Is This The Wine You Ordered Sir:

THE SCROLL Robert E. Emin, 2014-04 Would the contents of an ancient Egyptian scroll when deciphered threaten the three major religions of the world? Tienne Cloutier, a French Canadian archaeologist, is asked by his longtime friend and colleague Haroun Abdul el Kurdi, Department Head of Antiquities and the Cairo Museum, to come to Egypt to decipher a perplexing scroll that has just surfaced. He is told the author is none other than Moses. From the very start, there are outside forces trying to get hold of the scroll. His acceptance to do the deciphering sets off a series of events that threatens his very life. When the scroll is deciphered, it reveals that its contents are purely religious and disclose Moses' early religious concepts. It is these new concepts that Moses would later pass on to the Children of Israel. When a meeting with the religious heads of Judaism, Christianity, and Islam is held and the contents and author of the scroll are revealed, hostility breaks out. In the end, it is the Vatican ambassador to Egypt who pleads that the scroll be kept a secret, hidden away, even suggesting that it be destroyed.

However, techniques such as nonlinear timelines, multiple points of view, and unreliable narration have long been part of American popular culture. How did forms and styles once regarded as difficult become familiar to audiences? In *Perplexing Plots*, David Bordwell reveals how crime fiction plays and films made unconventional narrative mainstream. He shows that since the nineteenth century, detective stories and suspense thrillers have allowed ambitious storytellers to experiment with narrative. Tales of crime and mystery became a training ground where audiences learned to appreciate artifice. These genres demand a sophisticated awareness of storytelling conventions; they play games with narrative form and toy with audience expectations. Bordwell examines how

writers and directors have pushed pulled and collaborated with their audiences to change popular storytelling He explores the plot engineering of figures such as Raymond Chandler Agatha Christie Dashiell Hammett Patricia Highsmith Alfred Hitchcock Dorothy Sayers and Quentin Tarantino and traces how mainstream storytellers and modernist experimenters influenced one another s work A sweeping kaleidoscopic account written in a lively conversational style Perplexing Plots offers an ambitious new understanding of how movies literature theater and popular culture have evolved over the past century
