IRRATIONALISM

Lukács and the Marxist View of Reason

Irrationalism Lukacs And The Marxist View Of Reason

Michael Sonenscher

Irrationalism Lukacs And The Marxist View Of Reason:

Irrationalism Tom Rockmore, 2010-03-31 This is the first detailed study following the recent collapse of political Marxism in Eastern Europe of twentieth century Hungarian philosopher Georg Lukács and his position as the leading proponent of the Marxist theory of reason. Lukács's *History and Class Consciousness* has been called one of the three most influential philosophical works of this century and he the outstanding Marxist philosopher. Marxism has long suffered relative neglect in philosophical discussion as a result of its own invidious distinction between itself and the supposed irrationality of what it regards as bourgeois philosophy. Tom Rockmore offers a uniquely detailed philosophical analysis of Lukács's entire position as a theory of reason based on the distinction between reason and unreason or irrationalism. The author gives special emphasis to Lukács's connection to German neo-Kantianism, particularly Lask, and on his last unfinished work. Rockmore begins with an account of the roots of Lukács's Marxism followed by an in-depth analysis of his often mentioned but still incompletely understood seminal essay *Reification and the Class Consciousness of the Proletariat*. He then traces the evolution and later demise of the distinction between reason and irrationalism in Lukács's final thought. The author thus makes available for the first time in English a strictly philosophical discussion of Georg Lukács's Marxist phase and brings consideration of his thought into the wider philosophical discussion.

Georg Lukacs Reconsidered Michael Thompson, 2011-04-07 An international team of contributors explore contemporary insights into the work of Georg Lukács in political theory, aesthetics, ethics, and social and cultural theory.

The Palgrave Handbook of Leninist Political Philosophy Tom Rockmore, Norman Levine, 2018-12-19 This intellectually discomfiting, disturbingly provocative yet still thoroughly scholarly Handbook reproduces the intellectual ferment that accompanied the Russian Revolution, including the wholly polarising effect at that time of Vladimir Ilyich Lenin. The Palgrave Handbook of Leninist Political Philosophy does not settle for one safe interpretation of the thought of this world historic figure but rather revels in a clash of viewpoints. Most interestingly it presents a contrast between the Western editors who emphasise pure democracy and Marxian humanism with many of the contributing scholars who take a more sanguine view of the Leninist political project. Perhaps reflecting the current Western political crisis, some of the volume's other European and North American scholars more closely align with their colleagues from the Global South. Key Features: Places particular emphasis on the key elements of Lenin's thought: the dictatorship of the proletariat which is trenchantly defended; the nature of the dialectic; and the New Economic Policy. Additional comprehensive coverage includes the theory of the party, Bolshevism, imperialism, and the class struggle in the countryside. Examines the relation of Lenin's thought to the ideas of his most influential contemporaries including Luxemburg, Stalin, and Trotsky, as well as the most eminent thinker to interpret Lenin since his death, György Lukács. This Handbook is essential reading for scholars, researchers, and advanced students in political philosophy, political theory, the history of political ideas, economics, international relations, and world history. It is also ideal for the general reader who wishes to understand some of the most

