**The Management of Police Specialized Tactical Units** Tomas C. Mijares, Ronald M. McCarthy, 2020-11-30 A major responsibility of the leadership of any specialized police unit is the awareness of endlessly changing societal legal and managerial developments that affect operations This third edition of The Management of Police Specialized Tactical Units represents a significant updating and expansion of each of the chapters from previous editions In addition to explaining the steps for developing and maintaining a realistic and effective response to increasingly violent levels of crime this edition discusses the social political and technological matters that must be continuously identified defined and resolved prior to the implementation of any substantive or procedural change in tactical policy and practice Legal and operational guidelines are provided to help tactical leaders to develop their leadership abilities and tactical success thereby enhancing the tactical unit's ability to safeguard the public The authors make extensive use of the latest court decisions to provide the legal bases for operations as well as recent case histories to illustrate the various aspects of organizational management These case histories do much more than summarize the sequence of events They also point out what was learned from the successes and failures alike Of particular interest is the new material on how the range of activities assigned to tactical units has expanded dramatically since September 11 2001 and how the law enforcement community has been forced to respond to its newest critics Emphasis is placed on how decision makers must not only be organizational managers and administrators but also on how they should possess a firm grasp of confrontation tactics and leadership principles

experience succeeded in changing our national political narrative      **The iPINIONS Journal** Anthony Livingston Hall, 2018-04-14 ANTHONY L HALL takes aim at the global events of 2017 with a unique and refreshing perspective Some of the topics in this volume include President Trump telling pathological lies He s continually challenging us to believe the lie we hear instead of the truth we see Instagram mainstreaming strippergrams Instagram has normalized tweets sharing for all the world to see not just their family albums but intimate pictures that should be for a lover s eyes only It is little more than a platform for hard core narcissists and soft porn exhibitionists to show off President Putin waiting in vain for payoff from hacking US election America s ingenious system of checks and balances has so circumscribed Trump s Putinesque impulses that all Putin has to show for his hacking is Russia suffering even worse economic sanctions and irreparable reputational damage White supremacists rampaging in Charlottesville over Confederate statue I can think of 99 things that bother me about racism in America today but a Confederate statue ain t one Justin Gatlin spoiling Usain Bolt s swan song in 100m The look of anguish on Bolt s face when it struck him that he was going to lose rivals that look in The Scream Edvard Munch s most famous painting Priceless Fox News reckoning with scourge of sexual harassment Fox News markets itself as a Christian sanctuary in a wasteland of moral degeneracy But these scandals expose it as just a proverbial Peyton Place Athletes and CEOs snubbing Trump He is so unpopular that being invited to this White House is tantamount to being invited to a garden party by that proverbial skunk      **Police Misconduct** Cliff Roberson, 2017-02-17 This book explores the different types of police misconduct including the use of excessive force It also explores what types of officers become involved in illegal misconduct steps jurisdictions may take to prevent such problems and discusses who should police the police Also included is a historical analysis of police misconduct discussions on the legal restrictions designed to prevent police misconduct and steps that the jurisdiction may take to limit their liability Ancillary material is available with course adoption      Rise of the Warrior Cop Radley Balko, 2021-06-01 Now updated with new material the groundbreaking history of how police forces have become militarized both in equipment and mindset and what that means for American democracy The last days of colonialism taught America s revolutionaries that soldiers in the streets bring conflict and tyranny As a result our country has generally worked to keep the military out of law enforcement But over the last two centuries America s cops have increasingly come to resemble ground troops The consequences have been dire the home is no longer a place of sanctuary the Fourth Amendment has been gutted and police today have been conditioned to see the citizens they serve as enemies In Rise of the Warrior Cop Balko shows how politicians ill considered policies and relentless declarations of war against vague enemies like crime drugs and terror have blurred the distinction between cop and soldier His fascinating frightening narrative that spans from America s earliest days through today shows how a creeping battlefield mentality has isolated and alienated American police officers and put them on a collision course with the values of a free society
