Leaving Paradise Jean Barman, Bruce McIntyre Watson, 2006-05-31 Native Hawaiians arrived in the Pacific Northwest as early as 1787 Some went out of curiosity many others were recruited as seamen or as workers in the fur trade By the end of the nineteenth century more than a thousand men and women had journeyed across the Pacific but the stories of these extraordinary individuals have gone largely unrecorded in Hawaiian or Western sources Through painstaking archival work in British Columbia Oregon California and Hawaii Jean Barman and Bruce Watson pieced together what is known about these sailors laborers and settlers from 1787 to 1898 the year the Hawaiian Islands were annexed to the United States In addition the authors include descriptive biographical entries on some eight hundred Native Hawaiians a remarkable and invaluable complement to their narrative history Kanakas as indigenous Hawaiians were called formed the backbone of the fur trade along with French Canadians and Scots As the trade waned and most of their countrymen returned home several hundred men with indigenous wives raised families and formed settlements throughout the Pacific Northwest Today their descendants remain proud of their distinctive

heritage The resourcefulness of these pioneers in the face of harsh physical conditions and racism challenges the early Western perception that Native Hawaiians were indolent and easily exploited Scholars and others interested in a number of fields Hawaiian history Pacific Islander studies Western U S and Western Canadian history diaspora studies will find *Leaving Paradise* an indispensable work *The Tainted Gift* Barbara Alice Mann, 2009-09-03 For the first time an accomplished scholar offers a painstakingly researched examination of the United States involvement in deliberate disease spreading among native peoples in the military conquest of the West The speculation that the United States did infect Indian populations has long been a source of both outrage and skepticism Now there is an exhaustively researched exploration of an issue that continues to haunt U S Native American relations Barbara Alice Mann's *The Tainted Gift: The Disease Method of Frontier Expansion* offers riveting accounts of four specific incidents The 1763 smallpox epidemic among native peoples in Ohio during the French and Indian War the cholera epidemic during the 1832 Choctaw removal the 1837 outbreak of smallpox among the high plains peoples and the alleged 1847 poisonings of the Cayuses in Oregon Drawing on previously unavailable sources Mann's work is the first to give one of the most controversial questions in U S history the rigorous scrutiny it requires *A Guide to the Manuscript Collections of the Bancroft Library* Dale L. Morgan, George P. Hammond, 1963 **Beyond Conversion and Syncretism** avid,, Miles Richardson, 2011-10-01 The globalization of Christianity its spread and appeal to peoples of non European origin is by now a well known phenomenon Scholars increasingly realize the importance of natives rather than foreign missionaries in the process of evangelization This volume contributes to the understanding of this process through case studies of encounters with Christianity from the perspectives of the indigenous peoples who converted More importantly by exploring overarching general terms such as conversion and syncretism and by showing the variety of strategies and processes that actually take place these studies lead to a more nuanced understanding of cross cultural religious interactions in general from acceptance to resistance thus enriching the vocabulary of religious interaction The contributors tackle these issues from a variety of disciplinary perspectives history anthropology religious studies and present a broad geographical spread of cases from China Vietnam Australia India South and West Africa North and Central America and the Caribbean *Selected Letters of A. M. A. Blanchet* Roberta Stringham Brown, Patricia O'Connell Killen, 2013-08-30 In 1846 French Canadian born A M A Blanchet was named the first Catholic bishop of Walla Walla in the area soon to become Washington Territory He arrived at Fort Walla Walla in late September 1847 part of the largest movement over the Oregon Trail to date During the thirty two years of Blanchet's tenure in the Northwest the region underwent profound social and political change as the Hudson's Bay Company moved headquarters and many operations north following the Oregon Treaty U S government and institutions were established and Native American inhabitants dealt with displacement and discrimination Blanchet chronicled both his own pastoral and administrative life and his observations on the world around him in a voluminous correspondence almost nine hundred letters

to religious superiors and colleagues in Montreal Paris and Rome funding organizations other missionaries and U S officials This selection of Blanchet s letters provides a fascinating view of Washington Territory as seen through the eyes of an intelligent devout energetic perceptive and occasionally irascible cleric and administrator Almost all of Blanchet s correspondence was in French Roberta Stringham Brown and Patricia O Connell Killen have chosen forty five of those letters to translate and annotate creating a history of early Washington that provides new insights into relationships events and personalities A number of the letters provide first hand glimpses of familiar events such as the Whitman tragedy the California gold rush Indian wars and land displacement transportation advances and the domestic material culture of a frontier borderland Others voice the hardships of historically underrepresented groups including Native Americans Metis and French Canadians and the experiences of ordinary people in growing population centers such as Seattle Walla Walla and Vancouver Wash ington Still others describe the struggle to bring social medical and educational institutions to the region a struggle in which women religious workers played a key role The letters and the editors fascinating annotations provide an engaging and insightful look at an important period in the history of the Pacific Northwest and southwest Canada
