When a Human Gives Birth to a Raven Rafael Rachel Neis, 2023-06-14 This book investigates rabbinic treatises relating to animals humans and other lifeforms Through an original analysis of creaturely generation and species classification by late ancient Palestinian rabbis and other thinkers in the Roman empire Rafael Rachel Neis shows how rabbis blurred the lines between the human and other beings This they did even as they were intent on classifying creatures and delineating the contours of the human Recognizing that life proliferates via multiple mechanisms beyond sexual copulation between two heterosexual male and female individuals of the same species the rabbis produced intricate alternatives This expansive view of generation included humans Likewise in parsing the variety of creatures the rabbis attended to the overlaps and resemblances across seemingly distinct species upsetting in turn unmitigated claims of human distinctiveness Intervening in conversations in animal studies queer theory trans theory and feminist science studies When a Human Gives Birth to a Raven provincializes sacrosanct ideals of reproduction in favor of a broader range of generation kinship and species offering powerful historical alternatives to the paradigms associated with so called traditional ideas *Martians D. Ricci, 2013-10-19 The world around the last of civilization has surrendered to global warming leaving two groups of survivors the wealthy Nobles in the north and impoverished Drainers in the south all safely tucked inside the sealed domed city of Sai After almost 300 years the dome is all they've ever known and are content until they find out their powerful turbine generators are being sabotaged by someone or something In the midst of it all Lilith Burgess the beautiful 17 year old daughter of the president of Sai falls for a handsome young school janitor named Adam Cleary Relationships between Nobles and Drainers are forbidden but despite Lilith's many attempts to stay away there is an unmistakable draw to be near Adam When their feelings for each other are realized their secret love affair begins and they are determined to make sure nothing come between them After Adam impossibly saves Lilith from falling off a second floor balcony with his blur of blinding speed she discovers he's hiding something and is determined to uncover it For months he has been able to conceal his true identity but the closer they get the faster the secrets begin to unravel When Lilith finally learns the truth it's more terrifying than she realized and is torn between love and fear Adam would do anything to keep her safe but how can she trust him now that she knows that he himself is the dome's greatest threat **The Jewish Encyclopedia**, 1904 **Orphan King** MatThew C,

What if I were to tell you that life beyond the stars exists What if I were to tell you that England is a much much bigger place than you and I know What if I were to say to you that a shy fearful timid nervous young man called Zellee is the rightful king of a hidden land Preposterous you might be thinking but what if it's the truth The Homeland awaits both Zellee and you

Theology and Vampires Madeline Potter, 2024-12-15 What can vampires teach us about God How can they reshape the way we think about religion and our relationship with the divine Through a thorough analysis of the relationship between theology and vampires Theology and Vampires provides a glimpse into the versatility of the vampire as a tool for theological

enquiry Contributions to the volume assess vampires and their role in articulating theological thought bringing together some of the classical vampire tales of the 19th century with contemporary iterations of the figure Considering how vampires are used to ask theological questions across media from literature through to video games this volume paints a complex and comprehensive picture of the often overlooked manner in which vampires not only reflect but also actively shape theological modes of enquiry

**Lilith's Reflection** Brigitte Wynn Karey, 2012-06 Lilith's Reflection explores the concept of possibilities rather than facts If facts dominate most of our daily thinking we'd leave out possibilities that might exist in our lives the unseen from other dimensions that intercept our paths of life Things or events exist for a reason and there is more than one way to look into every situation Lilith was introduced as an orphan and a tragic victim who was abandoned by her psychopathic father at the age of six She was mentally not well she thought at first Now she realized her condition has never been that simple Her illness wasn't strong enough to poison her mind but something else was Her mental illness was just the image she portrayed to others but her true self was far beyond her sickness Love in this novel is represented in an unnoticeable and unusual way rather than in a traditional way There is no such thing as the correct or the wrong way of loving someone Love could be in holiness or love could be in such sinfulness but love is love Lilith after countless struggles with her search for true love she had found not only her greatest love of all but also her true soul mate not for one life but for eternity Author Brigitte Wynn Karey is a lover of words The author expresses her thoughts not only to her audiences but also to herself Her ability to use words to express her thoughts creatively in her own way was excellent The imagination created in this book would let the audiences enjoy their mental imaginary visions as well as to open up the possibilities that they might have missed out

*Something Wicked* Douglas Brode, Leah Deyneka, 2024-10-31 An anthology of essays that deal with Witchcraft and the figure of the Witch as they have been presented in motion pictures television and popular culture in order to understand how why and when the common anti Witchcraft anti Witch attitude evolved Mainstream tales of Witchcraft including modern movies novels TV series and other examples of our popular culture more often than not express the traditional notion of a Witch as a wild dangerous untamable nasty woman obsessed with a desire for power to control all around her in most narratives such a hunger presented as a negative In truth The Witch is a symbol of threatening evil only to those men and women who accept a conservative sensibility For members of either gender who do not The Witch is perceived as hero and role model This collection begins with the Biblical figure of Lilith followed by Morgan le Fey from Arthurian legend myth in literature as well as in popular culture followed by the more contemporary depictions of the Witch that start to appear in the 1960s for example in the Bewitched sitcom the Star Wars franchise Harry Potter and even the television show Scooby Doo International depictions of the Witch are discussed including Italy's Dario Argento's films *Suspiria* and *Inferno* The final section of this collection focuses on the most iconic depictions of the Witch produced during the 21st century including *A Discovery of Witches* *Penny Dreadful* *Game of Thrones* and the history of the Witch in films by the Walt Disney studio from its origins more than a century ago to the latest releases arguing that here if perhaps surprisingly we discover the most fair and balanced portraits of Witches in the history of film and TV *The Atlantic Monthly* ,1881
