorno s claim that concepts ineluctably misconstrue their objects He also puts the still influential thinker into conversation with Hegel Husserl Frazer Sohn Rethel Benjamin Strawson Dahlhaus Habermas and Caillois among many others **Hegel and the History of**

**Political Philosophy** Gary Browning,1999-02-26 This book relates Hegel to preceding and succeeding political philosophers The Hegelian notion of the interdependence of political philosophy and its history is demonstrated by the links established between Hegel and his predecessors and successors Hegel s political theory is illuminated by essays showing its critical assimilation of Plato and Hobbes and by studies reviewing subsequent critiques of its standpoint by Stirner Marx and Collingwood The relevance of Hegel to contemporary political philosophy is highlighted in essays which compare Hegel to Lyotard and Rawls ***Neo-Kantianism in Contemporary Philosophy*** Rudolf A. Makkreel,Sebastian Luft,2009-11-20 This

comprehensive treatment of Neo Kantianism discusses the main topics and key figures of the movement and their intersection with other 20th century philosophers With the advent of phenomenology existentialism and the Frankfurt School

Neo Kantianism was deemed too narrowly academic and science oriented to compete with new directions in philosophy. These essays bring Neo Kantianism back into contemporary philosophical discourse. They expand current views of the Neo Kantians and reassess the movement and the philosophical traditions emerging from it. This groundbreaking volume provides new and important insights into the history of philosophy, the scope of transcendental thought, and Neo Kantian influence on the sciences and intellectual culture.

**Essays on the Christian Worldview and Others Political, Literary, and Philosophical** Andrew J. Schatkin, 2012-07-10. This collection of essays and thoughts covers such areas as basic Christian thought which includes traditional family morality and a great concern for alleviating poverty and promoting social justice; political thought comparing the need for a system which includes both socialist and capitalist elements and the need for values in our society which has come to emphasize money, power, and greed as philosophical goals and values, though they are not. The book also has thoughts concerning literature, a consideration of what constitutes true progress, the denial in our society of any absolute moral truth, and the substitution of moral relativism as a mistaken ethical system.
