When she discovers her best friend Riven is experiencing the same strange feeling, they set out on a mission to uncover what's going on. Everyone in Vera's world has a special ability, a little bit of magic that helps them through the day. Perhaps someone's ability is interfering with their memory. Or is something altering their very reality? Vera and Riven intend to fix it and get back whatever or whomever they've lost. But how do you find the truth when you can't even remember what you're looking for in the first place? *The Forgotten Memories of Vera Glass* is a cleverly constructed heartbreaking and compelling contemporary YA novel with a slight fantasy twist about memory, love, grief, and the invisible bonds that tie us to each other.
