The Light That Failed Stephen Holmes, Ivan Krastev, 2020-01-07 A landmark book that completely transforms our understanding of the crisis of liberalism from two pre eminent intellectuals Why did the West after winning the Cold War lose its political balance In the early 1990s hopes for the eastward spread of liberal democracy were high And yet the transformation of Eastern European countries gave rise to a bitter repudiation of liberalism itself not only there but also back in the heartland of the West In this brilliant work of political history Ivan Krastev and Stephen Holmes argue that the supposed end of Communism turned out to be only the beginning of the age of the autocrat Reckoning with the history of the last thirty years they show that the most powerful force behind the wave of populist xenophobia that began in Eastern Europe stems from resentment at the post 1989 imperative to become Westernized Through this prism the Trump revolution represents an ironic fulfillment of the promise that the nations exiting from communist rule would come to resemble the United States In a strange twist Trump has elevated Putin s Russia and Orban s Hungary into models for the United States Written by two pre eminent intellectuals bridging the East West divide *The Light That Failed* is a landmark book that sheds light on the extraordinary history of the fall of the Western ideal

- 1 In 1990 John Feffer a 26 year old American spent several months traveling Eastern Europe in hopes of understanding its post communist future He was fascinated and puzzled by the contradictions he encountered The capitalist future had arrived but its benefits and burdens were unevenly distributed
- 2 After 1989 the global spread of democracy was envisioned as a version of the fairy tale of Sleeping Beauty where the Prince of Freedom would only have to slay the Dragon of Tyranny and kiss the princess to awaken a previously dormant liberal majority But the kiss proved bitter and the revived majority turned out to be more resentful and less liberal than expected
- 3 The origins of populism are complex but they are partly rooted in the humiliations of struggling to become at best an inferior copy of a superior model After 1989 there were no alternatives to liberal political and economic models This led to a contrarian desire to prove that there were alternatives
- 4 The revolutions of 1989 were largely unmarred by the cut throat methods and human suffering that are usually part of root and branch political upheaval They were instead characterized by their hostility to utopias and political experiments