powerful ideas that have shaped the modern world and that may yet shake the world again **Marx After Marxism** Tom Rockmore, 2008-04-30 Marx After Marxism encourages readers to understand Karl Marx in new ways unencumbered by political Marxist interpretations that have long dominated the discussions of both Marxists and non Marxists This volume gives a broad and accessible account of Marx's philosophy and emphasizes his relationship to Hegel Lukács's Phenomenology of Capitalism Richard Westerman, 2018-08-14 This book offers a radical new interpretation of Georg Lukács's History and Class Consciousness showing for the first time how the philosophical framework for his analysis of society was laid in the drafts of a philosophy of art that he planned but never completed before he converted to Marxism Reading Lukács's work through the so called Heidelberg Aesthetics reveals for the first time a range of unsuspected influences on his thought such as Edmund Husserl Emil Lask and Alois Riegl it also offers a theory of subjectivity within social relations that avoids many of the problems of earlier readings of his text At a time when Lukács's reputation is once more on the rise this bold new reading helps revitalize his thought in ways that help it speak to contemporary concerns *Lukács Reads Goethe* Nicholas Vazsonyi, 1997 Long recognized as one of the foremost literary critics of the twentieth century the Hungarian born Georg Lukács 1885-1971 shocked many by turning to Marxism in 1918 Using his formidable knowledge of European cultural history he revitalized Marxist theory with his book History and Class Consciousness 1923 and continued to write extensively about literature The ultimate question posed by this book is how Lukács in the 1930s was able to write enthusiastically about Goethe citing him as an ideal exponent of humanism while simultaneously accepting and even condoning Stalinism The American Bibliography of Slavic and East European Studies for 1994 Patt Leonard, Rebecca Routh, 1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs *Phenomenology: East and West* F.M. Kirkland, D.P. Chattopadhyaya, 2012-12-06 To know the work of Jitendra Nath Mohanty even slightly is to commence to appreciate it immensely Lucidity and sagacity have been its armor originality and ingenuity have been its strength And wearing the former and wielding the latter have become so persistent a mark of his work as to suggest that their appeal for Mohanty lies altogether more in the refined reaches of philosophical craftsmanship than on the coarse ground of intellectual partisanship The multifaceted character of his work in phenomenology and Indian philosophy has never left us palled by its significance and as a consequence has always left us conceding its command on our philosophical discourse It has fulfilled the most welcomed promise of striking the chords of both imagination and reason by exposing Husserlian phenomenology to the concerns of both the so called analytical and continental traditions and by exposing the philosophical tradition of Indian thought to the intricacies of Husserl Although charting and periodizing the body of Mohanty's work in phenomenology may be the function of a memory inconspicuous for originality and liveliness they nonetheless offer a precise conspicuous for the variety of topics that Mohanty has both engaged

and enriched Mohanty's career in phenomenology can be characterized by three phases each concentrating on different themes but with the latter two also epitomizing a more incisive and deeper discussion of the issues raised in the first

After Kant Michael Sonenscher, 2023-07-11 Tracing the origins of modern political thought through three sets of arguments over history, morality and freedom. In this wide-ranging work, Michael Sonenscher traces the origins of modern political thought and ideologies to a question raised by Immanuel Kant about what is involved in comparing individual human lives to the whole of human history. How can we compare them or understand the results of the comparison? Kant's question injected a new future-oriented dimension into existing discussions of prevailing norms, challenging their orientation toward the past. This reversal made Kant's question a bridge between three successive sets of arguments between the supporters of the ancients and moderns, the classics and romantics, and the Romans and the Germans. Sonenscher argues that the genealogy of modern political ideologies from liberalism to nationalism to communism can be connected to the resulting discussions of time, history and values, mainly in France but also in Germany, Switzerland and Britain in the period straddling the French and Industrial revolutions. What is the genuinely human content of human history? Everything begins somewhere: democracy with the Greeks or the idea of a *res publica* with the Romans, but these local arrangements have become vectors of values that are apparently universal. The intellectual upheaval that Sonenscher describes involved a struggle to close the gap highlighted by Kant between individual lives and human history. **After Kant** is an examination of that struggle's enduring impact on the history and the historiography of political thought.

Leo Strauss and the Theopolitics of Culture Philipp von Wussow, 2020-04-15 2020 CHOICE Outstanding Academic Title. In this book, Philipp von Wussow argues that the philosophical project of Leo Strauss must be located in the intersection of culture, religion and the political. Based on archival research on the philosophy of Strauss, von Wussow provides in-depth interpretations of key texts and their larger theoretical contexts. Presenting the necessary background in German Jewish philosophy of the interwar period, von Wussow then offers detailed accounts and comprehensive interpretations of Strauss's early masterwork *Philosophy and Law*, his wartime lecture *German Nihilism*, the sources and the scope of Strauss's critique of modern relativism, and a close commentary on the late text *Jerusalem and Athens*. With its rare blend of close reading and larger perspectives, this book is valuable for students of political philosophy, continental thought, and twentieth-century Jewish philosophy alike. It is indispensable as a guide to Strauss's philosophical project as well as to some of the most intricate details of his writings.

