Historicorum Romanorum Reliquiae

Hermann Peter

Historicorum Romanorum Reliquiae:

Historicorum Romanorum Reliquiae Hermann Wilhelm Gottlob Peter, 1914 *Historicorum romanorum reliquiae* Hermann Peter, 1914 **Historicorum Romanorum reliquiae** W. Schaub, 1993 Historicorum Romanorum Reliquiae, 1924 *Reading Romans with Roman Eyes* James R. Harrison, 2020-06-22 Paul's letter to the Romans has a long history in Christian dogmatic battles. But how might the letter have been heard by an audience in Neronian Rome? James R. Harrison answers that question through a reader response approach grounded in deep investigations of the material and ideological culture of the city from Augustus to Nero. Inscriptional, archaeological, monumental, and numismatic evidence, in addition to a breadth of literary material, allows him to describe the ideological value system of the Julio-Claudian world which would have shaped the perceptions and expectations of Paul's readers. Throughout, Harrison sets prominent Pauline themes: his obligation to Greeks and barbarians; newness of life and of creation against the power of death; the body of Christ boasting in glory and God's purpose in and for Israel, in startling juxtaposition with Roman ideological themes. The result is a richer and more complex understanding of the letter's argument and its possible significance for contemporary readers. *Historicorum Romanorum reliquiae: Veterum historicorum Romanorum reliquiae* Hermann Peter, 1870 *Veterum historicorum romanorum reliquiae* Hermann Peter, 1870 Historicorum Romanorum Reliquiae Peter, 1870 *Historicorum Romanorum Reliquiae, Vol. 2 (Classic Reprint)* Hermann Peter, 2017-06-29 Excerpt from *Historicorum Romanorum Reliquiae* Vol. 2: Sterilitate rei saepe numero deterritus fide promissae totiens retractus hoc Opus cuius priorem partem ante hos triginta sex annos in publicum edidi tandem ad finem per texui. Nimirum cum adsiduitate et constantia scriptores etiam posterioris aetatis maximeque ecclesiastici peruoluendi erant, etsi exigua spes incitabat ex his numerum fragmentorum augendi. Nam illorum studium uersandi in eis historiis quae post Augusti principatum compositae sunt legendis et tractandis praeter eas quae etiam nunc supersunt post breue tempus elanguit paulatim extinctum est. Tenuis autem sententiae paucioraque uerba quae ex illis apud ecclesiasticos seruata sunt si Augustini Varronianum exceperis raro ipso rum doctrinae debentur etiam rarius quo longiore spatio is cui debemus ab auctoribus distabat ita ut saepius per conplures manus quasi hereditate usque ad nostram memoriam propagata sint. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. **The Lost Memoirs of Augustus** Anton Powell, Christopher Smith, 2008-12-31 Augustus' Memoirs, written probably in the mid 20s BC, might have been one of the most revealing texts of Roman history had they survived. Far

longer than his surviving *Res Gestae* the *Memoirs* seem to date from a period at which the wounds of Rome's civil wars were fresh and the emperor's partisan past might be recalled with discomfort Existing fragments and testimonia have suggested that the work was apologetic in purpose In this the first ever comprehensive study of the subject a cast of internationally respected scholars reconstruct aspects of the work its importance for historians and its relation to Roman literary genre The book also contains by kind permission of Oxford University Press the fragments and testimonia of the *Memoirs* as they will appear newly edited by Christopher Smith in *The Fragmentary Roman Historians* *The Fragments of the Roman Historians* Tim Cornell, Edward Bispham, John Rich, Christopher John Smith, 2013 This title is a definitive and comprehensive edition of the fragmentary texts of all the Roman historians whose works are lost Historical writing was an important part of the literary culture of ancient Rome and its best known exponents including Sallust Livy Tacitus and Suetonius provide much of our knowledge of Roman history However these authors constitute only a small minority of the Romans who wrote historical works from around 200 BC to AD 250 In this period we know of more than 100 writers of history biography and memoirs whose works no longer survive for us to read They include well known figures such as Cato the Elder Sulla Cicero and the emperors Augustus Tiberius Claudius Hadrian and Septimius Severus Page 4 of cover **The Authoritative Historian** K. Scarlett Kingsley, Giustina Monti, Tim Rood, 2023-01-26 A series of essays exploring tradition and innovation across the full temporal range of Greco Roman historiography *The Roman Historical Tradition* James H. Richardson, Federico Santangelo, 2014 The study of Regal and Republican Rome presents a difficult and yet exciting challenge The extant evidence which for the most part is literary is late sparse and difficult and the value of it has long been a subject of intense and sometimes heated scholarly discussion This volume provides students with an introduction to a range of important problems in the study of ancient Rome during the Regal and Republican periods in one accessible collection bringing together a diverse range of influential papers Of particular importance is the question of the value of the historiographical evidence i.e. what the Romans themselves wrote about their past By juxtaposing different and sometimes incompatible reactions to the evidence the collection aims to challenge its readers and invite them to join the debate and to assess the ancient evidence and modern interpretations of it for themselves **Historicorum romanorum reliquiae**, 1914 **Historicorum Romanorum reliquiae. Volumen II** Hermann Peter, 2013-05-02 The series was founded in 1896 it is dedicated to rare Greek and Latin texts together with translations and commentaries as well as detailed introductions so rendering them more accessible to a broader readership Since 2000 the series has concentrated on Homer's *Iliad* A full commentary presenting the text of the *Iliad* by M. L. West a translation by J. Latacz and a commentary in German Since January 2007 the series is being published by de Gruyter For backlist titles please visit <http://www.saur.de/index.cfm?lang=EN&ID=0000007757> **The Political Biographies of Cornelius Nepos** S. Rex Stem, 2012-11-19 The Roman writer Cornelius Nepos was a friend of Cicero and Catullus and other first century BCE authors and portions of his encyclopedic work *On*

