Iris Murdoch Work For The Spirit:

Iris Murdoch Elizabeth Dipple,2019-10-01 Originally published in 1982 this brilliant study provides a perceptive and up to date assessment of the novels of Iris Murdoch up to and including Nuns and Soldiers published in 1980 The Fire and the Sun her book on Plato is also considered in depth It is not a critical biography but rather shows how massive Murdoch s literary career was at the time and what her contribution has been to aesthetics literary criticism the realistic novel and to the possibilities of ethical and religious action in a horror filled and secular age Above all the book is interested in forwarding Murdoch s cause among her readers It is not aimed simply at those who have read and studied all of her novels the text will appeal to the readers of only a few of them as well as literary scholars and students of contemporary fiction and modern culture

Unity and the Holy Spirit John E. Hare,2023 John E Hare investigates the work of the Holy Spirit in the world He proposes that the Spirit aims at unity of four different kinds unity between us and the material world unity within us unity between us and others and unity between us and God The book ends by asking why the Spirit aims at unity and the answer is that the Spirit loves

Sexuality, Gender, and Power in Iris Murdoch's Fiction Tammy Grimshaw,2005 The study concludes that just as it is generally difficult to classify the genders and sexualities of Murdoch s characters the author s narrative style also evades classification under traditional rubrics of gender or artistic achievement Jacket *Iris Murdoch's Fables of Unselfing* David J. Gordon,1995 Like Jane Austen and Henry James but also like Fyodor Dostoevsky and Simone Weil Iris Murdoch is a keen student of those egoistic obsessions that cloud our moral understanding In Iris Murdoch s Fables of Unselfing David J

Gordon probes more deeply and comprehensively than any previous critic the intellectual energies and the ethical imperative of unselfing that inform her fiction Gordon contends that the term fable best describes the kind of novel Murdoch writes because in each a mythmaking purpose interacts with a commitment to realism shaping the erotic life of fictional characters into a spiritual pilgrimage on which they struggle more or less unsuccessfully to overcome the self centeredness that keeps them away from the Good The most original element in the fiction Gordon argues is not its striking modernization of Plato or its adaptations of nineteenth century influences but its intensely creative struggle with Freud In developing his analysis of her themes Gordon draws on Murdoch s work from throughout her forty year career showing how each novel grew out of its predecessors and in what ways each is original

Better Worlds Peter Roberts,D. John Freeman-Moir,2013-01-01 This book with its attention to literature and the visual arts as well as traditional non fiction sources provides a distinctive wide ranging exploration of utopia and education Utopia is examined not as a model of social perfection but as an active ongoing imaginative educational process the building of better worlds

The Field Day Anthology of Irish Writing Seamus Deane,Andrew Carpenter,Angela Bourke,Jonathan Williams,1991

Hamlet in His Modern Guises Alexander Welsh,2001-01-03 Focusing on Shakespeare s Hamlet as foremost a study of grief Alexander Welsh offers a powerful analysis of its protagonist as the archetype of the modern hero For over two centuries writers and critics have viewed Hamlet s persona as a fascinating blend of self consciousness guilt and wit Yet in order to understand more deeply the modernity of this Shakespearean hero Welsh first situates Hamlet within the context of family and mourning as it was presented in other revenge tragedies of Shakespeare s time Revenge he maintains appears as a function of mourning rather than an end in itself Welsh also reminds us that the mourning of a son for his father may not always be sincere This book relates the problem of dubious mourning to Hamlet s ascendancy as an icon of Western culture which began late in the eighteenth century a time when the thinking of past generations or fathers represented to many an obstacle to human progress Welsh reveals how Hamlet inspired some of the greatest practitioners of modernity s quintessential literary form the novel Goethe s Wilhelm Meister s Apprenticeship Scott s Redgauntlet Dickens s Great Expectations Melville s Pierre and Joyce s Ulysses all enhance our understanding of the play while illustrating a trend in which Hamlet ultimately becomes a model of intense consciousness Arguing that modern consciousness mourns for the past even as it pretends to be free of it Welsh offers a compelling explanation of why Hamlet remains marvelously attractive to this day

REAL Volume 9 (1993) Herbert Grabes,Winfried Fluck,Jürgen Schlaeger,1993

Morality in a Realistic Spirit Andrew Gleeson,Craig Taylor,2019-09-18 This unique collection of essays has two main purposes The first is to honour the pioneering work of Cora

