Projecting Tomorrow James Chapman, Nicholas J. Cull, 2013-01-30 Cinema and science fiction were made for each other The science fiction genre has produced some of the most extraordinary films ever made yet science fiction cinema is about

more than just special effects It has also provided a vehicle for filmmakers and writers to comment on their own societies and cultures This new exploration of the genre examines landmark science fiction films from the 1930s to the present They include genre classics such as Things to Come Forbidden Planet and 2001 A Space Odyssey alongside modern blockbusters Star Wars and Avatar Chapman and Cull consider both screen originals and adaptations of the work of major science fiction authors They also range widely across the genre from pulp adventure and space opera to political allegory and speculative documentary there is even a science fiction musical Informed throughout by extensive research in US and British archives the book documents the production histories of each film to show how they made their way to the screen and why they turned out the way they did Filling the Hole in the Nuclear Future Robert Jacobs, 2010-04-12 From the dawn of the atomic age art and popular culture have played an essential role interpreting nuclear issues to the public and investigating the implications of nuclear weapons to the future of human civilization Political and social forces often seemed paralyzed in thinking beyond the advent of nuclear weapons and articulating a creative response to the dilemma posed by this apocalyptic technology Art and popular culture are uniquely suited to grapple with the implications of the bomb and the disruptions in the continuity of traditional narratives about the human future endemic to the atomic age Filling the Hole in the Nuclear Future explores the diversity of visions evoked in American and Japanese society by the mushroom cloud hanging over the future of humanity during the last half of the twentieth century It presents historical scholarship on art and popular culture alongside the work of artists responding to the bomb as well as artists discussing their own work From the effect of nuclear testing on sci fi movies during the mid fifties in both the U S and Japan to the socially engaged visual discussion about power embodied in Japanese manga Filling the Hole in the Nuclear Future takes readers into unexpected territory Madman to Crime Fighter Roslynn D.
