Congleton, Bernard Grofman, Stefan Voigt, 2019 *The Oxford Handbook of Public Choice* provides a comprehensive overview of the research in economics political science law and sociology that has generated considerable insight into the politics of democratic and authoritarian systems as well as the influence of different institutional frameworks on incentives and outcomes The result is an improved understanding of public policy public finance industrial organization and macroeconomics as the combination of political and economic analysis shed light on how various interests compete both within a given rules of the games and at times to change the rules These volumes include analytical surveys syntheses and general overviews of the many subfields of public choice focusing on interesting important and at times contentious issues Throughout the focus is on enhancing understanding how political and economic systems act and interact and how they might be improved Both volumes combine methodological analysis with substantive overviews of key topics This second volume examines constitutional political economy and also various applications including public policy international relations and the study of history as well as methodological and measurement issues Throughout both volumes important analytical concepts and tools are discussed including their application to substantive topics Readers will gain increased understanding of rational choice and its implications for collective action various explanations of voting including economic and expressive the role of taxation and finance in government dynamics how trust and persuasion influence political outcomes and how revolution coups and authoritarianism can be explained by the same set of analytical tools as enhance understanding of the various forms of democracy **Leviathan** Clint Bolick, 2013-09-01 In *Leviathan* renowned public interest attorney Bolick describes how the unchecked growth of local governments is eroding our nation's productive vitality and threatening us with grassroots tyranny and ultimately reveals that although the rules are often rigged in favor of local governments and against ordinary citizens we

can take action to rein in these bureaucracies **Legislative Leviathan** Gary W. Cox, Mathew D. McCubbins, 1993-04-05 This book provides an incisive new look at the inner workings of the House of Representatives in the post World War II era Reevaluating the role of parties and committees Gary Cox and Mathew McCubbins view parties in the House especially majority parties as a species of legislative cartel These cartels usurp the power theoretically resident in the House to make rules governing the structure and process of legislation Possession of this rule making power leads to two main consequences First the legislative process in general and the committee system in particular is stacked in favor of majority party interests Second because the majority party has all the structural advantages the key players in most legislative deals are members of that party and the majority party's central agreements are facilitated by cartel rules and policed by the cartel's leadership Debunking prevailing arguments about the weakening of congressional parties Cox and McCubbins powerfully illuminate the ways in which parties exercise considerable discretion in organizing the House to carry out its work This work will have an important impact on the study of American politics and will greatly interest students of Congress the presidency and the political party system **The Leviathan's Lantern** Lauren Santiago, 2025-01-07 Marrowspire humanity's last city clings to the bioluminescent back of the Leviathan a colossal creature of unknown age For generations the Drifters have lived in symbiosis with the Leviathan their history lost to the ocean's depths their lives a precarious dance on the giant's breathing back Twelve year old Isska Avani a resourceful scavenger with a knack for ancient technology unearths a relic whispering of a mythical place the Leviathan's Lantern a submerged city rumored to hold the secrets of humanity's past Driven by an insatiable curiosity Isska embarks on a perilous journey into the ocean's abyss with her two closest friends Rhea Voss a Drifter with an intuitive connection to the ocean currents and Kaelen Baines a brilliant tinkerer ostracized for his unconventional ideas Together they navigate the uncharted depths in a retrofitted submersible facing shimmering forests of bioluminescent jellyfish terrifying underwater storms and the chilling wrath of mechanical sea predators Meanwhile back in Marrowspire Elder Elara Morell the city's spiritual leader views Isska's quest as a sacrilegious threat to their delicate balance with the Leviathan As whispers of dissent turn into open accusations Isska's quest becomes a race against time not only to uncover the truth but to save her city from the rising tide of fear and suspicion Within the breathtaking spectacle of the Leviathan's Lantern they discover a devastating truth the Leviathan is dying its fading light a harbinger of Marrowspire's extinction Armed with forbidden knowledge and ancient technology Isska and her friends must choose between clinging to comforting myths or facing a harsh reality Their return to Marrowspire ignites a clash between tradition and progress faith and reason as they fight to convince the Drifters to embrace a future independent of the dying god they worship Can they awaken their city to the truth before it's too late or will the Leviathan's final breath extinguish humanity's last hope [The Leviathan's Heir](#) Russell Vaughn, 2024-12-10 The sun is dying dragging the world into an endless twilight For the Meridan Empire a vast thalassocracy clinging to power survival hinges on the dim glow of harvested bioluminescence But beneath the

