Is There A Jewish Philosophy Rethinking Fundamentals:

Is There a Jewish Philosophy? Leon Roth, 1999-03-01 Elegantly written essays provide an engaging thought provoking discussion of the fundamentals of Judaism in which the application of Jewish ethical principles shines through The Future of Jewish Philosophy Hava Tirosh-Samuelson, Aaron W. Hughes, 2018-08-13 This anthology of original essays reflects on the future of Jewish philosophy in light of the Library of Contemporary Jewish Philosophers Brill 2013 2018 The volume assesses the strengths of Jewish philosophy explores the place of Jewish philosophy within the Western academy as a critique of and contribution to the discipline of philosophy and showcases the relevance of Jewish philosophy to contemporary Jewish culture The volume argues that Jewish philosophy is more vibrant diverse and culturally significant than its public image implies Special attention is paid to the interdisciplinary nature of Jewish philosophy the institutional settings for generating Jewish philosophy and the contribution of philosophizing to contemporary Jewish self understanding *New Directions in Jewish Philosophy* Aaron W. Hughes, Elliot R. Wolfson, 2010 Breaking with strictly historical or textual perspectives this book explores Jewish philosophy as philosophy Often regarded as too technical for Judaic studies and too religious for philosophy departments Jewish philosophy has had an ambiguous position in the academy These provocative essays propose new models for the study of Jewish philosophy that embrace wider intellectual arenas including linguistics poetics aesthetics and visual culture as a path toward understanding the particular philosophic concerns of Judaism As they reread classic Jewish texts the essays articulate a new set of questions and demonstrate the vitality and originality of Jewish philosophy *The Oxford Handbook of Jewish Studies* Martin Goodman, Jeremy Cohen, David Sorkin, 2002 This volume on Jewish studies presents surveys of today's interests and directions in the humanities and social sciences It covers the main areas taught and researched as part of Jewish studies in universities throughout the world especially in Europe the US and Israel *Jewish Philosophy Past and Present* Daniel Frank, Aaron Segal, 2016-07-22 In this innovative volume contemporary philosophers respond to classic works of Jewish philosophy For each of twelve central topics in Jewish philosophy Jewish philosophical readings drawn from the medieval period through the twentieth century appear alongside an invited contribution that engages both the readings and the contemporary philosophical literature in a constructive dialogue The twelve topics are organized into four sections and each section commences with an overview of the ensuing dialogue and concludes with a list of further readings The introduction to the volume assesses the current state of Jewish philosophy and argues for a deeper engagement with analytic philosophy exemplified by the new contributions *Jewish Philosophy Past and Present* Contemporary Responses to Classical Sources is a cutting edge work of Jewish philosophy and at the same time an engaging introduction to the issues that animated Jewish philosophers for centuries and to the texts that they have produced It is designed to set the agenda in Jewish philosophy for years to come □□□ □□□□□□ □□□□□□□□□□? Raphael Jospe, 1988 *Studies in Contemporary Jewry* Peter Y. Medding, 2003-03-27 This is the newest volume of the annual Studies In

Contemporary Jewry series It contains original essays on Jews and crime in fact fantasy and fiction verbal and physical violence in Israeli politics Jews as revolutionaries armed resistance by Jews in Nazi Germany ethical dilemmas within the Israeli Defense Forces violence in Israeli society and social stress and other topics As with other volumes it also contains review essays and book reviews

Rethinking Jewish Philosophy Aaron W. Hughes, 2014-04 Rather than assume that the terms philosophy and Judaism simply belong together Aaron W Hughes explores the juxtaposition and the creative tension that ensues from their cohabitation He examines the historical cultural intellectual and religious filiations between Judaism and philosophy

