Is Academic Feminism Dead:

Is Academic Feminism Dead? ,2000-10 This collection of essays incorporates what the editors call transgressive scholarship which incorporates a widened community of knowers and knowledge producers and demands democratic critical engagement among them The authors primarily university scholars in liberal arts fields tackle issues such as the personal politics of reproductive rights sex gender and same sex marriage American Indian women and the problem of history and a variety of specific problems women and other marginal academics face in university settings c Book News Inc *Rethinking Women's and Gender Studies* Catherine M. Orr,Ann Braithwaite,2012-03-22 *Rethinking Women's and Gender Studies* re examines the field's foundational assumptions by identifying and critically analyzing eighteen of its key terms Each essay investigates a single term e g feminism interdisciplinarity intersectionality by asking how it has come to be understood and mobilized in Women's and Gender Studies and then explicates the roles it plays in both producing and shutting down possible versions of the field The goal of the book is to trace and expose critical paradoxes ironies and contradictions embedded in the language of Women's and Gender Studies from its high theory to its casual conversations that relies on these key terms *Rethinking Women's and Gender Studies* offers a fresh approach to structuring Feminist Theory Senior Capstone and introductory graduate level courses in Women's and Gender Studies *Fractured Feminisms* Laura Gray-Rosendale,Gil Harootunian,2012-02-01 This advanced analysis of gender issues in higher education represents a significant new turn in feminist thinking *Fractured Feminisms* resists and reshapes boundaries by investigating how gender studies intersection with race and ethnicity class postcoloniality sexuality globalization interdisciplinarity technology studies and administration exposes the silenced other of feminisms themselves These crucial conversations about feminisms depend upon facing the perplexing rhetorical problems within feminist debates yet work within these fractures to discover newly emerging productive feminist practices This book contends that it's important to better understand the ways in which feminist rhetorics both empower and constrain and the kinds of identities feminisms afford as well as deny **SAGE Readings for Social Problems** Benjamin Drury,2021-02-23 *SAGE Readings for Social Problems* is a convenient and economical option for instructors who want to introduce students to scholarly literature in their social problems courses It contains 16 short readings on topics covered in typical courses including economic inequality race gender crime substance abuse education health medicine the environment family and the social construction of social problems The articles in this collection were all chosen because they are accessible to undergraduate avoid complicated statistical analysis and demonstrate the range of methodological approaches to studying social problems **The Color of Wealth** Meizhu Lui,2006 *The Color of Wealth* lays bare a dirty secret for centuries people of color have been barred by laws and by discrimination from participating in government wealth building programs that benefit white Americans **Feminist Waves, Feminist Generations** Hokulani K. Aikau,Karla A. Erickson,Jennifer L. Pierce,2007 *Feminist Waves Feminist Generations* challenges the static figuring of

feminist generations that positions the second wave of feminist scholars against a homogeneous third wave Based on life stories from contemporary feminist scholars this volume emphasizes how feminism develops unevenly over time and across institutions and ultimately offers a new paradigm for theorizing the intersections between generations and feminist waves of thought Contributors Sam Bullington U of Missouri Susan Cahn SUNY Buffalo Dawn Rae Davis U of Minnesota Lisa J Disch U of Minnesota Sara Evans U of Minnesota Elizabeth Faue Wayne State U Roderick A Ferguson U of Minnesota Peter Hennen Ohio State U at Newark Wendy Leo Moore Texas A Toni McNaron U of Minnesota Jean M O'Brien U of Minnesota Felicity Schaeffer Grabel U of California Santa Cruz Anne Firor Scott Duke U Janet D Spector U of Minnesota Amanda Lock Swarr U of Washington Seattle Miglena Todorova U of Minnesota Hokulani K Aikau is assistant professor of indigenous politics in the department of political science at the University of Hawai'i at Manoa Karla A Erickson is assistant professor of sociology at Grinnell College Jennifer L Pierce is associate professor of American studies at the University of Minnesota

Queer Twin Cities Kevin P. Murphy, Jennifer L. Pierce, Larry Knopp, *Guyana Diaries* Kimberly D Nettles, 2016-07 The author an African American researcher explores the impact of work family politics and local culture on the lives of members of a women's work collective in the Caribbean and in the process discovers how differences in class and nation can overshadow the gender and race she shares with her subjects

The Researcher Experience in Qualitative Research Susan Diemert Moch, Marie F. Gates, 2000 One of the most prominent currents felt in the arena of qualitative research methods is the impulse toward reflexivity and self analysis researchers considering their own place in the research act The goals of this book are to describe various researcher experiences and give novice researchers some insight to better choose research settings deal with their own personal issues in the research act and to report their research accurately The first part of the book will consider various populations and settings for qualitative research with a special emphasis on health care related settings Part Two will discuss how one processes the researcher experience both in terms of tools that can be used networking focused discussions qualitative writing etc as well as issues pertaining to processing cross cultural and gender issues etc It then offers some insight into ways of processing the researcher experience in teams Finally in part three the author turns to ways of reporting the researcher experience both in terms of possible setting journal articles chapters the Internet as well as modes and issues first person narratives ethical considerations