waves in the coral city of Avani a different kind of fear reigns the fear of losing their connection to the slumbering Leviathan a primal force whose dormant energy sustains their underwater paradise When a monstrous storm unearths the Leviathan's colossal remains young fisherman Kaelen Rhys loses everything Drawn to the skeletal behemoth he discovers a crown of woven coral and bone pulsating with otherworldly light Claiming it he unknowingly awakens a power within a terrifying transformation that marks him as the Leviathan's Heir Now Kaelen is caught in a deadly game of three powers Empress Morgan Buchanan ruler of the Meridan Empire sees him as the key to her empire's survival a living energy source to stave off the encroaching darkness Avani offers sanctuary whispering of shared destinies but their promises conceal a parasitic hunger for his burgeoning power And then there's Elina Vance a brilliant marine biologist haunted by the devastation of the ancient Leviathan War She knows that Kaelen holds the key to preventing another catastrophe but her warnings are drowned out by the Leviathan's seductive whispers As the Kraken Riders genetically modified human kraken hybrids close in and Avani's bioluminescent warriors prepare for war Kaelen must choose his destiny Will he succumb to the Leviathan's rage and reshape the world in its image Or will he heed Elina's call and find a path to balance saving a world teetering on the brink of destruction The whispers of the deep promise power but true power comes at a price

[The Leviathan's Whisper](#) Veronica Hess, 2025-01-07 In the crushing darkness of the Mariana Trench a city whispers Iridessa a marvel of bioluminescent coral and geothermal energy has thrived for millennia hidden from the surface world But the ocean keeps secrets poorly Five years after the inexplicable loss of his research vessel Dr Kael Niretti returns to the trench drawn by anomalous energy readings He seeks answers and he needs Elara Vance a cryptographer whose fascination with ancient oceanic myths borders on obsession to find them Their descent into the abyss aboard the Chimera reveals a breathtaking spectacle Iridessa a city of light in a realm of eternal night But their arrival awakens the Leviathan a colossal being of bio-engineered flesh and bone guardian of the trench and a force of nature Its awakening throws the delicate balance of the ocean into chaos Within Iridessa Councilor Valerius wrestles with the Leviathan's wrath Ancient prophecies speak of divine retribution but Kael and Elara offer a different explanation Iridessa's energy source the very heart of the planet is disrupting the delicate balance of life The Leviathan's code is not a threat but a desperate plea Trapped between ancient traditions and scientific revelations Kael and Elara race against time to convince the council that the Leviathan is not their enemy but a key to their survival They uncover a hidden archive revealing a forgotten civilization's catastrophic misuse of geothermal power a chilling echo of Iridessa's present They must re-establish a symbiotic connection with the Leviathan a connection severed by centuries of ignorance before the ocean's delicate ecosystem collapses As the council prepares for a ritualistic sacrifice Valerius faces an impossible choice uphold tradition or embrace the science of the outsiders His decision will determine not only Iridessa's fate but the future of the ocean itself Dive into the depths of [The Leviathan's Whisper](#) and uncover a world of ancient secrets scientific marvels and the desperate fight for a symbiotic future Will humanity listen to the whispers of the deep or repeat the

