*Forging Radical Alliances Across Difference* Jill M. Bystydzienski, Steven P. Schacht, 2001 As we enter the twenty first century scholars activists and others concerned with social change increasingly realize that in order to transform society effective coalitions among different groups working for

social justice need to be created and maintained. However, most of the research and writing about coalitions provide rather limited approaches to the study and understanding of radical alliances i.e. coalitions whose goals are to fundamentally change interpersonal relations and social structure in order to achieve equality and true social justice. This anthology challenges dominant approaches of explaining social movements and coalition building. Based on numerous case studies of alliances created between disparate peoples and among a variety of groups, the authors show that both resource mobilization theories and identity politics frameworks for the most part are inadequate for conceptualizing how alliances have been and can be created across boundaries of gender, race, ethnicity, class, nationality, ideology, sexual orientation, and age. The theoretical approach we propose suggests that coalitions are fluid sites of collective behavior where the blending of multiple identities with political activism interact with structural conditions to influence the development of commitments, strategies, and specific actions. This analogy makes a contribution to a body of knowledge that aims to understand and explain how radical coalitions work in order to enable the development of visions and plans for change that advance and sustain political and social activity.

Becoming an Ally, 3rd Edition Anne Bishop, 2020-05-27T00:00:00Z. *Becoming an Ally* is a book for men who want to end sexism, white people who want to end racism, straight people who want to end heterosexism, able-bodied people who want to end ableism, for all people who recognize their privilege and want to move toward a more just world by learning to act as allies. Has oppression always been with us, just part of human nature? What does individual healing have to do with social justice? What does social justice have to do with individual healing? Why do members of the same oppressed group fight one another, sometimes more viciously than they fight their oppressors? Why do some who experience oppression develop a life-long commitment to fighting oppression while others turn around and oppress those with less power? In this accessible and enlightening book, now in its third edition, Anne Bishop examines history, economic and political structures, and individual psychology in a search for the origins of racism, sexism, heterosexism, ableism, ageism, and all the other forms of oppression that divide us. *Becoming an Ally* looks for paths to justice and lays out guidelines for becoming allies of oppressed peoples when we are in the privileged role. A new chapter in this third edition offers a greatly expanded discussion of effective approaches to educating allies, which is meant for teachers of adults, particularly those who teach about diversity, equity, and anti-oppression. In this chapter, Bishop examines the ways in which Western culture prevents us from recognizing our roles as members of privileged groups and explores how to challenge this with participatory exercises and group discussion.

**Drag Queens at the 801 Cabaret** Leila J. Rupp, Verta Taylor, 2015-10-02. It's Saturday night in Key West and the *Girlie Show* is about to begin at the 801 Cabaret. The girls have been outside on the sidewalk all evening, seducing passersby into coming in for the show. The club itself is packed tonight, and smoke has filled the room. When the lights finally go down, statuesque blonds and stunning brunettes, sporting black leather miniskirts, stiletto heels, and see-through lingerie, take the stage. En Vogue's "Free Your Mind" blares on the house stereo. The crowd roars in approval. In this lively book, Leila J. Rupp and Verta

Taylor take us on an entertaining tour through one of America's most overlooked subcultures the world of the drag queen. They offer a penetrating glimpse into the lives of the 801 Girls the troupe of queens who perform nightly at the 801 Cabaret for tourists and locals. Weaving together their fascinating life stories their lavish costumes and eclectic music their flamboyance and bitchiness and their bawdy exchanges with one another and their audiences the authors explore how drag queens smash the boundaries between gay and straight man and woman to make people think more deeply and realistically about sex and gender in America today. They also consider how the queens create a space that encourages camaraderie and acceptance among everyday people no matter what their sexual preferences might be. Based on countless interviews with more than a dozen drag queens more than three years of attendance at their outrageous performances and even the authors participation in the shows themselves *Drag Queens at the 801 Cabaret* is a witty and poignant portrait of gay life and culture. When they said life is a cabaret they clearly meant the 801.
