**In War We Trust** Chris J. Dolan, 2018-01-18 There is a long standing tradition in Western culture of differentiating between just and unjust wars 11 September 2001 has stimulated a debate in the West which holds that although people who are opposed to war in principle may disagree that any such distinction can possibly be made the basic ideas involved seem to present a plausible argument that there are times when war is at the very least just and politically necessary These and other issues are addressed in this study The consistent theme throughout this book is that significant ethical issues and moral dilemmas have been raised as they pertain to the forceful expression of American power via the Bush Doctrine s assertion of the right to engage in first strikes against states and non states in the wake of the 11 September 2001 terrorist attacks This book is intended for those with an interest in political science history leadership studies and foreign policy analysis *Robert Coover and the Generosity of the Page* Stephane Vanderhaeghe, 2013-03-05 Robert Coover and the Generosity of the Page is an unconventional study of Robert Coover s work from his early masterpiece The Origin of the Brunists 1966 to the recent Noir 2010 Written in the second person it offers a self reflexive investigation into the ways in which Coover s stories often challenge the reader to resist the conventions of sense making and even literary criticism By portraying characters lost in surroundings they often fail to grasp Coover s work playfully enacts a melo drama of cognition that mirrors the reader s own desire to interpret and make sense of texts in unequivocal ways This tendency in Coover s writing is indicative of a larger refusal of the ready made of the once and for all or the authoritative celebrating instead in its generosity the widening of possibilities thus inevitably forcing the reader critic to acknowledge the arbitrariness and artificiality of her responses Proceedings of the 8th International Coastal Symposium : ICS 2004 : Itajai/Itapema, Santa

Catarina, Brazil, 14 to 19 March, 2004 ,2006 **Final Resting Places** Brian Matthew Jordan, Jonathan W. White, 2023-09 Final Resting Places brings together some of the most important and innovative scholars of the Civil War era to reflect on what death and memorialization meant to the Civil War generation and how those meanings still influence Americans today In each essay a noted historian explores a different type of gravesite including large marble temples unmarked graves

beneath the waves makeshift markers on battlefields mass graves on hillsides neat rows of military headstones university graveyards tombs without bodies and small family plots Each burial place tells a unique story of how someone lived and died how they were mourned and remembered Together they help us reckon with the most tragic period of American history
