Barranger,2010-07-01 As Barranger traces Crawford s career as an independent producer she tells the parallel story of American theater in the mid twentieth century making *A Gambler's Instinct* both an enjoyable and informative biography of a remarkable woman and an important addition to the literature of the modern theater *The Cambridge Companion to American Literature of the 1930s* William Solomon,2018-09-20 Offers a timely introduction to the intersection of radical politics and American literature in the period of the Great Depression **What Playwrights Talk About When They Talk About Writing** Jeffrey Sweet,2017-02-21 The art and craft of playwriting as explored in candid conversations with some of the most important contemporary dramatists Edward Albee Lanford Wilson Lynn Nottage A R Gurney and a host of other major creative voices of the theater discuss the art of playwriting from inspiration to production in a volume that marks the tenth anniversary of the Yale Drama Series and the David Charles Horn Foundation Prize for emerging playwrights Jeffrey Sweet himself an award winning dramatist hosts a virtual roundtable of perspectives on how to tell stories onstage featuring extensive interviews with a gallery of gifted contemporary dramatists In their own words Arthur Kopit Marsha Norman Christopher Durang David Hare and many others offer insights into all aspects of the creative writing process as well as their personal views on the business politics and fraternity of professional theater This essential work will give playwrights and playgoers alike a deeper and more profound appreciation of the art form they love *Theatre Diplomacy During the Cold War* William Wadsworth,Jim O'Quinn,2020-12-22 This multi volume work began as a biography of Martha Wadsworth Coigney who was a pioneering thought leader and advocate of internationalism in the American theatre during one of the most challenging periods in modern U S history Coigney served as President of the International Theatre Institute ITI from 1966 to 2011 An independent NGO ITI was devoted to the UNESCO mission of peace through mutual understanding and after World War II often single handedly sustained cultural exchange between artists on either side of the Iron Curtain across religious divides and in war zones ITI was consistently in the vanguard of UNESCO s multi lateral aim to bring all voices to the table including former colonial peoples developing nations and indigenous cultures In partnership with Rosamond Gilder and Ellen Stewart of La Mama E T C Coigney led these landmark initiatives including the representation of U S multicultural theatre leadership in Moscow in 1973 What was set in motion then is playing out today Owing to the scope of Coigney s work William Wadsworth and Jim O Quinn interviewed a wide range of her dramatist friends and professional colleagues These conversations illumined a liberal cultural epoch 1954 86 and the U S Culture Wars that followed The authors also recovered substantive original materials from Lincoln Center Performing Arts Library and the Rockefeller Archives about the life and work of Coigney her mentor Rosamond Gilder and Coigney s longtime employer the producer Roger Stevens These materials document a sustained political effort by theatre people to socialize and liberalize post WWII America For these reasons the

work became much more than the story of one amazing person. It became a living history about relations between great artists and their milieu told by the artists themselves. The Martha Coigney story has several key elements. Coigney embodied the principle of internationalism as a counterforce to nationalism and fascism. Her career is a virtual how-to manual for re-visualizing and revitalizing American theatre. Her life demonstrates the power of people-to-people diplomacy based on the principles of individual human rights as established by the United Nations, the support of artistic freedom of expression, and the concept that every policy and funding mechanism finds its essence in the individual artist. Coigney was one of the great theatre matchmakers and promoters of experimental and devised theatre work. Within this sector, she can be said to have revolutionized the theatre profession worldwide. Gilder and Coigney, in their roles at ITI, led the movement to establish international theatre festivals in Europe, the USA, and globally. Gilder and Coigney were collaborators with Roger Stevens, Donald Oenslager, Hal Prince, Nancy Rhodes, Edward Albee, and scores of other distinguished figures in the transmission of American dramatic art overseas. Coigney served as advisor to and instrument for private theatre funders determined to create a national theatre accessible to working-class citizens and the poor, an investment they believed that was necessary to US ascendancy and world peace. In this, they followed the inspiration of President John F. Kennedy, who articulated that to be influential, a great nation must have a great culture to contribute to the world.

Innovation in Five Acts Caridad Svich, 2015-07-20. Editor Caridad Svich has gathered forty-three essays from admired theater professionals that comprise a volume of inspiring and innovative techniques for creating theater. Inside are words of wisdom and advice from experienced playwrights, directors, performers, teachers, dramaturgs, artistic directors, and founders, each sharing the creative challenges and triumphs of developing original works for today's stages wherever they might be. Caridad Svich received a 2012 OBIE Award for Lifetime Achievement in the theater, a 2012 Edgerton Foundation New Play Award for her play GUAPA, and the 2011 American Theatre Critics Association Primus Prize for her play The House of the Spirits based on the Isabel Allende novel. Great North American Stage Directors Volume 2 Jonathan Chambers, 2024-01-25. This volume assesses the accomplishments of three mid-20th-century North American stage directors: Harold Clurman, Orson Welles, and Margo Jones. Though their theatre-making endeavours were distinct, each produced work that challenged preconceived notions of theatre-making while working within the structure of a company. As directors drawn to the potential rewards of collaboration, all also were keenly adept at understanding how the relationship with a company of collaborators is often marked by struggle and crisis. The essays in this volume explore how these accomplished directors not only created bold work but also drew on the complex energies of the theatre companies with which they worked to reimagine the shape and scope of theatre directing. The Great North American Stage Directors series provides an authoritative account of the art of directing in North America by examining the work of twenty-four major practitioners from the late 19th century to the present. Each of the eight volumes examines three directors and offers an overview of their practices, theoretical ideas, and contributions to modern theatre. The

studies chart the life and work of each major North American theatre director placing his or her achievement in the context of other important theatre practitioners and broader social history Written by a team of leading experts the series presents the genealogy of directing in North America while simultaneously chronicling crucial trends and championing contemporary interpretation