A Dictionary of Cultural and Critical Theory Michael Payne, Jessica Rae Barbera, 2013-05-06 Now thoroughly updated and revised, this new edition of the highly acclaimed dictionary provides an authoritative and accessible guide to modern ideas in the broad interdisciplinary fields of cultural and critical theory. Updated to feature over 40 new entries, including pieces on Alain Badiou, Ecocriticism, Comparative Racialization, Ordinary Language Philosophy and Criticism, and Graphic Narrative. Includes reflective, broad-ranging articles from leading theorists including Julia Kristeva, Stanley Cavell, and Simon Critchley. Features a fully updated

bibliography Wide ranging content makes this an invaluable dictionary for students of a diverse range of disciplines

Polemical Encounters Olav Hammer, Kocku von Stuckrad, 2007-09-30 In its historical development from late antiquity to the present western esotericism has repeatedly been the issue of polemical discourse This volume engages the polemical structures that underlie both the identities within and the controversy about esoteric currents in European history From Jewish and Christian kabbalah through heretical discourse and interconfessional polemics in early modernity to the legitimization of esoteric identity in modern culture the 12 chapters accompanied by an editors introduction provide a cornucopia of relevant cases that are interpreted in a framework of polemical discourse and Othering This volume sheds new light on the ultimately polemical structure of western esotericism and thus opens new vistas for further research into esoteric discourse

Georg Lukács and the Possibility of Critical Social Ontology Michael J. Thompson, 2019-12-16 Georg Lukács was one of the most important intellectuals and philosophers of the 20th century His last great work was a systematic social ontology that was an attempt to ground an ethical and critical form of Marxism This work has only now begun to attract the interest of critical theorists and philosophers intent on reconstructing a critical theory of society as well as a more sophisticated framework for Marxian philosophy This collection of essays explores the concept of critical social ontology as it was outlined by Georg Lukács and the ways that his ideas can help us construct a more grounded and socially relevant form of social critique This work will of special interest to social moral and political philosophers as well as those who study critical theory social theory and Marxism It is also of interest to those working within the area of social ontology Contributors include Mario Duayer Andreas Giesbert Christoph Henning Antonino Infranca Reha Kadakal Endre Kiss Michael Morris Michalis Skomvoulis Matthew J Smetona Titus Stahl Thomas Telios Michael J Thompson Murillo van der Laan Miguel Vedda Claudius Vellay

Encyclopedia of Contemporary Literary Theory Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross

referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture

On Foundationalism Tom Rockmore, 2004-04-05 In ancient times the main approaches to metaphysical realism were intuitive In modern times foundationalism has replaced intuition as the main strategy to make out metaphysical realist claims to know In *On Foundationalism* Rockmore argues that foundationalism fails in all its known variants Furthermore Rockmore argues that Kant plays a crucial role in this regard Kant's complex position is both foundationalist and anti foundationalist committed to metaphysical realism and also through its commitment to empirical realism opposed to metaphysical realism Before Kant it made eminent sense to be committed to eventually making out a claim for metaphysical realism by formulating an acceptable version of foundationalism After Kant it no longer makes sense even to try to do so

Malign Masters Gentile Heidegger Lukács Wittgenstein Harry Redner, 2016-07-27 A politically oriented study of the thought of the founders of the main schools of contemporary academic philosophy those which dominate nearly all universities throughout the world It concentrates on four key masters Wittgenstein who founded both Logical Positivism and the so called Common Language or Analytic school Heidegger the acknowledged master of Hermeneutic Philosophy or the so called Continental school Lukács the founder of Hegelian Marxism and the leading Communist philosopher of the Soviet period and finally the now lesser known Gentile the Hegelian Idealist

