Light 2nd Edition Volume 1:

Sanatana Dharma and Plantation Hinduism (Second Edition Volume 1) Ramesh Gampat, 2020-01-06 Christian Missionaries worked hard to convert immigrants Their first order of business was to denigrate Hinduism designate Hindus as heathen and disparage their culture food and even attire Immigrants stubbornly resisted led by the tiny educated elite including Brhmaas whom we call Brahmins Conversion was a failure at least up to the end of the 19th century but picked up a self generating momentum thereafter The result is that the share of Hindus in Guyana s Indian population declined from 83.5 percent in 1880 to 62.8 percent in 2012 The largest portion of the contraction was lost to Christianity The loss notwithstanding even a casual observer would conclude that Guyanese Hindus at home and in the Diaspora are a very religious people Many of us do a jhandi or havan once annually others do the more elaborate and costlier yajna where everyone is welcome once or twice in their lifetime Most of us do a short daily puja prayers offerings reading the shstras and listening to bhajan in our homes An important but perhaps unintended way immigrants countered conversion to Christianity was an unplanned movement towards a synthesis that brought Hindus regardless of caste or sect under a unitary form of Hinduism The synthesis began around the 1870s and was completed by the 1930s to the 1950s Guyanese Hindus call the unified corpus of religious beliefs and practices that emerged from the synthesis Sanatana Dharma Ramesh Gampat labels it Plantation Hinduism in this path breaking book The book argues that the brand of Hinduism practiced is inconsistent with Sanatana Dharma called Vedanta by the more philosophically inclined Plantation Hinduism features an extraordinary dependence upon purohitis pandits which has anaesthetized the Hindu mind and render him unable to think question and inquire when it comes to Dharma Rituals and bhakti have been degraded and turned into desire motivated worship devatas have been misconstrued as Brahman rather than as limited manifestation of the one non dual pure Consciousness belief in the multiplicity of gods encourages image worship and superstitions anchor Guyanese Hindus to tradition and mere belief Plantation Hinduism is little more than desire motivated actions dogmas and superstitions Absent is the idea that Sanatana Dharma is a spiritual science no less scientific than hard sciences such as physics and astronomy The central message of Vedanta is the innate divinity of every person and the freedom to realize that divinity through anubhava direct personal experience of Supreme Reality

Light Pollution Handbook Kohei Narisada, Duco Schreuder, 2013-06-05 This book deals with light pollution and about the ways to reduce it Light pollution is one of the negative side effects of artificial outdoor lighting The term light pollution is an unhappy one but as no better alternative seems to exist it will be used throughout this book The function of all outdoor lighting is to enhance the visibility or the aesthetics in the nighttime environment The light should come where it is needed If not it is spilled causing economic and environmental losses as well as disturbance and discomfort The overall effects are termed light pollution a major form of light pollution is the glow extending over the night sky Sky glow is discussed in many astronomical textbooks and in many

popular brochures The present book is primarily aimed at those responsible for outdoor lighting installations Thus an engineering approach has been chosen The level of the book is that of college or University level The book is organized in two parts The first seven chapters cover the areas of general interest and conclude with recommendations The second part deals with the scientific and engineering elaboration of the first part A number of examples are included that refer to specific outdoor lighting installations and projects that are directly related to the reduction of light pollution Finally some information is given about the authors Catalogue Pharmaceutical Society of Great Britain.