To Be a Jewish State Yaacov Yadgar, 2024-11-19 Examines the meaning of Jewish politics in Israel In one of the first books to ask head on what it means for Israel to be a Jewish state Yaacov Yadgar delves into what the designation Jewish amounts to in the context of the sovereign nation state and what it means for the politics of the state to be identified as Jewish The volume interrogates the tension between the notion of Israel as a Jewish state one whose very character is informed by Judaism and the notion of Israel as a state of the Jews with the sole criterion the maintenance of a demographically Jewish majority whatever the character of that majority s Jewishness might or might not be The volume also examines Zionism s relationship to Judaism It provocatively questions whether the Christian notion of supersessionism the idea that the Christian Church has superseded the nation of Israel in God s eyes and that Christians are now the true People of God may now be applied to Zionism with Zionism understood by some to have taken over the place of traditional Judaism rendering the actual Jewish religion superfluous To Be a Jewish State deeply informs the democratic crisis in Israel discussing whether Jewish laws put into effect by the state or political moves made to ensure a Jewish majority can be seen as undermining democracy In our current era with nationalism resurging To Be a Jewish State urges a critical re assessment of the very meaning of modern Jewish identity

Isaiah Berlin A. Dubnov, 2012-03-14 This study offers an intellectual biography of the philosopher political thinker and historian of ideas Sir Isaiah Berlin It aims to provide the first historically contextualized monographic study of Berlin s formative years and identify different stages in his intellectual development allowing a reappraisal of his theory of liberalism

"I AM" Mark Glouberman, 2019-02-07 For whom was the Hebrew Bible written How much truth does it contain What according to the Bible is the place of men and women in the world What connection is there between the Bible and morality In I AM Mark Glouberman supplies new answers to these old questions He does this by establishing that the foundational scripture of the West is first and foremost a philosophical document not a theological tract nor yet the religious history of a nation The author identifies the Bible s fundamental principle the ontological principle of particularity This principle he shows is what makes the Bible the revolutionary text that it is God s I AM WHO I AM asserts the principle of which the Bible s deity is a personified form God s self identification also points to the real anthropological meaning of the ism called monotheism A portion of Glouberman s book is devoted to illustrating the Bible s live relevance in many of the areas where modern philosophers congregate including moral philosophy political

philosophy metaphysics and epistemology Isn't it a bit late in the day for the Bible's meaning to be revealed Glouberman says that it's about time *The Jewish Experience* Steven Leonard Jacobs, Explores the richness and meaning of Jewish life through history introducing the basics of Jewish history the tradition of texts key philosophical and theological issues and thinkers the Judaic calendar contemporary global concerns and what the future may portend for Judaism Original

Hebrew Scholarship and the Medieval World Nicholas de Lange, 2001-03-26 This book surveys what has been achieved in recent research on medieval Hebrew language and texts *Jewish Philosophy and Philosophers* Hillel Foundation, London.

Education Committee, 1962 *A Philosopher's Apprentice* Joseph Agassi, 2008 Both a Popper biography and an autobiography Agassi's *A Philosopher's Apprentice* tells the riveting story of his intellectual formation in 1950s London a young brilliant philosopher struggling with an intellectual giant father mentor and rival all at the same time His subsequent rebellion and declaration of independence leads to a painful break never to be completely healed No other writer has Agassi's psychological insight into Popper and no other book captures like this one the intellectual excitement around the Popper circle in the 1950s and the struggles of the 1960s and 1970s personal academic political all important philosophically Agassi's Popper whether one agrees with it or not is an enormous contribution to scholarship This second revised edition includes also Popper's and Agassi's last correspondence and in a postscript it shows Agassi leafing through Popper's archives reaching a sort of reconciliation an appropriate ending to the drama A must read Malachi Hachohen Duke University

