emerged adhering to prevailing standards evidenced typically in the work of Phillis Wheatley and the sonnets of Claude McKay With the Civil Rights and Black Power movements would come iconoclastic expressions of protest and identity There is a sizeable body of literature by Black authors from Africa and the diaspora who speak to universal values and eternal verities This anthology of their work focuses on the inner life on personal development and self actualization 3000 quotations have been selected to inspire enlightenand encourage they have been arranged in 200 psycho spiritual categories and in chronological order The resulting timeline of thought in itself is useful and instructive as it demonstrates very clearly the evolution of consciousness evident in the contemporary thinking on
