An Examination of a Contemporary View** Cornelius Van Til,1966 *The 'Is God Dead ?' Controversy* John Warwick Montgomery,1966 *Is God Dead?* Lee C. Moorehead,1965 IS GOD DEAD? M. D. James Paul Benvenuti,2021-02-12 **Death of God: Is God Really Dead?** Cleran Hollancid,2020-04-15 Unabashedly this volume dauntlessly and honestly engages the discourse on God and human society at its core and the death of God in particular What of human life amidst mindless corruption hundreds of coronaviruses as we are told perennial distress grim degeneracy urgent plea and palpable fear What do humans really have to look forward to apart from stubborn pride ailment and panic Imagine if God were to die what would become of this already sick world marked by heightened debauchery choking depravity and ill fated diseases All this and more underpin the structure of this discourse allowing for the reader to pause ruminate take it all in as life true liberty and the unseen hand of ultimate power that actually rules the world comes to the fore The Death of God Gabriel Vahanian,2009-09-01 The death of God began according to Vahanian the moment Western man started to compromise with the Biblical concept of God transcendent and to merge the identity of the Godhead with the identity of humankind From this compromise evolved the belief in the possibility of heaven on earth in human perfectibility in the expectation that man both individually and collectively can control his temporal fate Today as a consequence Western society not only exalts all possible material comforts but requires as well easy guaranteed status assuring religious affiliations The present search for inner security is in direct opposition to the toleration of doubt that tests the strength of genuine religious faith And Vahanian shows how our spiritual decline is reflected in much of the most important imaginative writing of today **Is God dead?** Newman Flower,1941 **Is God Dead?** Richard Wolff,1966 Is God Just a Human Invention? Sean McDowell,Jonathan Morrow,2011-03-24 Sean McDowell and Jonathan Morrow have penned an accessible yet rigorous look at the arguments of the New Atheists Writing from a distinctively Christian perspective McDowell and Morrow lay out the facts so that the emerging generation can make up their own mind after considering all the evidence *Is God Dead?* ,1965 *God's Autopsy and the Living Truth of Soul* Hal Childs,2022-08-22 The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God s Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of

Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung s psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself *The Christian's Legacy: With an Appendix, Compendium of the Holy Bible* William Jackson, 2025-07-28 Reprint of the original first published in 1841 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Christian's Legacy** William Jackson, 1841 *Discourse on the State and Grandeurs of Jesus* Pierre de Bérulle, 2023-11-30 Pierre de Bérulle 1575 1629 is one of the foremost personalities of early modern Catholicism As the founder of the French school of spirituality he has exercised a profound influence on the Church from the seventeenth century to the present day Until now however very little of Bérulle s writings have been available in English This volume provides the first complete English translation of his best known work first printed in Paris in 1623 and titled *Discourses on the State and Grandeurs of Jesus by the Ineffable Union of the Deity with Humanity and the Submission and Servitude that Is Due Him and His Most Holy Mother in Response to This Wondrous State* Composed in his maturity this work expresses Bérulle s theology of the Man God whose self emptying has enabled us to become capable of God In contrast to other spiritual writers who taught that mystical union with God follows the extinction of all sensory and conceptual awareness and all activity of willing Bérulle s focus is on the faithful soul s participation in what he calls Jesus states or inner dispositions The state that Bérulle describes and honors supremely in this text is Jesus state of self emptying in the mystery of the Incarnation In the hypostatic union our humanity in Christ is lifted up to heaven and Christ is the first fruit of humanity made divine the firstborn among many brothers Through him we become children of God by adoption participants in God s divine being This is an outstanding translation conveying not only the meaning but also the beauty and rhetorical features of the original The *Discourses* will repay reading as a poignant source of personal devotion a primary text of the Catholic Reformation and a classic of spiritual theology **Within a Presumption of Godlessness** Tom Dauria, 2014 This book presents compelling evidence that we can still believe in God We must first realize however that there is a parallel force opposing good Good is complacent whereas evil is relentless and determined Within mindlessness evil is normal natural and always Evil is a negative not a positive it is merely the absence of goodness of God It is relentless only in that it is ever present and waiting as darkness is always present without light as is cold nothing but the absence of warmth as is absolute zero outside the universe and God s creation Within man evil seeks every opportunity to campaign It infests media literature

and academia It attempts through the proliferation of media outlets to convince that there is no evil and no God The results of this campaign are obvious In modern societies in which more money and time are spent on care and concern for youth than ever before children are ever more lost and confused and for the first time in history are killing each other They are being taught via the media and in schools to hate Christianity hate Christians and Jews hate church and religion hate the Bible and commandments hate democracy and freedom They are not being taught the truth or being shown the evidence for the existence of God