The Philosophy Of Praxis Andrew Feenberg, 2014-07-22 The early Marx called for the realization of philosophy through revolution Revolution thus becomes a critical philosophical concept for Marxism a view elaborated in the later praxis philosophies of Lukács and the Frankfurt School These philosophers argue that fundamental philosophical problems are in reality social problems abstractly conceived This argument has two implications on the one hand philosophical problems are significant insofar as they reflect real social contradictions on the other hand philosophy cannot resolve the problems it identifies because only social revolution can eliminate their causes *Realizing Philosophy* traces the evolution of this argument in the writings of Marx Lukács Adorno and Marcuse This reinterpretation of the philosophy of praxis shows its continuing relevance to contemporary discussions in Marxist political theory continental philosophy and science and technology studies

Georg Lukács G.H.R. Parkinson, 2023-02-24 First published in 1977 Georg Lukács gives an outline of Lukács' views and explains how they are related to the relevant cultural traditions of his epoch The author covers the whole range of Lukács' thought from his earliest literary criticism to the posthumous *Ontology of Social Existence* Lukács' early writings in particular are frequently obscure in style and impregnated with the language and thought of Hegel Professor Parkinson has elucidated Lukács' principal writings in systematic fashion and the book includes a detailed exposition of Lukács' influential but difficult book *History and Class Consciousness* This should be an indispensable book for all those who seek a clear comprehensible introduction to the writings of one of the most influential Marxist thinkers of our time

The Review of Metaphysics, 1995

Heidegger and French Philosophy Tom Rockmore, 2002-09-11 Martin Heidegger's impact on contemporary

thought is important and controversial However in France the influence of this German philosopher is such that contemporary French thought cannot be properly understood without reference to Heidegger and his extraordinary influence Tom Rockmore examines the reception of Heidegger's thought in France He argues that in the period after the Second World War due to the peculiar nature of the humanist French Philosophical tradition Heidegger became the master thinker of French philosophy Perhaps most importantly he contends that this reception first as philosophical anthropology and later as postmetaphysical humanism is systematically mistaken

Yeah, reviewing a book **Irrationalism Lukacs And The Marxist View Of Reason** could grow your close connections listings. This is just one of the solutions for you to be successful. As understood, achievement does not recommend that you have extraordinary points.

Comprehending as without difficulty as arrangement even more than additional will have the funds for each success. next-door to, the statement as competently as keenness of this Irrationalism Lukacs And The Marxist View Of Reason can be taken as without difficulty as picked to act.

Irrationalism Lukacs And The Marxist View Of Reason Introduction

In today's digital age, the availability of Irrationalism Lukacs And The Marxist View Of Reason books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Irrationalism Lukacs And The Marxist View Of Reason books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Irrationalism Lukacs And The Marxist View Of Reason books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Irrationalism Lukacs And The Marxist View Of Reason versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Irrationalism Lukacs And The Marxist View Of Reason books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Irrationalism Lukacs And The Marxist View Of Reason books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Irrationalism Lukacs And The Marxist View Of Reason books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works

and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Irrationalism Lukacs And The Marxist View Of Reason books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Irrationalism Lukacs And The Marxist View Of Reason books and manuals for download and embark on your journey of knowledge?

FAQs About Irrationalism Lukacs And The Marxist View Of Reason Books

What is a Irrationalism Lukacs And The Marxist View Of Reason PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Irrationalism Lukacs And The Marxist View Of Reason PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Irrationalism Lukacs And The Marxist View Of Reason PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Irrationalism Lukacs And The Marxist View Of Reason PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Irrationalism Lukacs And The Marxist View Of Reason PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for

instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