mistakes of a forgotten past **The Routledge Guidebook to Hobbes' Leviathan** Glen Newey, 2014-04-24 Hobbes is widely regarded as one of the most important figures in the history of ideas and political thought and his seminal text *Leviathan* is widely recognised as one of the greatest works of political philosophy ever written The Routledge Guidebook to Hobbes' *Leviathan* introduces the major themes in Hobbes' great book and acts as a companion for reading this key work examining The context of Hobbes' work and the background to his writing Each separate part of the text in relation to its goals meanings and impact The reception the book received when first seen by the world The relevance of Hobbes' work to modern philosophy its legacy and influence With further reading included throughout this text follows Hobbes' original work closely making it essential reading for all students of philosophy and politics and all those wishing to get to grips with this classic work **Green Leviathan or the Poetics of Political Liberty** Mark Coeckelbergh, 2021-05-30 This book discusses the problem of freedom and the limits of liberalism considering the challenges of governing climate change and artificial intelligence AI It mobilizes resources from political philosophy to make an original argument about the future of technology and the environment Can artificial intelligence save the planet And does that mean we will have to give up our political freedom Stretching the meaning of freedom but steering away from authoritarian options this book proposes that next to using other principles such as justice and equality and taking collective action and cooperating at a global level we adopt a positive and relational conception of freedom that creates better conditions for human and non human flourishing In contrast to easy libertarianism and arrogant techno solutionism this offers a less symptomatic treatment of the global crises we face and gives technologies such as AI a role in the gathering of a new more inclusive political collective and the ongoing participative making of new common worlds Written in a clear and accessible style *Green Leviathan or the Poetics of Political Liberty* will appeal to researchers and students working in political philosophy environmental philosophy and the philosophy of technology *Trusting Leviathan* Martin Daunton, 2001-11-01 Professor Martin Daunton's major work of original synthesis explores the politics of taxation in the long nineteenth century In 1799 income tax stood at 20% of national income by the outbreak of the First World War it was 10% This equitable exercise in fiscal containment lent the government a high level of legitimacy allowing it to fund war and welfare in the twentieth century Combining new research with a comprehensive survey of existing knowledge this book examines the complex financial relationship between the State and its citizens **Leviathan's Blood** Ben Peek, 2016-05-31 At the end of The Godless Mireea lay in ruins the dead of the city had risen as ghosts and the keepers Fo and Bau had been slain by Zaifyr The Mireeans have now fled to the city of Yeflam with the immortal Zaifyr in chains to barter for their safety With the threat of war arriving at the Floating Cities Zaifyr's trial will become the center of political games However Zaifyr is intent on using his trial to begin a new war a motive that many fear is an echo of the dangerous man he once was Ayae a young girl cursed with the gift of fire sees a chance to learn more of her powers here in the floating city but she is weighed down by her new responsibilities regarding the safety of the Mireean

people Across the far ocean exiled Baron Bueralan and cartographer Orlan have arrived in the city of Ooila with some chilling cargo the soul of a dead man As the two men are accepted into the city s court they are pulled ever deeper into the Queen s web of lies and deceit All the while a rumor begins to spread of a man who has come ashore whose seemingly innocent presence threatens them all

Drawing Out Leviathan Keith M. Parsons,2001-10-01 are dinosaurs social constructs Do we really know anything about dinosaurs Might not all of our beliefs about dinosaurs merely be figments of the paleontological imagination A few years ago such questions would have seemed preposterous even nonsensical Now they must have a serious answer At stake in the Science Wars that have raged in academe and in the media is nothing less than the standing of science in our culture One side argues that science is a social construct that it does not discover facts about the world but rather constructs artifacts disguised as objective truths This view threatens the authority of science and rejects science s claims to objectivity rationality and disinterested inquiry Drawing Out Leviathan examines this argument in the light of some major debates about dinosaurs the case of the wrong headed dinosaur the dinosaur heresies of the 1970s and the debate over the extinction of dinosaurs Keith Parsons claims that these debates though lively and sometimes rancorous show that evidence and logic not arbitrary rules of the game remained vitally important even when the debates were at their nastiest They show science to be a complex set of activities pervaded by social influences and not easily reducible to any stereotype Parsons acknowledges that there are lessons to be learned by scientists from their would be adversaries and the book concludes with some recommendations for ending the Science Wars