Famous Men are the earliest surviving biographies written in Latin In The Political Biographies of Cornelius Nepos Rex Stem presents Nepos as a valuable witness to the late Republican era whose biographies share the exemplary republican political perspective of his contemporaries Cicero and Livy Stem argues that Nepos created the genre of grouped political biographies in order to characterize renowned Mediterranean figures as role models for Roman leaders and he shows how Nepos invested his biographies with moral and political arguments against tyranny This book the first to regard Nepos as a serious thinker in his own right also functions as a general introduction to Nepos placing him in his cultural context Stem examines Nepos contributions to the growth of biography and he defends Nepos from his critics at the same time that he lays out the political significance and literary innovation of Nepos writings Accessible to advanced undergraduates this volume is addressed to a general audience of classicists and ancient historians as well as those broadly interested in biography historiography and political thought

The Art of Caesar's Bellum Civile Luca Grillo, 2012-01-19 Participating in a new wave of Caesar studies this book examines the Bellum Civile as a piece of literature written by a recognized intellectual and not simply a successful politician and general Focusing on the peculiarities of Caesar's art this reading explores the work's style rhetoric ideology and architecture

Ancient Literacy William V. HARRIS, William V Harris, 2009-06-30 How many people could read and write in the ancient world of the Greeks and Romans No one has previously tried to give a systematic answer to this question Most historians who have considered the problem at all have given optimistic assessments since they have been impressed by large bodies of ancient written material such as the graffiti at Pompeii They have also been influenced by a tendency to idealize the Greek and Roman world and its educational system In Ancient Literacy W V Harris provides the first thorough exploration of the levels types and functions of literacy in the classical world from the invention of the Greek alphabet about 800 B C down to the fifth century A D Investigations of other societies show that literacy ceases to be the accomplishment of a small elite only in specific circumstances Harris argues that the social and technological conditions of the ancient world were such as to make mass literacy unthinkable Noting that a society on the verge of mass literacy always possesses an elaborate school system Harris stresses the limitations of Greek and Roman schooling pointing out the meagerness of funding for elementary education Neither the Greeks nor the Romans came anywhere near to completing the transition to a modern kind of written culture They relied more heavily on oral communication than has generally been imagined Harris examines the partial transition to written culture taking into consideration the economic sphere and everyday life as well as law politics administration and religion He has much to say also about the circulation of literary texts throughout classical antiquity The limited spread of literacy in the classical world had diverse effects It gave some stimulus to critical thought and assisted the accumulation of knowledge and the minority that did learn to read and write was to some extent able to assert itself politically The written word was also an instrument of power and its use was indispensable for the construction and maintenance of empires Most intriguing is the role of writing in the new religious

culture of the late Roman Empire in which it was more and more revered but less and less practiced Harris explores these and related themes in this highly original work of social and cultural history Ancient Literacy is important reading for anyone interested in the classical world the problem of literacy or the history of the written word **Polybius and Roman**

Imperialism Donald Walter Baronowski, 2013-11-20 Polybius and Roman Imperialism explores in depth the complexity of the Greek historian Polybius views on the expansion of Roman power Although he considered imperialism intrinsically noble and both admired and supported Roman domination Polybius also evinced detachment from the ruling power This detachment came in different forms personal cultural patriotic and cultural In general he believed that the Romans cited morally acceptable pretexts for declaring war observed justice in other aspects of foreign policy and practised beneficence and moderation in their dealings with subject nations Even with less than half of the original text surviving the author reveals Polybius personality and political philosophy

Uncover the mysteries within is enigmatic creation, **Historicorum Romanorum Reliquiae** . This downloadable ebook, shrouded in suspense, is available in a PDF format (Download in PDF: *). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