The Limits of Orthodox Theology Marc B. Shapiro, 2022-03-16 This book takes issue with the widespread assumption that Maimonides famous Thirteen Principles are the last word in Orthodox Jewish theology **Judaism Is About Love** Shai Held, 2024-03-26 A profound startling new understanding of Jewish life illuminating the forgotten heart of Jewish theology and practice love A dramatic misinterpretation of the Jewish tradition has shaped the history of the West Christianity is the religion of love and Judaism the religion of law In the face of centuries of this widespread misrepresentation Rabbi Shai Held one of the most important Jewish thinkers in America today recovers the heart of the Jewish tradition offering the radical and moving argument that love belongs as much to Judaism as it does to Christianity Blending intellectual rigor a respect for tradition and the practices of a living Judaism and a commitment to the full equality of all people Held seeks to reclaim Judaism as it authentically is He shows that love is foundational and constitutive of true Jewish faith animating the singular Jewish perspective on injustice and protest grace family life responsibilities to our neighbors and even our enemies and chosenness Ambitious and revelatory *Judaism Is About Love* illuminates the true essence of Judaism an act of restoration from within *Dictionary of Twentieth-Century British Philosophers* Stuart Brown, 2005-06-01 This is a two volume work with entries on individuals who made some contribution to philosophy in the period 1900 to 1960 or soon after The entries deal with the whole philosophical work of an individual or in the case of philosophers still living their whole work to date Typically the individuals included have been born by 1935 and by now have made their main contributions Contributions to

the subject typically take the form of books or journal articles but influential teachers and people otherwise important in the world of philosophy may also be included The dictionary includes amateurs as well as professional philosophers and where appropriate thinkers whose main discipline was outside philosophy There are special problems about the term British in the twentieth century partly because of human migration partly because of decolonialization and the changing denotation of the term The intention has been to include not only those who were British subjects at least for a significant part of their lives even if they mostly lived outside what is now the U K but also people who spent a significant part of their lives in Britain itself irrespective of their nationality or country of origin In the first category are included for instance a number of people who were born and educated in Britain but who subsequently taught in universities abroad In the second category are included those who were born elsewhere but who came to Britain and contributed to its philosophical culture

Jewish Philosophy: The Basics T.M. Rudavsky, 2025-09-05 This book introduces students and interested readers to two thousand years of Jewish philosophy from its earliest inception to the current era Fourteen chapters cover major figures in the medieval modern and contemporary periods as well as important themes and topics that have been part of Jewish thought for centuries Questions and topics covered include What is Jewish philosophy At what point does the introduction of secular knowledge dilute destroy or strengthen the basic teachings found in Jewish sources Is it possible to harmonize the domains of science and religion How can philosophy be married to a particular religious tradition Containing a comprehensive list of authors as well as suggestions for further reading at the end of each chapter Jewish Philosophy The Basics offers an excellent starting point for anyone seeking an engaging and accessible introduction to the rich content of Jewish philosophy Key Features and Benefits Covers traditional topics in Jewish philosophy with an emphasis on philosophers struggles to reconcile faith and reason These topics include the existence and nature of God prophecy miracles and divine providence the problem of evil nationalism Jewish mysticism and the status of women Clearly explains the important contributions from historical and contemporary thinkers like Judah Halevi Moses Maimonides Baruch Spinoza Moses Mendelssohn Martin Buber Joseph Soloveitchik and many others Emphasizes the interactions with the secular intellectual world upon Jewish philosophy ranging from the rediscovery of Aristotle in the medieval world to the rise of modern science as well as the importance of modern thinkers including Descartes Kant Hegel Heidegger and others Provides an overview of contemporary issues in Jewish philosophy including Zionism and the status of women in Judaism

A Social and Religious History of the Jews Salo Wittmayer Baron, 1952 This book explores the puzzling phenomenon of new veiling practices among lower middle class women in Cairo Egypt Although these women are part of a modernizing middle class they also voluntarily adopt a traditional symbol of female subordination How can this paradox be explained An explanation emerges which reconceptualizes what appears to be reactionary behavior as a new style of political struggle as accommodating protest These women most of them clerical workers in the large government bureaucracy are ambivalent about working outside the home considering it a change which

brings new burdens as well as some important benefits At the same time they realize that leaving home and family is creating an intolerable situation of the erosion of their social status and the loss of their traditional identity The new veiling expresses women s protest against this MacLeod argues that the symbolism of the new veiling emerges from this tense subcultural dilemma involving elements of both resistance and acquiescence

If you ally infatuation such a referred **Is There A Jewish Philosophy Rethinking Fundamentals** ebook that will provide you worth, get the totally best seller from us currently from several preferred authors. If you want to hilarious books, lots of novels, tale, jokes, and more fictions collections are in addition to launched, from best seller to one of the most current released.