Abortion, Execution, and the Consequences of Taking Life James D. Slack,2017-09-08 This book focuses on the relationship between public morality and personal action in the American political community It emphasizes the responsibilities of citizens and government to find and confirm truth looking to specific sources religious scripture and empirical events Recognizing that we have a natural preference for distraction and distance from both sources of truth Slack uses qualitative open ended interviews and direct observation to uncover the intimate consequences of life taking in open societies Abortion and murder capital punishment are instances in which there is a sequence of events that result in life taking The act of murder denies the sanctity of life of someone else Abortion and capital punishment also deny the sanctity of the lives of others The intimacy of life taking is not typically acknowledged or remains hidden This makes it difficult to assess the consequences for victims survivors and the political community as a whole As a result there is only a tenuous link between public actions that question the sanctity of human life and the moral compass professed by the American democracy The volume presumes a theocentric foundation envisioned by the American Founders It explores the model s first source of truth biblical scripture as it applies to the public actions of murder abortion and capital punishment Then it investigates the intimate reality of these acts These realities are examined in a variety of settings resulting in a mosaic pattern of public action about capital punishment and abortion Slack underscores the importance of government s role of providing outward justice as well as the citizen s responsibility to be supportive of

government tasks in order to reconcile the reality of life taking with the moral compass professed in the American political community

The Phosphorescent Sea Kelsey Townsend, 2025-01-22 In a world where colossal tidal dynamos power gleaming cities and the wild ocean is tamed Calla Merrow clings to the fading traditions of analog seafaring captaining the Nautilux a ship powered by the luminescence of living algae But Calla's father Theron was more than a mariner he was the inventor of Leviathan a mechanical whale imbued with a spark of sentience powered by an energy core that could change the world When the ruthless Hydrus Syndicate steals Leviathan and Theron vanishes without a trace Calla is left with a burning need for justice and a desperate mission reclaim her father's legacy and uncover the truth Her quest plunges her into the heart of Avani a dazzling metropolis built on stilts above a churning dynamo where she forges an unlikely alliance with Elias Thorne a disgraced engineer haunted by his past and Amara an algae cultivator whose knowledge holds the key to enhancing the Nautilux's power But Amara is deeply connected to the ocean's delicate balance and fears Calla's quest will further endanger the fragile marine ecosystem Can Calla convince her to join the fight As the Nautilux sails into dangerous waters they uncover a conspiracy far more sinister than corporate greed The Hydrus Syndicate led by Elias's estranged brother harbors a chilling plan to drain the Earth's oceans and power a terraforming project on a distant planet Calla's personal vendetta transforms into a desperate race against time a fight for the very survival of Earth's oceans and all life within From submerged dynamo farms humming with stolen energy to clandestine communities of rogue mariners Calla Elias and Amara must navigate a world transformed by technology facing not only the Syndicate's warships but their own inner demons Elias confronts his past complicity Amara grapples with the moral implications of her knowledge and Calla must learn to master not only the treacherous currents but the tides of her own grief The final confrontation takes place beneath the waves in the heart of a gargantuan underwater dynamo The battle for Leviathan becomes a symbolic struggle for the soul of the ocean a clash between ecological balance and technological dominance And the mechanical whale imbued with Theron's spirit holds the key to the planet's fate Will Calla reclaim her father's legacy or will the phosphorescent seas fade into darkness forever

