Integration Now William P. Hustwit, 2019-02-05 Recovering the history of an often ignored landmark Supreme Court case William P Hustwit assesses the significant role that *Alexander v Holmes* 1969 played in integrating the South's public schools Although *Brown v Board of Education* has rightly received the lion's share of historical analysis its ambiguous language for implementation led to more than a decade of delays and resistance by local and state governments *Alexander v Holmes* required integration now and less than a year later thousands of children were attending integrated schools Hustwit traces the progression of the *Alexander* case to show how grassroots activists in Mississippi operated hand in glove with lawyers and judges involved in the litigation By combining a narrative of the larger legal battle surrounding the case and the story of the local activists who pressed for change Hustwit offers an innovative well researched account of a definitive legal decision that reaches from the cotton fields of Holmes County to the chambers of the Supreme Court in Washington