Same-Sex Marriage Kathleen Hull, 2006-02-16 Kathleen Hull provides an exploration of the cultural practices around same sex marriage as well as the legal battle for recognition She shows how couples use marriage related cultural practices such as public commitment rituals to assert the reality of their commitments despite lack of legal recognition

Native Women's History in Eastern North America Before 1900 Rebecca Kugel, Lucy Eldersveld Murphy, 2007-01-01 How can we learn more about Native women's lives in North America in earlier centuries This question is answered by this landmark anthology an essential guide to the significance experiences and histories of Native women Sixteen classic essays plus new commentary many by the original authors describe a broad range

of research methods and sources offering insight into the lives of Native American women The authors explain the use of letters and diaries memoirs and autobiographies newspaper accounts and ethnographies census data and legal documents This collection offers guidelines for extracting valuable information from such diverse sources and assessing the significance of such variables as religious affiliation changes in women s power after colonization connections between economics and gender and representations and misrepresentations of Native women Indispensable to anyone interested in exploring the role of gender in Native American history or in emphasizing Native women s experiences within the context of women s history this anthology helps restore the historical reality of Native women and is essential to an understanding of North American history

Racial Union Julie Lavonne Novkov, 2009-09-11 In November 2001 the state of Alabama opened a referendum on its long standing constitutional prohibition against interracial marriage A bill on the state ballot offered the opportunity to relegate the state s antisegregation law to the dustbin of history The measure passed but the margin was alarmingly slim more than half a million voters 40 percent of those who went to the polls voted to retain a racist and constitutionally untenable law Julie Novkov s *Racial Union* explains how and why nearly forty years after the height of the civil rights movement Alabama struggled to repeal its prohibition against interracial marriage the last state in the Union to do so Novkov s compelling history of Alabama s battle over miscegenation shows how the fight shaped the meanings of race and state over ninety years Novkov s work tells us much about the sometimes parallel sometimes convergent evolution of our concepts of race and state in the nation as a whole A remarkably nuanced account of interlocked struggles over race gender class and state power Novkov s site is Alabama but her insights are for all America Rogers M Smith Christopher H Browne Distinguished Professor of Political Science University of Pennsylvania Hannah Arendt shocked Americans in the 1950s by suggesting that interracial intimacy was the true measure of a society s racial order Julie Novkov s careful illuminating powerful book confirms Arendt s judgment By ruling on who may be sexually linked with whom Alabama s courts and legislators created a racial order and even a broad political order Novkov shows us just how it worked in all of its painful humiliating power Jennifer L Hochschild Henry LaBarre Jayne Professor of Government Professor of African and African American Studies and Harvard College Professor

Almighty God Created the Races Fay Botham, 2009 In this cultural history of interracial marriage and its legal regulation in the United States Fay Botham argues that religion specifically Protestant and Catholic beliefs about marriage and race had a significant effect on legal decisions concernin

Black Feminist Interventions to Decolonize the Westernized University Assata Zerai, 2025-03-30 Decoloniality is a perspective that challenges the colonial foundation and neoliberal operations of the westernized university today In *Black Feminist Interventions to Decolonize the Westernized University* Epistemology Research Methodology and Pedagogy Assata Zerai highlights feminist decoloniality as a tool to promote institutional transformation indirectly through changes in research and teaching in the social sciences directly by centering social justice within higher education Reflecting on three

