Irish Cottages Liam Blake,1985 **Ireland** ,2011 Describes the architecture culture and history of Ireland explores the highlights of each region of the country and recommends hotels restaurants shops sights and scenic routes **Ireland Beautiful** Wallace Nutting,1925 *Castles, Cottages, and Curiosities* Patti Neri,2025-01-08 Three years ago Ella and her ailing husband joined ten of their closest friends and traveled throughout Ireland for twelve memorable days But one of those

days would haunt her for years Due to an unexpected detour their driver passed by a white stone cottage and Ella was immediately overcome with emotion She was consumed by a sense of utter loss and a heaviness so strong that she thought her heart would shatter Ella began having recurring dreams about the white stone cottage and the powerful emotions that came with it After her husband passed away the following year her recurring dreams became much more frequent Ella reluctantly decides to go back to Ireland to locate the white stone cottage and hopefully find the reason behind her nightmares and feelings Ella never imagined that her return to Ireland would change her life forever *Stone Cottage* James Longenbach, 1991-01-17 Although readers of modern literature have always known about the collaboration of W B Yeats and Ezra Pound the crucial winters these poets spent living together in Stone Cottage in Sussex 1913 1916 have remained a mystery Working from a large base of previously unpublished material James Longenbach presents for the first time the untold story of these three winters Inside the secret world of Stone Cottage Pound's Imagist poems were inextricably linked to Yeats's studies in spiritualism and magic and early drafts of *The Cantos* reveal that the poem began in response to the same esoteric texts that shaped Yeats's visionary system At the same time Yeats's autobiographies and *Noh* style plays took shape with Pound's assistance Having retreated to Sussex to escape the flurry of wartime London both poets tracked the progress of the Great War and in response wrote poems some unpublished until now that directly address the poet's political function More than the story of a literary friendship *Stone Cottage* explores the Pound Yeats connection within the larger context of modern literature and culture illuminating work that ranks with the greatest achievements of modernism Houses of the Welsh Countryside Peter Smith, 1988 When this book was first published in 1975 it was at once enthusiastically received by scholars and the general public alike and recognized as a classic of its genre It represented a notable publication of the early fruits of the Commission's work on the side of its responsibility for the National Monuments Record for Wales During the years which have since intervened much fresh information has come to light concerning Welsh houses not least because of the intense interest awakened by the original publication This new knowledge has as far as possible been incorporated in the new and revised edition which contains approximately onequarter more material than the first Although it has not been possible to alter the original text a number of additional maps and photographs have been included and a new dust jacket has been designed The Commissioners would wish warmly to congratulate their Secretary Mr Peter Smith those of his colleagues who were associated with him and H M S O on the excellence of this volume It marks another outstanding landmark in the study of vernacular architecture not only in Wales but also in the British Isles and a major achievement on the part of its author Although this second edition of *Houses of the Welsh Countryside* retains in their entirety the text the illustrations and the layout of the volume first published in 1975 it also includes a substantial amount of new information which has come to light since that date Some of this new material takes the form of additional figures inserted where appropriate into the existing illustrative pages Similarly a small number of additional colour plates showing

typical houses in characteristic settings has been tipped into the text There are also additions to the original map lists It has not been possible for reasons of cost to bring the maps themselves up to date but as the newly discovered sites nearly always reinforce the distribution patterns first indicated this omission is not crucial The numbers of new discoveries can vary from a mere handful on one list to several hundred on another All other new material is introduced as part of an additional SECTION IV at the back of the volume This section comprises Corrigenda Covering sites which were inadequately or incorrectly described in the first volume involving in one case a complete reappraisal of the original reference Addenda I Describing and illustrating a small number of newly surveyed houses of especial interest which could not easily be fitted into the illustrations in the main text Addenda II Analysing the incidence of date inscriptions as evidence for building activity Addenda III Listing and mapping a number of features of domestic architecture not previously so noted Addenda IV Listing and mapping various features of ecclesiastical architecture which also occur in houses and which therefore have a bearing on the evolution of domestic architecture

Advertising and Consumer Culture in Ireland, 1922-1962 Stephanie Rains, 2022-08-13 This book explores advertising and consumer culture as key aspects of everyday life and national culture in twentieth-century Ireland It makes a particular argument that the presence of anti-materialist rhetoric in some parts of Irish public life after Independence has obscured the existence of a lively consumer culture throughout the period as evident in the many advertisements which supported Irish newspapers and magazines the jingles broadcast on Irish radio and the neon advertising signs and billboards on Irish streets The book focuses on the development of the advertising industry itself and the sophisticated ways in which it worked to associate consumption with national pride It also considers the advertising of Irish homes and home appliances as an important focus of consumption and the targeting of Irish women as the principal consumers in those homes as well as publicity stunts and advertising in public space and the form and style of commercial broadcasting and sponsored programming from the earliest days of Irish radio It finishes with an examination of the opposite extremes of consumer abundance displayed in the annual Christmas advertising as opposed to the consumer culture response to shortages during World War Two