Leviathan R. M. Huffman, 2020-10-27 Young Noah begins a epic quest to destroy a monster and save the planet from destruction in this fantasy adventure inspired by the Bible story The Earth is cursed humans scrape meager livings from the soil and legendary beasts roam the wilderness When a fearsome leviathan threatens his homelands Noah must find a way to defeat the monster Desperate to discover its weakness he journeys to seek the aid of the half angel giants called the Nephilim Meanwhile the angelic Watchers known as the Grigori have seized the great city of Enoch and their powerful leader has become obsessed with Noah's bride to be Friendships and faith are tested and Noah is thrust into the middle of an impossible revolution against the fallen Grigori His Nephilim comrades must choose whether to fight on the side of humanity or the angels and their decision may mean the difference between the earth's salvation and its annihilation Praise for Leviathan This exciting story about the event that changed our world and the unforgettable man Noah who God used to make it come to

Playing with Leviathan: Interpretation and Reception of Monsters from the Biblical World Koert van Bekkum, Jaap Dekker, Henk R. van den Kamp, Eric Peels, 2017-01-16 Since ancient times Leviathan and other monsters from the biblical world symbolize the life threatening powers in nature and history They represent the dark aspects of human nature and political entities and reveal the supernatural dimensions of evil Ancient texts and pictures regarding these monsters reflect an environment of polytheism and religious pluralism Remarkably however the biblical writings and post biblical traditions use these venerated symbols in portraying God as being sovereign over the entire universe a theme that is also prominent in the reception of these texts in subsequent contexts This volume explores this tension and elucidates the theological and cultural meaning of Leviathan by studying its ancient Near Eastern background and its attestation in biblical texts early and rabbinic Judaism Christian theology Early Modern art and film

Secret Leviathan Mark Harrison, 2023-06-06 The Soviet Union was one of the most secretive states that ever existed Defended by a complex apparatus of rules and checks administered by the secret police the Soviet state had seemingly unprecedented capabilities based on its near monopoly of productive capital monolithic authority and secretive decision making But behind the scenes Soviet secrecy was double edged it raised transaction costs incentivized indecision compromised the effectiveness of government officials eroded citizens trust in institutions and in each other and led to a secretive society and an uninformed elite The result is what this book calls the secrecy capacity tradeoff a bargain in which the Soviet state accepted the reduction of state capacity as the cost of ensuring its own survival This book is the first comprehensive analytical multifaceted history of Soviet secrecy in the English language Harrison combines quantitative and qualitative evidence to evaluate the impact of secrecy on Soviet state capacity from the 1917 Bolshevik Revolution to the collapse of the Soviet Union in 1991 Based on multiple years of research in once secret Soviet era archives this book addresses two gaps in history and social science one the core role of secrecy in building and stabilizing the communist states of the twentieth century the other the corrosive effects of secrecy on the capabilities of authoritarian states

Crisis and Leviathan Robert Higgs, 2013-01-01

Crisis and Leviathan is Higgs masterwork on how government grows in size scope and power in response to real or imagined crises From war to economic upheavals government overreach endures long after each crisis has passed impinging on civil liberties and fostering extensive corporate welfare Few topics are as timely as the growth of government To understand why government has grown Robert Higgs asserts one must understand how it has grown This book offers a coherent multi causal

explanation guided by a novel analytical framework firmly grounded in historical evidence More than a study of trends in governmental spending taxation and employment Crisis and Leviathan is a thorough analysis of the actual occasions when and the specific means by which Big Government developed in the United States More than an abstract account it names names and highlights the actions of significant individuals The author examines how 20th century national emergencies mainly wars depressions and labor disturbances have prompted federal officials to take over previously private rights and activities When the crises passed a residue of new governmental powers remained Even more significantly each great crisis and the subsequent governmental measures went hand in hand with reinforcing shifts in public beliefs and attitudes toward the government s proper role in American life Integrating the contributions of scholars in diverse disciplines including history law political philosophy and the social sciences Crisis and Leviathan makes compelling reading for all those who seek to understand the transformation of America s political economy over the past century