decades of scholarship Zerai adapts principles of decolonial theory to scholarship pedagogy and praxis transnationally focusing on higher education in the USA and South Africa She intentionally centers students who have been racially and culturally excluded in these contexts and provides evidence of university students experiencing intersectional microaggressions including gendered ableist and queerphobic anti Blackness Zerai argues that faculty must appreciate such realities in order to affirm students and create learning environments in which all may thrive Further this book argues that ethical commitments to minoritized students and their communities must be reflected in humanizing research practices Finally Zerai reviews ways in which scholars have begun to move their disciplines from a focus on traditional canons of the modernist era to embrace decolonial sensibilities in their academic work This book highlights these new approaches within the social sciences to promote justice equity accessibility diversity and inclusion JEDI within higher education Queering the Biopolitics of Citizenship in the Age of Obama J. Rohrer, 2014-09-21 The book from the interdisciplinary fields of queer theory critical race theory feminist political theory disability studies and indigenous studies to demonstrate that analyzing contemporary notions of citizenship requires understanding the machinations of governmentality and biopolitics in the re production of the proper citizen **Courting Equality** Karen Kahn, Patricia A. Gozemba, 2009-05-01 Through engaging storytelling and powerful photographs Courting Equality takes readers through the volatile public debate following the legalization of same sex marriage in Massachusetts from the court cases to the protests and finally the weddings Before Bostock Jason A. Pierceson, 2022-05-31 On June 15 2020 the Supreme Court ruled in Bostock v Clayton County in a 6 to 3 decision with a majority opinion authored by conservative Justice Neil Gorsuch that Title VII of the Civil Rights Act of 1964 prohibited employment discrimination on the basis of gender identity and sexual orientation The decision was a surprise to many if not most observers but as Jason Pierceson explores in this work it was not completely unanticipated The decision was grounded in a recent but well developed shift in federal jurisprudence on the question of LGBTQ rights that occurred around 2000 with gender identity claims faring better in federal court after decades of skepticism The most important precedent for these cases was a 1989 Supreme Court case that did not deal directly with LGBTQ rights Price Waterhouse v Hopkins The court ruled in Price Waterhouse that sex stereotyping is a form of discrimination under Title VII a provision that prohibits discrimination in employment based upon sex Ann Hopkins was a cisgender heterosexual woman who was denied a promotion at her accounting firm for being too masculine At the time of the decision and in the wake of the devastating decision for the LGBTQ movement in Bowers v Hardwick 1986 the case was not viewed as creating a strong precedential foundation for LGBTQ rights claims especially claims based upon sexual orientation Even in the context of gender identity the connection was not made to the emerging movement for transgender rights until a decade later In the 2000s however federal courts were consistently applying the case to protect transgender individuals While not the result of coordinated litigation nor initially connected to the LGBTQ rights movement Price Waterhouse has been one of the most important and

powerful precedents in recent years outside of the marriage equality cases Before Bostock tells the story of how this accidental precedent evolved into such a crucial case for contemporary LGBTQ rights Pierceson examines the groundbreaking Supreme Court decision of *Bostock v Clayton County* through the legal path created by Title VII of the Civil Rights Act of 1964 and the interpretation of the word sex over time Focusing on history courageous LGBTQ plaintiffs and the careful work of legal activists Before Bostock illustrates how the courts can expand LGBTQ rights when legislators are more resistant and it adds to our understanding about contemporary judicial policymaking in the context of statutory interpretation

Stanley Cavell and Literary Studies Richard Eldridge, Bernard Rhie, 2011-09-22 Arguably no other living philosopher has done as much as Stanley Cavell to show the common cause shared by literature and philosophy Stanley Cavell and Literary Studies is not only timely but indeed long past due As the discipline of literary studies struggles to move beyond the suspicious skepticisms and anti humanisms that have dominated the field but without lapsing into sentimentality and na vet Cavell s writings and ideas will only become more pertinent

The Spirit of the Law Sarah Barringer Gordon, 2010-04-30 The author explores the interaction between the Constitution and religious practices in public life School prayer religion in prison and same sex marriages have created controversies challenging the Supreme Court and the nature of laws regarding religion The author addresses such issues to trace the relationship between church and state

Strange Bedfellows Alison Lefkowitz, 2018-03-21 The impact of law and politics on efforts to redefine family and marriage without relying on traditional gender norms In the inaugural issue of Ms Magazine the feminist activist Judy Syfers proclaimed that she would like a wife offering a wry critique of the state of marriage in modern America After all she observed a wife could provide Syfers with free childcare and housecleaning services as well as wages from a job Outside the pages of Ms divorced men s rights activist Charles Metz opened his own manifesto on marriage reform with a triumphant recognition that noise is swelling from hundreds of thousands of divorced male victims In the 1960s and 70s a broad array of Americans identified marriage as a problem and according to Alison Lefkowitz the subsequent changes to marriage law at the state and federal levels constituted a social and legal revolution The law had long imposed breadwinner and homemaker roles on husbands and wives respectively In the 1960s state legislatures heeded the calls of divorced men and feminist activists but their reforms such as no fault divorce generally benefitted husbands more than wives Meanwhile radical feminists welfare rights activists gay liberationists and immigrant spouses fought for a much broader agenda such as the extension of gender neutral financial obligations to all families or the separation of benefits from family relationships entirely But a host of conservatives stymied this broader revolution Therefore even the modest victories that feminists won eluded less prosperous Americans marriage rights were available to those who could afford them Examining the effects of law and politics on the intimate space of the home *Strange Bedfellows* recounts how the marriage revolution at once instituted formal legal equality while also creating new forms of political and economic inequality that historians like most Americans have yet to fully understand