Diamond one of the most important living moral philosophers and certainly the most important working in the tradition inspired by Ludwig Wittgenstein The second is to develop and deepen a picture of moral philosophy by carrying out new work in what Diamond has called the realistic spirit The contributors in this book advance a first order moral attitude that pays close attention to actual moral life and experience Their essays inspired by Diamond s work take up pressing challenges in Anglo American moral philosophy including Diamond s defence of the concept human being in ethics her defence of literature as a source of moral thought that does not require external sanction from philosophy her challenge to the standard fact value dichotomy and her exploration of non argumentative forms of legitimate moral persuasion There are also essays that apply this framework to new issues such as the nature of love the connections of ethics to theology and the implications of Wittgenstein s thought for political philosophy Finally the book features a new paper by Diamond in which she contests deep rooted philosophical assumptions about language that severely limit what philosophers see as the possibilities in ethics Morality in a Realistic Spirit offers a tribute to a great moral philosopher in the best way possible by taking up the living ideas in her work and taking them in original and interesting directions

Post-War British Women Novelists and the Canon Nick Turner,2011-11-03 With the increasing number of books on contemporary fiction there is a need for a work that examines whom we value and why These questions lie at the heart of this book which by focusing on four novelists literary and popular interrogates the canon over the last fifty years The argument unfolds to demonstrate that academic trends increasingly control canonicity as do the demands of genre the increasing commercialisation of literature and the power of the literary prize Turner argues that literary excellence demonstrated by style and imaginative power is often missing in many works that have become modern classics and makes a case for the value of the universal in literature Written in a jargon free style with reference to many supporting writers the book raises a number of significant cultural questions about the arts fashions and literary reputations of interest to readers in contemporary literary studies

Regendering the School Story Beverly Lyon Clark,2004-08-02 In 18th through 20th century British and American literature school stories always play out the power relationships between adult and child They also play out gender relationships especially when females are excluded although most histories of the genre ignore the unusual novels that probe the gendering of school stories When the occasional man wrote about girls schools as Charles Lamb and H G Wells did he sometimes empowered his female characters granting them freedoms that he had experienced at school Women who wrote about boys schools often gave unusual emphasis to families and at times revealed the contradictions in the schoolyard code against telling tales or presented competing versions of masculinity such as the Christian gentleman versus the self made man Sometimes these middle class white women projected their sense of estrangement onto working class and minority women Sometimes they wrote school stories that were in dialog with other genres as when Mrs Henry Wood wrote a sensation story or like Louisa May Alcott they domesticated the boys school story giving prominence to a female viewpoint

Freedom and Limit P. Fiddes,1991-11-25 If

imagination is understood to be a human response to the self revelation of God what practical results might this have for the work both of literary criticism and theology Both theologians and creative writers find human existence to be characterised by basic tension between freedom and limit which accounts for a sense of fallenness and which a dialogue between literature and Christian doctrine can do much to illuminate Such a dialogue is worked out in studies of the poetry of William Blake and Gerard Manley Hopkins and the novels of D H Lawrence Iris Murdoch and William Golding *Logos of Phenomenology and Phenomenology of the Logos. Book Five* Anna-Teresa Tymieniecka, 2006-02-06 Having established in the onto-poiesis phenomenology of life the creative function of the human being as the fulcrum of our beingness in becoming let us now turn to investigate the creative logos In this collection the momentum of a gathering creative brainstorm leads to the vertiginous imaginative transformability of the creative logos as it ciphers through the aesthetic sense the elements of experience sensing feeling emotions forming in works of art thus lifting human experience into spirit and culture Papers by Ellen J Burns Mao Chen J C Couceiro Bueno David Brubaker Madalina Diaconu Michel Dion Antonio Dominguez Rey Elga Freiberga Jennifer Anna Gosetti Ferencei Brian Grassom Calley Hornbuckle Lawrence Kimmel Ljudmila Molodkina Chiedozie Okoro Rebecca M Painter Aleksandra Pawliszyn Osvaldo Rossi Jadwiga Smith Piero Trupia Patricia Trutty Coohill Anna Teresa Tymieniecka James Werner Raymond J Wilson III Encyclopedia of Ethics Lawrence C.
